A Splendid Bill—Pass It.

Mr. Byrd, of Somerset county, introduced in the House Monday night a bill compelling all persons shipping intoxicating liquors in the State to write on the outside of the package the full name of the consignee together with the kind of spirituous liquor and the quantity.

Under the present law intoxicating liquors are shipped into prohibition counties in this state without being thus marked. By the passage of Mr. Byrd's bill it is believed the proper authorities will be able to apprehend and convict any person convicted of violating the provisions of the bill will be subjected to a fine of not less than \$100 or more than \$500.

The bill is in force in the state of Delaware, and it is giving eminent satisfaction. There is a great need for such a bill in Chestertown and Kent county, in order to break up the abominable speakeasies, and it is hoped that the Legislature will pass this bill.
