RIP VANWINKLE has just woke up. Oh! ain't it a joke? Eh?

MR. ROGER IRWIN, of Carroll county, whom Governor Crothers sometime ago appointed road engineer for Cecil county, died in the Elkton hospital on Monday of typhoid fever.

KENT COUNTY may get an additional delegate to the Maryland Legislature because of the recent census. If the population goes beyond the 18,000 mark, and it is confidently believed that it will, the extra delegate will be assured.

THE Antis and Organization forces are getting together—State's Attorney Wm. W. Beck will move over on Court street right between Hope H. Barroll, Esq., and Harrison W. Vickers, Jr., Esq. That's right. Keep a comin'.

ROAD ENGINEER GIBBS appeared before the commissioners on Tuesday and asked for authority to purchase surveying instruments and account books. He also said he desired to rent an office in Chestertown. Mr. Gibbs is making a favorable impression upon the commissioners as well as upon the people generally.

HON. WILLIAM JENNINGS BRYAN last week, just before leaving New York for Edinburgh, Scotland, where he will attend a great missionary conference, said: "A Democratic Congress elected next fall and a good record made by it would add 14,000,000 votes to the Democratic ticket in 1912." That's the truth, brother, especially when you consider the price of bacon in these days of the disreputable high tariff.

THE newly appointed board of almshouse trustees will qualify next Wednesday, June 1, and the board will be reorganized the first meeting in July. Mr. William Ford, who has made a most careful and competent superintendent for years, will be reappointed. The new members to qualify are Messrs. J. Hydie Thompson, Fourth district; George T. Hudson, Sixth district, and Thomas J. Donohoe, First district.

THE commission appointed to examine the new road to be opened in Broad Neck, which commission was composed of Messrs. Harvey Brice, Edward W. Hepbron and Charles Vickers, submitted a favorable report on Tuesday, and it is probable that the work of opening the road will shortly commence. The commission was very much pleased with the courtesy of the people of Broad Neck in offering their land and assisting in the survey of the road.

IT IS the opinion of strangers and visitors that Chestertown is the most beautiful town in the State. It is, indeed, the "City Beautiful," and everybody is endeavoring to make his home as attractive and beautiful as possible. Keep it up, and everybody co-operate with the town commissioners, and induce them to enforce all ordinances against throwing or sweeping rubbish in the streets to be blown about by the wind on Sundays.

ATTORNEY-GENERAL ISAAC LOBE STRAUS has given a decision that the Lee Primary Election Law applies to Congressional elections. This will do away with the convention system held for years past. Both the Democratic and Republican parties are required to hold their primaries the same day, to be agreed upon by the party State Central Committees. Each candidate in the primaries must pay $25 for each county in which they run, and the cost of the primaries is to be paid by each county. This means that every voter, white and black in Kent county, will have the opportunity to vote for the candidate for Congress, who heretofore has been named by delegates to a convention, usually held at Ocean City. We shall all vote for J. Harry Covington, the present incumbent, who has made one of the best representatives the First District has ever had.

A COMMITTEE of the district assessors appeared before the County Commissions on Tuesday and asked for the appointment of a clerk to the assessors in making the new assessment. The commissioners are holding the matter under consideration and may act at their next meeting. A clerk to the assessors should be appointed. The law does not compel either the general or district assessors to act as clerk, and in order that the assessment papers may be uniform throughout the whole county, and prevent the making of mistakes that are sure to occur by the assessor for each district acting as clerk, it is business economy to have one clerk for the entire county, such as Queen Annes county has employed. The commissioners should appoint a competent man to do this work—a man good at penmanship, a tax-payer, and a man in whom the people have the utmost confidence.

EARLY NEXT MONTH the Board of County Commissioners will declare their annual tax rate. Mr. Taxpayer, how much do you think it will be? It should be enough to wipe out the indebtedness of the county, and start the next fiscal year with a clean balance sheet. The present Board of County Commissioners will do a wise thing if they will place the financial affairs of Kent county on a cash basis. We shall have more to say about this, probably, when the expert accountants make their report.

MR. PHILIP G. WILMER, the retiring president of the Almshouse Board of Trustees, may have lessened the expense account during the past year by $500, which should by no means be a difficult matter. But somebody is to be censured for the extravagance displayed in the preparation of the big dinner to be given at the institution next Wednesday, for which we understand forty or fifty invitations have been issued at the expense of Kent county. A whole coop of spring chickens was purchased from a Chestertown merchant this week at *35 cents per pound* to be used at the dinner, we understand, and other things have been provided in proportion. It should be remembered that this is a dinner provided by the *old* Board of Trustees, and it is sincerely hoped that when the new Board, Messrs. George Hudson, J. Hydie Thompson and Thomas J. Donohoe, assume charge July 1, they will cut out big dinners at the expense of the county, and attend strictly to business, as we believe they will do

NEW ASSESSMENT.

The work of reassessing the real estate and personal property in Kent county will probably begin Wednesday, June 15. This is an important work for the assessors, and they have a grave responsibility on their hands. They should be no respectors of persons. It is just as imperative to assess the property of public service corporations in proportion to their value as it is to assess farm lands and live stock. The TRANSCRIPT in recent issues has pointed out the fact that the present assessment of many of our public service corporations, such as the Pennsylvania Railroad, the Western Union Telegraph, the Bell Telephone Company, the Steamboat Companies owning property and doing business in Kent county, is far below an approximate value of their property, and in order not to make an unjust discrimination it is the duty of the assessors to assess these properties in proportion to land values, that the rights of our tax-paying farmers and property owners may be protected. No attempt whatever should be made to inject politics into the assessment. The reassessment of property in this county is wholly and solely an Organization movement. Kent county could have been exempted from the bill, had the Organization forces in the county desired, and they are receiving considerable censure for not exempting personal property, especially as it has only been three years since personal property was reassessed, and if that assessment, which the Organization at the time claimed had added $700,000 to the taxable basis of the county, has ever been of any pecuniary benefit either in lowering the tax rate or lessening county expenses, the tax-payers of the county have failed to see it. Under the Organization personal property was assessed in 1907, and they claimed to have added $700,000 to the taxable basis, and yet in 1909 they were compelled to raise the tax rate from $1.12 to $1.25 in order to meet their increased expenditures. Let it be hoped that the present assessment will result in more good to the tax-payers than that of 1907. It can be made to do so if the assessors do their duty in maintaining uniformity in their valuations, and the present Board of County Commissioners so adjust the financial affairs of the county as to establish a cash basis. This can be done by declaring such a tax rate this year as will wipe out entirely the county's indebtedness, and by the time the new valuation becomes effective the commissioners may declare such a tax rate as will provide for all expenses and at the same time lessen the tax-payers' burdens. The present Board of County Commissioners is to be complimented upon the economy it has displayed since entering office. They are guarding the interests of the tax-payers zealously, and they have prevented the expenditure of any great amount of money on the roads since December 1, 1909. In the matter of reassessment the Board is in control of the situation. They are the Board of Control and Review, and if there have been any evidences of the attempt to make political capital out of the reassessment, the commissioners will not be slow in detecting it, and in calling the man, be he Organization or Anti, to account for it. The tax rate of 1911 depends not so much upon a reassessment as it does upon what disposition the Board makes of the indebtedness of the county at this time, for which the present Board is in no wise responsible. If they determine to declare such a rate on June 7th as will wipe out this indebtedness, and the taxable basis of the county is increased to any appreciable degree by the new assessment, they can declare such a tax rate in 1911 as will provide for the county expenses, and this being the case, the tax rate in 1911 should be less than $1, if the commissioners wipe out the county's indebtedness this year as we believe they will do. This is not only business, but it is economy of the right sort, and we believe the present Board is looking for this kind of economy.

Trustee's Sale
—OF A—
Fine Farm
IN THE SECOND ELECTION DISTRICT OF KENT COUNTY, MD.

UNDER and by virtue of a Decree of the Circuit Court for Kent county, Maryland, passed in Chancery Cause entitled Minnie Pennington et al, vs. Robert Pennington et al, No. 1738 Chancery, whereby the undersigned was appointed trustee to sell the real estate hereinafter described, I will offer at Public Sale in front of the Court House Door, in Chestertown, Kent county, Maryland, on

Tuesday, 28th Day of June, 1910,

between the hours of 11 o'clock A. M. and 12 o'clock noon,

ALL THAT FARM,

situated, lying, and being on the south side of the public road which leads from Galena to Chestertown at the corner of the road which leads from said road to Black's Station, now occupied by George Thomas Bramble, adjoining the lands of the Constable heirs and Mrs. W. E. Waters. This farm is known as

"The Jervis Spencer Home Farm,"

AND CONTAINS

316 ACRES,

3 Roods & 13½ Perches of Land, more or less,

according to a survey and plot thereof made by Dr. Edward A. Scott, surveyor, a copy of which plot can be seen at the office of the undersigned.

This farm is under good fencing, improved by a large and comfortable

FRAME DWELLING

The outbuildings consist of Barn, Stable, Corn Crib, Carriage House, etc., all nearly new and in excellent condition.

The dwelling is approached by a magnificent lawn finely set in beautiful choice shade trees, and the estate is one of the handsomest in Kent county.

No more beautiful Home than this has been offered at public sale in this, the richest part of Kent County, in the past 25 years.

The soil is rich medium loam with red clay sub-soil all of the finest quality. There is perhaps no farm superior to this in any part of Kent. It is especially adapted to the growth of wheat, corn, grass and fruits. Such a beautiful estate has rarely been offered on the market. It is within one mile of Black's R. R. Station and close to the village of Locust Grove. Churches, Schools, Telephone, Telegraph and on Free Rural Delivery. The State road is now being constructed past the farm. The land is in the highest state of cultivation, is of unusual fertility, and will grow under proper cultivation 30 to 40 bushels of wheat and from 80 to 90 bushels of corn.

It is the same farm which is described in the last Will and Testament of J. Thomas Pennington, late of Kent County, deceased, dated the 3rd day of July, 1908, duly executed, admitted to probate and recorded in Wills Liber J. E. M., No. 1, folios 159, etc., as on reference to same in the office of the Register of Wills of Kent County, Maryland, will more fully and at large appear.

THE TERMS OF SALE

As prescribed by the decree are: One-third of the purchase money cash on the day of sale and the residue in two equal installments payable respectively in one and two years from the day of sale. All unpaid purchase money to bear interest from the day of sale, or the purchaser may at his option pay all cash. All title papers at the cost of the purchaser. Taxes for the year 1910 will be paid by the trustee. The wheat crop and all crops on the farm except the corn crop will be reserved.

DEAR SIRS:—I am a tax-payer of Kent County. Why am I not invited to the Almshouse dinner on Wednesday? A coop of spring chickens, at 35 cents per pound, has been provided for the entertainment of the guests. Is this one of the "economies" of which the Kent News recently spoke? My suggestion is that hereafter all invited guests be required by the new board to put down $1.00 for their dinners. This will save the county the useless expense of the "eating fests" and it will at the same time be a practical demonstration of the desire of those now in power to economize. ONE OF THE UNINVITED.

In Memoriam.

To the memory of our sister, Elizabeth Hessner, who departed this life November 25th.

Day after day we saw her fade
And gently pass away,
Yet in our hearts we often prayed
That she might longer stay.

Passing onward, trusting ever,
Strong through his great love I'd be
Happy in the blest assurance
That some day in Heaven we'll meet
Our loved one and be forever blest.
