SATURDAY, FEB. 25, 1911.

WE predict Mayor Mahool's re-nomination and re-election in Baltimore by a large majority. He has made a most excellent mayor, and certainly the people of Baltimore city have sufficient civic pride to recognize Mahool's value at this time.

DR. M. BATES STEPHENS is being put forward by his friends in Caroline county as a candidate for Governor. Dr. Stephens is now State Superintendent of Education, and is a man of fine character and ability.

THIS is the Anti-Organization motto in the coming primaries—WE MUST WIN ANNAPOLIS AS WELL AS KENT COUNTY. That is the only kind of victory that will insure ECONOMY, LOW TAXES and BENEFICIAL LAWS, and that is what our people need.

A TAX RATE of $1.85 in Kent county, and from $13,000 to $15,000 added to the levy of 1911, is the issue which the Organization must explain satisfactorily to the people before they can hope to win a man on their bob-tail ticket. Can they do it? NEVER.

THE Anti-Organization Board of County Commissioners in eight months spent **$21,707.39** less than did the old board for the same length of time last year. That is the result of good business methods upon the part of those who have the welfare of the tax-payers at heart.

ONE of the almshouse trustees was in the TRANSCRIPT office this week talking to a prominent tax-payer. The gentleman said to the trustee: "I am going to Philadelphia this week to attend a luncheon to which I have been invited."

The almshouse trustee said, "Are you going to carry your lunch with you?"

"No," said the gentleman, "taxes are not so high in Philadelphia as they are in Kent, and we don't have to take our lunches there."

The almshouse trustee said, "you're lucky."

OF ALL the mortals to be pitied in this life, that mortal is the one who, when he sees anything bad, has not the moral courage either to acknowledge it, or to use what influence he has to correct the wrongs which he sees about him, and the same is true of newspapers as well as men. The easiest way in the world for a man to lose cast in a community and to cause his fellowman to lose confidence in his sincerity, is for that man to "wink at" the bad he sees in anything and to be a straddler upon all questions which pertain to the moral and political welfare of his community. May the Lord deliver Chestertown and Kent county from the baneful influence of the straddler.

ARRANGEMENTS for Kent's Harmony Dinner are progressing finely, and Senator Foxwell says he has a fine big turkey for State's Attorney William W. Beck to eat when he gets good and ready, and Charles T. Miller is getting those oysters in fine shape for Romie Skirven, and James G. Harris will serve up delicious peaches and cream to appease Harry Redmile's appetite for office. Senator Foxwell will feed his turkey on corn to keep him from tasting grassy, and Charles Miller will have to can his oysters, as it is stated that the dinner is not to be held until August—an off-month for turkeys and oysters—but Jim Harris' peaches will be right in their glory, and the cream will be rich and golden. Come in, boys; the water's fine.

MR. TAX-PAYER and Voter, can't you see why the Organization forces want to nominate the senator and delegates to the legislature, and don't you understand why they are not going to make any fight for the county offices? Get busy and begin to think about this, for they can hurt you just as much in the legislature as they have done in the county. If their obnoxious laws passed in 1910 can make you pay from $13,000 to $15,000 unnecessarily in 1911, their efforts in 1912 can make you pay just as much and more in 1913. What is done at Annapolis can harm the tax-payers just as much as what is done in the court house and if they acknowledge they have no chance with the county offices, why should they be given a chance to go to Annapolis to make laws that are of no benefit to the tax-payers?

OVER in Queen Annes county it is reported that good farm land, desirably situated, is being assessed at $16 an acre, which is regarded as being in sharp contrast to the assessment in Kent where the same kind of land desirably situated is being assessed from $30 to $40 an acre. It should be remembered that one of the chief objects in this assessment business is to provide more State tax to be spent on good roads, which are of very little benefit to the vast majority of the tax-payers, as they are now being constructed. It is unjust that one county should be required to pay more State tax than another on the same kind of land, and yet it looks like such will certainly be the case if some counties' assessment is to be very low and others very high. We shall have more to say about this as-

THE attack of the Postoffice Department of the United States Government upon a number of the leading magazines of the country because of their exposure of the misdeeds of the Republican party is one of the greatest thrusts at the liberty of the press which has been attempted in modern times. One of the greatest principles in our constitution is the freedom of the press, and any attempt to curtail this freedom because these magazines seek to inform their readers of the wrongs in our body politic, is an effort which the people of this free country should not allow for one moment. The press is one of the greatest moral forces in this country, and any attempt to throttle its voice, especially when used in righting wrongs that exist, is a blow to one of the most vital forces in our government. We trust that our senators and representatives in Congress will use every effort to suppress such an injustice.

IF YOU want to know the absolute truth as to why taxes are so high, and who it is that is practicing real economy, read the article in the People's Column this morning by Hope H. Barroll, Esq. This article is thoroughly in keeping with the arguments advanced by the TRANSCRIPT from time to time, and shows an astonishing difference between the methods of the Organization and Anti-Organization Boards of County Commissioners in transacting the tax-payers' business. Mr. Barroll will write a series of short articles bearing on the reason for high taxes, and we can assure our readers that they will be to the point and interesting reading. What a splendid thing it is for the people of this county that we have a man like Mr. Barroll, who is willing to take the time from a great law practice to explain to the tax-payers what is to their interest. Mr. Barroll is a business man in whom the people have the highest confidence, and for this reason what he writes will undoubtedly have great weight with the people.

DON'T BE FOOLED, MR. TAX-PAYER.

A prominent politician who has been watching the course of events in the county and who enjoys the confidence of the Organization forces stated last week that the Organization has not the slightest hope of nominating a *single* man on their ticket but one. And from what we gather from all parts of the county they haven't got a ghost of a chance of nominating even that one. The Organization faction of the party has lost the confidence of the voters of the county because of their extravagant conduct of the county's financial affairs, and because of the passage in the last Legislature of laws that directly affect the pockets of tax-payers, and which will add thousands of dollars to this year's levy which should never have been placed there. The people know this, and the Organization leaders know they know it, and in order to fool the people again they are going to make a desperate effort to nominate a senator and delegates. What for? To pass laws to embarrass the Board of County Commissioners as they have already done, and to retain their prestige with the State Organization. The people of this county must not be fooled by the plea that it is the best thing to divide the offices among the two factions, to give the Antis the local officers and the Organization the senator and delegates to the Legislature. This is what caused the trouble before. This is what gave the people a farcical road law, the law for indexing the records in the clerk's office, the fur buying law, and their assessment law, which will not benefit the tax-payers one penny. This is what caused from $13,000 to $15,000 to be unnecessarily added to the levy of 1911, and this is why the Organization is so anxious to get the senator and legislaturemen to tie the hands of those who would give and as a matter of fact are giving so far as they are unhampered, an economical administration of the county's affairs. Don't be blinded to the real motive behind the desire to send a lawyer and somebody who can make a speech to the senate. That is not the motive. They want the senator and the legislaturemen in order to enable them to retain control of the roads of the county and the state appointments, and just as certain as the Organization forces are allowed to nominate the senator and delegates to the legislature just so certain will the people of the county have the same embarrassing conditions to contend with as they have had for the past two years. The safest way for the people to do is to nominate a straight Anti-Organization ticket. Don't divide the ticket by giving the Organization the legislative candidates and the Anti-Organization the balance of the ticket. Give the Anti-Organization *all*, because they will give the tax-payers the best administration of their county affairs, and will pass only such laws as will be beneficial to the people at large.

For Catching Small Fish.

The existence of the law defining the size of fish that may be taken in any manner from the waters of Maryland was made known on Thursday when Deputy Game Warden Jacob Wilbur arrested a fisherman for catching undersized fish. The fisherman was given a hearing and fined $25 and costs. This is the first arrest, so far as we are aware, for a violation of this law, and for fear that any of our fisherman may get in trouble again, we publish that section of the law which applies to the case. It is said that the game wardens have instructions to enforce this law with vigor, as there is a determination on the part of the State Fish and Game Protective Association to protect the fishing industry and stop the almost wholesale slaughter of small fish. The section of the law is as follows:

Section 79. No person shall catch or in any manner take or kill in water of Maryland, at any time, any white perch less than 7 inches, any yellow perch less than 7 inches, and pike less than 14 inches, any rock less than 10 inches, any tailor less than 8 inches, or white catfish less than 7 inches, or any sturgeon weighing less than 20 pounds or any rock weighing over 20 pounds in the spawning season of April, May and June. (Haul seines excepted between April 1st and June 12th).

Mr. Caples, an up-the-river fisherman, was also arrested by Mr. Wilbur for having undersized fish. He was acquitted by Justice Loud on Friday.

We shall explain the arrest of the above fisherman more fully next week.

P. O. S. of A.

Camp 70, in the town of Worton, one of the garden spots in Kent, was largely attended last Thursday evening; State president J. Mc. Rochester, Thos. Dewberry, Fred Kinsie and Dist. Pres. Wm. B. Coleman, were gladly received. Three candidates were initatied into the mysteries of the Order, and more to ride the goat next meeting night. The newly elected officers were installed into their respective offices by the District President, which gave inspiration to imitate the life of Washington, the father of their beloved country. Pres. Rochester, Bro. Dewberry and the Dist. President made short talks on Patriotism, the love of country that makes the world of kin and unites men into one great family, a mighty union, a fraternal chain that has no end and blooms with joy and prosperity. Brothers of Worton, well should you be proud of the P. O. S. of A. in your beautiful town. D. P.

NUPTIAL EVENTS.

LOUD—ANDERSON.

In Calvary Episcopal Church, Wilmington, Del., on Wednesday, Miss Elise Anderson, daughter of Mr. and Mrs. W. J. Anderson, of 210 North Harrison street, and Mr. John W. Loud, of Wilmington, were married by Rev. J. R. Peckham. The bride was attended by her sister, Gertrude, and the groom by Harry H. Prettyman. Only the immediate families and a few near relatives were in attendance. After the ceremony the bride and groom left for an extended trip north. Mrs. J. C. Loud, mother of the groom, attended the wedding from Chestertown.

PEOPLE'S COLUMN.

MESSRS. EDITORS OF THE TRANSCRIPT—Gentlemen:—There has recently been so much talk about high taxes that it would seem proper at the present juncture to inform the public how the administration of the county's finances, by the present or "People's Board" of County Commissioners, compare with the expenditures made by the preceding or so-called "Organization Board." For this purpose I requested Mr. Samuel Hicks, the clerk to the County Commissioners, to give me the amount which was spent by the "Organization Board" of County Commissioners from June 14th, 1909, to February 8th, 1910, and also to furnish the amount which was spent by the present board from June 7, 1910 (the date of the last levy), to Feb. 8th, 1911, and to state the interest spent by each of these Boards of County Commissioners—which interest the tax-payers have to foot.

Below is Mr. Hicks' letter, which speaks for itself:

DEAR SIR:—Your letter received asking for the amount of money spent from June 14th, 1909, to Feb. 8th, 1910.

This amount was	$82,814.14
Interest on same was	3,348.26
The amount spent from June 7th, 1910, to Feb. 8th, 1911, was	$63,298.50
Interest on same	1,156.51

This last interest, $1,156.51, included in it $366.67 interest on the $4,000 due the School Board, which $4,000 the old board did not pay but left for the present board to shoulder.

Respectfully yours,
SAMUEL HICKS, Clerk.

The tax-payers can see the difference between the amount spent by the present Board of County Commissioners and that spent by the "Organization Board." Is it not easy, with this showing, to understand how the taxes next year promise to be so much less than they are the present year?

In order that one at a glance may see this difference I have tabulated it below:

"Organization Board" spent in less than 8 months, June 14th, 1909, to Feb. 8th, 1910, including interest	$86,162.40
"People's Board" has spent in just 8 months from June 7th, 1910, to Feb. 8th, 1911, including intereset	64,455.01
Saving in 8 months by the "People's Board"	**$21,707.39**

Is it any wonder the people of this county, especially the tax-payers, determined to place their affairs in the hands of men who would practice, rather than prate, "Economy?"

If any persons doubt the accuracy of these figures they are invited to inspect the books in the County Commissioners' office which will verify these statements.

Very respectfully yours,
HOPE H. BARROLL.

Betterton Notes.

The boats are running on their schedule time.

Some of our boys went down the bay Tuesday rock fishing.

The people who did not get their ice houses filled are taking advantage of the last freeze.

Bros. Gallaway and Beauchamp are holding extra meetings.

Capt. Horace Brice and wife have returned from their annual trip, having visited Baltimore, Philadelphia and New York.

Capt. G. W. Moore and wife have returned from a visit to their son, Mr. G. Herbert Moore, Baltimore,

We are sorry to learn of Mrs. G. E. Owens illness, and wish for her speedy recovery. We have sadly missed Brother Owens in the meetings, as he is always faithful and loyal to church work.

We Have One Nice Large Mare

FOR SALE. She is 12 years old, pulls anywhere and is a right fair driver. Mr. James Bramble has her colt, which sold for $200. Raised by Mr. Geo. Faulkner, at Fairlee. The reason for selling is because I have too many. Will sell her at a reasonable price on a note for twelve months.
