Dont Wait for the Fatal Stages of Kiney Illness. Profit By Chestertown People's Experiences.

Occassional attacks of backache, irregular urination, headaches, and dizzy spells are common early symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but return with greater intensity. If there are symptoms of dropsy—puffy swellings below the eyes, bloating of limbs and ankles, or any part of the body, don't delay a minute. Begin taking Doan's Kidney Pills, and keep up the treatment until the kidneys are well, when your old time health and vigor will return. Cures in Chestertown prove the effectiveness of this great kidney remedy.

Mrs. Albert Rawleigh, Calvert St., Chestertown, Md., says: "I know what Doan's Kidney Pills will do and can recommend them. A member of my family suffered from kidney trouble. There was sediment in the kidney secretions and the passages were too frequent He had pains through his back and kidneys and was dizzy. Doan's Kidney Pills were finally procured from Toulson's Drug Store and they made him well."

THE SLIM CONGREGATIONS.

How many pastors there are who will look over their congregations today with more or less of a feeling of despair! These will be the pastors who will not find awaiting them large congregations making up the bulk of their membership. Instead they will cast their eyes over the auditoriums and will miss here and there the features of those who they hoped would be present and for whose absence they can see no excuse. Those members who thus disappoint their pastors make the slim congregations. They are light-hearted and unconcerned about their own absence, and either do not appreciate the seriousness of the void thus created or they do not care. In any case, it is due to want of thought rather than want of heart. They do not seem to realize that they are discrediting their pastors and that they are discounting their church and that they are adding to the volume of the query as to the cause of the slim congregations. That they are creators of a grave problem in modern church life does not occur to many of the church members upon whom the duty of attendance sits lightly and who never apply to themselves the exhortation of Paul not to neglect the assembling of themselves together as the manner of some is.

If the preachers of to-day are sometimes a bit prosy, so was the magnetic and mighty Paul, the man of the flaming tongue, and the eloquence that has thrilled the world; for when Paul upon one occasion was long preaching a young man fell from a loft where he had been sitting and got very close to the other world, only the particular agency of Paul being sufficient to bring him back to life again. In these times no one would advocate the long sermon, but a sermon is never long if it holds interest. Unfortunately, the average congregation cannot have its interest sustained very long, and it is equally true that the average minister in the regular ministrations to his flock cannot preach so as to sustain interest for a long time.

The cause for the slim congregations must be sought outside the church rather than in it. There is more high-class preaching and more popularization of pulpit themes than ever before in the history of preaching. Yet the congregations are often slim. Dr. Washington Gladden, of the First Congregational Church of Ohio, has found this to be the case. In retiring from the charge where he has ministered long and faithfully, and which he has honored by an exceptional personality, as well as intelleculality that has made him a leader in many line of religious and social advance, he says he hardly knows to what to attribute the meager attendance of the members of his church. He sees they have for some reason formed the habit of church neglect. The situation that is thus presented to the author of the famous phrase "Tainted money," in relation to the Rockefeller millions, is one that grieves many pastors and causses wide concern.

However, the problem of the slim congregation does not seem to be either mysterious or ineradicable. It is useless for individual pastors on their own account to seek to combat the tendency where it has set in. Fortunately, congregations differ, and the problem of the small congregation is not yet a pronouncedly general condition, grave as are its actual aspects. The cause for the condition lies in the failure of the church to wake up to the tendency until the condition has become settled. With the change of times and the inducements to Sunday recreation, the churches should have taken in hand the rising generation and made mandatory upon it the necessity for regular church attendance.

It is now a question as to whether the denominations will not find it necessary to declare a position in cemmon upon this subject and at the sacrifice of some of their members place regularity of church attendance upon a footing of mandatory requirement. If this could be done by a common expression through the general bodies of the churches, acting in connection with a general interchurch commission, which would promulgate an expression upon the subject, the sanctity of worship and the necessity for its honoring would be brought forcibly to the minds of all church members. The churches might loose many whose vitality of faith would be too weak for them to stand the strong meat, but the salvation of the situation would be wrought out through the children. By all denominations making this an imperative matter and inculcating in their growing youth zeal for the sanctuary, the problem of slim attendance would be solved. The condition has not been without its benefits in awakening preachers to the necessity to do more than perfunctorily to preach, to preach vitally and interestingly and to do earnest pastoral work.

PROCLAMATION

Publication of Proposed Constitutional Amendments.

Whereas, At the January Session of the General Assembly of Maryland, held in the year of our Lord, Nineteen Hundred and Ten, three Acts were passed, one proposing an Amendement to Article 1 of the Constitution, by adding thereto a Section to be known as Section 8; one proposing an Amendment to Section 2 of Article 3 of said Constitution, and one proposing an Amendmen to Section 4 of Article 3 of said Constitution, said Acts being respectively Chapters 253, 303 and 318 of the Acts of the General Assembly of Maryland of 1910, and which are in the words following, to wit:

CHAPTER 253.

An Act to propose an Amendment to Article 1 of the Constitution of this State by adding thereto a new Section, to be known as Section 8, to follow Section 7 and to provide for the submission of said Amendment to the qualified voters of this State for adoption or rejection.

Section 1. Be it enacted by the General Assembly of Maryland (three-fifths of all members of each of the two houses concurring), that the following section be and the same is hereby proposed as an amendment to Article 1 of the Constitution of this State, which said section, if adopted by the qualified voters of this State, shall stand as an additional section to said Article 1, to be known as Section 8, to follow Section 7, of said Article.

Section 8. All State and municipal elections shall be conducted by the system commonly known as the Australian Ballot System, and it shall be the duty of the General Assembly to provide by law for a form of ballot, uniform throughout the State, for use at all State elections in this State, and provide that on said ballot after the name of each candidate thereon who may have been duly nominated as the candidate of any political party or organization, there shall be printed the legal name of said party or organization; equal representation of the minority party among the judges and clerks of election registers or other officers performing similar functions shall not be abolished by the General Assembly unless by a vote of four-fifths of all the members of each house.

The right to be registered as a qualified voter and the right to vote at any State or municipal election in this State shall be limited to the following persons:

First: Every male white citizen not disqualified by the Second or Third Sections of this Article, possessing the qualifications as to age and residence mentioned in Section 1 of this Article.

Second: Every other male citizen not disqualified by the Second or Third Sections of this Article possessing the qualifications as to age and residence mentioned in Section 1 of this Article, who at the time of his application for registration is the bona fide owner of real or personal property, or both, in an amount of not less than five hundred dollars, is assessed therefor on the tax books of the City of Baltimore or of one of the Counties of this State, has been such owner and so assessed for two years next preceding his application for registration, shall have paid and shall produce receipts for the taxes on said property for said two years, and shall at the time of his application make affidavit before the officers of registration that he is the bona fide owner of the property so assessed to him and that he has been such owner for two years next preceding his application.

If any person other than those herein mentioned shall be or become legally entitled to be registered as voters at State Elections in this State, then this section shall be null and void and the General Assembly shall possess the same powers as if this section had never been adopted, and the laws of this State, including the local laws applicable to certain counties thereof, relating to the form of ballot to be used at elections, in force on the first day of July in the year nineteen hundred and ten, shall revive or continue in force until altered by the General Assembly notwithstanding any Acts to the contrary which may have been passed while the terms of this section shall have been in force or while the General Assembly shall have believed or assumed the provisions of this section to be valid.

Section 2. And be it further enacted, by the authority aforesaid, that the aforesaid section hereby proposed as an Amendment to the Constitution shall be at the next General Election held in this State, submitted to the legal and qualified voters thereof for their adoption or rejection, in pursuance of the directions contained in Article 14 of the Constitution of this State, and at said General Election the vote on the said proposed Amendment to the Constitution shall be by ballot, and upon each ballot shall be printed the words, "For Constitutional Amendment" and "Against Constitutional Amendment," as now provided by law, and immediately after said election due return shall be made to the Governor of the vote for and against said proposed Amendment, as directed by said Fourteenth Article of the Constitution.

Approved Apr. 11, 1910.

President of the Senate.
ADAM PEEPLES,

Section 1. Be it enacted by the General Assembly of Maryland, three-fifths of all the members of each of the two Houses concurring, that the following section be and the same is hereby proposed as an Amendment to Section 2 of Article 3, title, "Legislative Department," of the Constitution of this State, and if adopted by the legal and qualified voters thereof, as herein provided, said section shall supersede and stand in the place and instead of Section 2 of Article 3 of the Constitution of Maryland.

2. The City of Baltimore shall be divided into four Legislative Districts as near as may be of equal population and of contiguous territory, and each of said Legislative Districts of Baltimore City, as they may from time to time be laid out, in accordance with the provisions hereof, and each county of the State, shall be entitled to one Senator who shall be elected by the qualified voters of said Legislative Districts of Baltimore City, and of the counties of the State, respectively, and Baltimore City shall be entitled to two additional Senators, who shall be elected at large, by the qualified voters of the said City, and all of said Senators shall serve for four years from the date of their election, subject to the classification of Senators hereinafter provided for.

Section 1. Be it enacted by the General Assembly of Maryland, three-fifths of all the members of each of the two houses concurring, that the following section be and the same is hereby proposed as an Amendment to Section 4 of Article 3, title "Legislative Department," of the Constitution of this State, and if adopted by the legal qualified voters thereof as herein provided, said section shall supersed and stand in the place instead of Section 4 of said Article 3 of the Constitution of Maryland.

4. As soon as may be after the taking and publishing of the National Census of nineteen hundred and ten, or after the enumeration of the population of this State under the authority thereof, there shall be an apportionment of representation in the House of Delegates, to be made on the following basis, to wit:
