Mr. F. T. Perry, of Barclay, Md., says of the one he bought of us last fall:

Drinking Fountain Donated.

A public spirited citizen, who does not care to have his name mentioned at present, has very generously signified his willingness to donate a fine drinking fountain to the town to be used as a fountain for watering horses, provided the Water Board will allow the use of the water for this laudable purpose. 'Tis needless to say that the Water Board has unanimously agreed to do this and the fountain will be installed on one of the squares in a convenient place very shortly. We are quite sure that the people of the town will greatly appreciate this generous gift.

In response to the statement made last week in the TRANSCRIPT many of the farmers around Lambson's Station are employing Dr. G. Allen Jarman to immunize their hogs against cholera with serum.
