DORCHESTER'S Boss Goldsborough is for Boss Billy Stone, and Boss Billy Stone said it must be Boss Goldsborough. The people had no say whatever in that nomination.

IT IS SAID that more than $40,000,000 in profits will flow into the treasury of the sugar trust due to the rise in price to 8 cents a pound. The people of this country are being made to pay the fines which the United States Government recently imposed upon the sugar trust, and also for the protection which the Republican party furnishes the trusts. This is Republican Economy with a vengeance.

SENATOR GORMAN'S speech accepting the nomination for Governor on Tuesday was a knock-out blow to the Republicans. It was the most convincing, convicting and complete speech that has been made for years, and has given the Democratic candidates and the Democratic party a big boost in this campaign. Is anybody afraid to trust Gorman after such a manly and straightforward pledge as he gave the people on Tuesday? We know Senator Gorman to be a man of his word, and when he says a thing sincerely he means it, and admittedly a politician, he is loyal to the utmost to his friends. We have no fear whatever that he will not make an excellent Governor.

KENT COUNTY must give the Democratic State and local ticket a big majority in November, and for this reason both factions are together working for that purpose. It is not likely that there will be any opposition to the local ticket, but the Republicans will bend their energies towards carrying the county for Goldsborough. It therefore behooves every democrat to put on his working clothes and get busy about the registration and other important work that will insure a great victory for the Democratic ticket in the fall. It would be an excellent idea for the State Central Committee to arrange a meeting of Democrats in each district and precinct in the county in order that some effective work may be done on registration and revision days. We hope the State Central Committee will act upon this suggestion and arrange these meetings at once, and from now on let's do everything we can to elect the Democratic ticket.

IF YOU remember the extravagance of the Republican party during its one administration of State affairs from 1896 to 1900, during the Lowndes term, the extravagance of the national Republican party in creating thousands upon thousands of useless jobs for their political henchmen in the national government, the protection which the Republican party has given to the iniquitous trusts to take money out of the people's pockets, and to make the cost of food products so high as to make it burdensome for most of the laboring classes to live, and last but by no means least the extravagance of the local Republican party when from 1895 to 1903 they ran the county tax rate up from 92 cents to $1.35, how can you have any faith in their pretences to economy now that a Governor is to be elected? The history of the Republican party in the nation, state and county has been and is directly opposed to economy and low taxes, and the man who votes the Republican ticket this fall believing that is the best way to improve conditions will be a badly fooled man.

BRAMBLE WINS NOMINATION.

Chief Judge James Alfred Pearce heard arguments of counsel in the mandamus proceedings in the election case of Bramble vs. Nicholson on Saturday morning. This case grew out of the recent primary election in which Mr. Bramble, Anti-Organization candidate for judge of the Orphans' Court, and Mr. Nicholson, Organization candidate for the same office, each received 1084 votes. The question involved in this case was whether or not under the present primary law a tie vote constitutes a vacancy on the ticket, and whether the State Central Committee elected at the recent primary had the authority to order the Supervisors of Election to place the name of Mr. Bramble on the ticket. Judge Pearce, in a carefully prepared opinion, decided that a tie vote created a vacancy on the ticket because the voters in the primaries had failed to nominate a third candidate for Judge of the Orphans' Court, and that the State Central Committee elected in the primaries of August 29th last are the duly constituted authority under the law to order the name placed upon the ballot to fill the vacancy. Mr. Bramble's name will therefore be placed upon the ticket in the November election by order of the newly elected State Central Committee, unless the Court of Appeals reverses the decision of this court, as counsel for the Supervisors of Election, Mr. Lewin W. Wickes, has noted an appeal from the decision of this court.

THE REPUBLICANS are endeavoring to make it appear that there is great dissatisfaction among the Democrats with the ticket nominated in the recent primaries. Well, Senator Lee, the defeated candidate, made a rousing speech in Frederick on Saturday last in favor of Senator Gorman's election, and urged all Democrats to work and vote for the success of the ticket. You don't hear a word about any dissatisfaction except from Republican papers and Republican leaders, and the Republican candidates are endevoring to put ginger in their campaign by trumping up a forlorn hope that there is trouble among the the Democrats. The Democrats had their differences in the primaries. Boss Billie Stone, the head, neck and shoulders of the Republican party, wouldn't give the Republicans any chance to have any differences in the primaries because he feared the negro voters whom he depends upon to elect his self-appointed candidates. As a consequence of the recent primary the Democrats are harmonious, and are already at work for the success of the State ticket, while under the surface, the great bulk of the Republican vote in the State is sore because it was not given the right to express any choice in the recent primaries, nor did they have any "say" in the recent notification of the "Boss" made candidates for Governor, Comptroller and Attorney General. The great mass of negro voters, who heretofore have done the will of their bosses, are treated like so many sheep by their masters, and as in the days of slavery, they are made to do the will of their white masters in politics just as they did as slaves. Shall a party which depends for its success and strength upon a class of voters like this be the rulers and law-makers of the great body of white citizens of this State? That is the great question confronting the voters in this election. Vote the Republican ticket and you vote to increase the negro's power in Maryland, and to return to the days of 1896, when everybody knows the conditions which existed throughout the entire State.

PEOPLE'S COLUMN.

TO THE EDITORS OF THE TRANSCRIPT.
—My attention has been called to the last two issues of your paper in which you state that I have made no effort to assist in the recount of the ballots in the case of Mr. Foxwell against me, and that my nomination was tainted with fraud and deception.

I think it is needless for me to say that I would not accept any office in the gift of the people that was not absolutely free from any suspicion of fraud or trickery.

The case of Mr. Foxwell against me, petitioning the court to re-open the ballot boxes, was filed in the clerk's office and decided by the court while I was from home, and without my knowledge that such a thing was contemplated.

I was never summoned in this case, did not answer the petition and never had any counsel to represent me. In fact this case was never defended by me either personally or by counsel.

The court voluntarily dismissed the petition and the amended petition of Mr. Foxwell without my knowledge that the case had ever been brought before this court.

Every lawyer knows that if Mr. Foxwell and myself enter into a written agreement to have the ballot boxes opened, the court could not grant it, because there is not any authority giving them the right.

Below is the opinion of Mr. Straus the Attorney General and also a letter-form Mr. Barroll to me to the same effect.

Baltimore, Md. Sept. 19, 1911.
Honorable William W. Beck,
States Attorney for Kent county,
Chestertown, Md.

DEAR MR. BECK—Replying to your inquiry whether an agreement between you and Mr. Foxwell, your opponent in the recent primary election for the nomination for State Senator, to the effect that the circuit court for Kent county shall open the ballot boxes and count the ballots in said primary election, can confer jurisdiction upon the court to open the ballot boxes and count the ballots, I beg to express the opinion to you, that in my judgment, such an agreement cannot confer any such jurisdiction upon the court, and that it would be ineffective and void, so far as concerns the end in view.

As I understand that you desire to have my opinion in this matter as promptly as possible, I am not stopping to state my reasons for the view above expressed.

If you wish me to do so, hereafter, I shall be very glad to state and forward such reasons to you.

Very respectfully yours,
ISAAC LOBE STRAUS,
Attorney-General.

Chestertown, Md., Sept. 18, 1911.
WM. W. BECK, ESQ.,—Dear Sir—In my opinion I beg to say that if you were to enter into a written agreement with Senator Garrett Fovwell to reopen the ballot boxes and count the votes at the recent primary, this would not give the court the power to open the boxes and recount the ballots.

Very truly yours,
HOPE H. BARROLL.

I also want it to be known to the people of this county that not one dollar was used by me or my friends to purchase one doubtful voter, and not one cent was used illegally in the recent primaries. There was not one dollar sent to Rock Hall or any district either on the day of the primaries, before or since.

It is therefore impossible for me to assist in any way for the reopening of the ballot boxes and while opinion might honestly differ as to correctness of the count, I personally have no doubt that the judges and challengers performed their duty to the best of their ability and acted and decided as their conscience dictated.

Respectfully yours,
WM. W. BECK.

[We desire to state that the editors of the TRANSCRIPT are not versed in legal procedure. Had they been their statements made in last Saturday's editorial in reference to the matter may have been more in keeping with the rules of law. We are perfectly willing to abide by the decision of the Court of Appeals, and if Mr. Beck is declared the winner in this contest, he will have the hearty support of the TRANSCRIPT and its friends in the election.—EDS.]

THE GRIM REAPER.

MRS. SARAH ANNE AYRES.

Mrs. Sarah Anne Ayres, probably the oldest resident of Rock Hall, died on Monday, aged 86 years. A remarkable coincidence in connection with the death of this most estimable lady is that she was probably one of the progenitors of one of the largest families in Kent county. She leaves 8 children, 30 grandchildren, 38 great-grandchildren and 6 great-great-grandchildren. Mrs. Ayres was known and loved by a host of friends, and was for years actively identified with the Methodist Episcopal Church of Rock Hall. Funeral services were held Monday morning at 10.30 A. M. conducted by Rev. L. P. Corkran, pastor Rock Hall M. E. Church. The pall bearers were six of his playmates.
