LOCAL MATTERS

Registration Days.—Registration Days this year are Tuesday, October 3rd and Tuesday, October 10th. On Tuesday, October 17th, the Boards of Registry will sit for revision only and no new names can be added to the list of qualified voters that day.

All Interested, to Meet.—All persons of Kent and Queen Anne's counties who are interested in the establishment of an agricultural fair in Chestertown are requested to meet in Stam's Hall on Wednesday afternoon next at 2.30 o'clock for the purpose of discussing plans of organization, distribution of capital stock etc. An option on 30 acres of Mr. Walter Wright's farm has been secured, and plans for buildings etc., with their appioximate cash have been arranged. Come and bring your friends.

NEWSY GLEANINGS.

Broom corn is said to be selling for $160 a ton. Can it not be grown successfully in Kent?

Mr. Leonard Turner, on the Sutton farm at Black's had a valuable horse very badly cut by contact with a randall harrow on Monday.

The Eliason office of High street next door to the Kent County Savings Bank has been rented by Mrs. Wm. T. Duyer, who will open a millinery store.

Mr. Louis Deckelman, who has kept a clothing and millinery store in the Bradley building for several years, has applied for the benefit of the bankruptcy laws.

Work of laying gas mains in the town was resumed on Monday morning, the promoters having adjusted their case with the Public Utilities Commission.

Miss Mary Parsons, of near Worton, has accepted a position as saleslady in Wm. Medders & Co's. big department store at Still Pond vice Miss Edna Wroth resigned.

An important change in schedule of the Chester River Line of the Maryland, Del. & Va. Railway Company takes effect on Monday. Steamer leaves at 8 A. M. instead of 7 A. M.

This week has about wound up the tomato crop in this county. The heavy rains have played havoc with the crop, and there has been much loss to the farmers due to the rotting of the fruit.

To-day is the Jewish New Year. It is the most solemn occasion to the Jews of all the days in the year, and the occasion is being rigidly observed all over the world to-day. It is the year 5672 in the Hebrew calendar.

For the first time for many summers the grass on lawns and front yards in Chestertown has remained green and fresh during the months of August and September. This is due to an abundance of rain practically all summer.

A gentleman from Baltimore, who had been cruising in Chester river waters, one day last week caught seventy-five rock weighing from one to three pounds with hook and line off Indiantown, opposite the Cliffs.

Robbins circus drew a big crowd to town on Thursday and as usual the performances were full of thrilling and attractive features. This is one of the cleanest and best shows on the road, and the managers are as courteous as you could wish.

There is a dangerous hole in the road leading from Fancy school house through the Eliason farm, and unless it has been filled a horse is liable to get his foot in it, and injure itself. The attention of the road engineer is called to the matter.

Mr. Thos. S. Bordley & Son, moved into their handsome corner store property last week. The store is very handsome, and presents a splendid appearance. The firm wants you to call and inspect its line of fine samples for fall and winter clothing.

Rev. Mr. Metzger, who owns a famous duck farm near Hagerstown, has recently lost 7,000 young ducks out of a flock of 10,000, the loss being estimated at $10,000. The ducks were affected by a disease known as "limber neck," and it is believed that Mr. Metzger will lose his entire flock.

The next quarterly meeting of the Kent County Pomona Grange will be held in Chestertown the third Thursday in October. At this meeting it is intended to have an extensive exhibit, and it is hoped all grangers will bear this in mind and make the display as elaborate as possible.

Next Tuesday, September 26th, is the anniversary of the great fire. It is most gratifying to note that nearly every building destroyed by the fire has been replaced by modern and substantial brick buildings with ornamental trimmings, and that part of Chestertown is better and more attractive than ever.

Mr. Richard Poore, of Millington, was taken to St. Agnes Hospital, Baltimore, last Thursday for treatment; he was operated upon Friday, and at the last report he was doing as well as could be expected. He was accompanied there by Dr. Merritt Brice and his son, Mr. James Poore. His wife, who has been critically ill for two months, is convalescent. Mr. and Mrs. Poore have the sympathy of the community.

The reassessment of property in Kent county was finished by the assessors on Thursday. It has required more than a year to do the work.

Mr. Hopkins Burgess, of Gratitude, has sold 125 acres of his farm desirably located on the Chesapeake bay to Mr. Ducholtz, of Baltimore, for $6200.

It is reported that Mr. Joseph Lewis has purchased through J. Waters Russell, real estate broker, Mrs. Newcomb's residence on the corner of Cross and Cannon streets, and will remove his meat market and dwelling there January 1.

Mr. Robt. G. Nicholson, proprietor of the Chestertown Ice Plant, has had installed a driven well, which, with the dug well already in use, will furnish sufficient water to meet the demands for a more successful operation of the plant in the manufacture of ice. The driven well was dug by G. A. McDaniel & Pendtz, of Denton, Md., and is 150 to 175 feet doep.

One of our esteemed lady subscribers, who is spending some time with relatives in a distant part of the country wrote us this week that she failed to receive her copy of the TRANSCRIHT on Saturday. She said, "I miss the dear old TRANSCRIPT when it fails to reach me on time, and I want it to follow me wherever I go." These are the expressions which tend so much to relieve the humdrum of life, and are incentives to make our paper as bright and "snappy" as possible.

Mr. Wm. A. Bell heard a commotion among his chickens and ducks one night this week and upon going down into the yard found a man's cap. He recognized the cap as the one he had seen one of his hands wear, and upon going to the man's house found several of his chickens on the stove cooking. Upon the advice of State's Attorney Wm. W. Beck a warrant was issued for the negro's arrest, and his night's escapade will likely prove quite expensive to him.

High School Crowded.

The total enrollment of the Chestertown High School for the week ending September 15th was 311 scholars. This does not represent by quite a number the enrollment after the busy season is over and the winter term begins. The school authorities and teachers are put to their wits' end to cope with this overcrowded condition, and it is sincerely hoped that some plan may be devised during the present school year to provide a separate building for the primary grade pupils. The TRANSCRIPT has heretofore pointed out the importance of a separation of the younger and older scholars, in order to more effectively accomplish the work, and to provide better school facilities for the town. We believe a separate and distinct primary school in some other part of the town is the best solution of the difficulty. This would not only provide better school facilities for all the scholars but it will relieve the greatly overcrowded condition of the present school building and provide suitable and convenient quarters for our School Board. Centreville is moving towards a primary school building such as we suggest, and Havre de Grace has been forced to secure additional quarters to accommodate certain classes. Why cannot Chestertown meet the situation? As suggestions with regard to the ladies seem to be the order of the day, we would suggest that the mothers of the children who are now overcrowded in our High School, take up this matter with the school trustees and School Board and see if something can't be done. The enrollment in each teacher's room at present is as follows:

Miss Leaverton	50
" Davis	38
" Stuart	36
" Thomas	29
" Ahern	30
" Anthony	32
" Roberts	20
" Carroll	22
Prof. Smyth	54
Total enrollment	311

Washington College Opens for the 129th Session.

On September 20th Washington opened for the 129th session with a good attendance of students. The enrollment will be fully up to the attendance of former years and will probably exceed the records of the past, when all have reported for matriculation. The aplicants are mostly for admission to the college proper and seem to be unusually matured and well prepared. To those interested in the athletic side of the college it will be of interest to know that there are several big men among the new students, and several others who come with some reputation as high school athletes. The outlook for good football material has never been so good.

The new instructors have all reported and taken up their duties. Professor Howell, a graduate of Milligan College and a post graduate of Yale University will be professor of Philosophy and Education. W. Raymond Moody, '09 has been appointed Assistant Professor of Mathematics and Science. James C. Turner, Jr. '10 has been appointed Director of Physical Training and instructor in the college.
