## THE THIRD NATIONAL BANK

of Chestertown, Md.

THE ONLY NATIONAL BANK IN THE COUNTY.

### What Makes a Bank Strong?

In judging a bank always remember that it is CAPITAL, SURPLUS and UNDIVIDED PROFITS that give SECURITY to the DEPOSITOR, because that money stands between you as a depositor and any possible shrinkage or loss that may fall upon the bank. The above reasoning together with the conservative yet liberal management of its board of directors, and the constant inspection of the Comptroller of the Currency has made the THIRD NATIONAL the LARGEST BANK in the county, and the THIRD LARGEST on the Eastern Shore.

☞We pay interest on all Savings Accounts.

Capital .. .....$50,000.00
Surplus and Undivided Profits..... 42,000.00
Assets over..... .....$30,000.00

## MEN'S NEW AUTUMN SUITS and OVERCOATS

Now is the time to prepare for colder weather—plenty of the latest styles and fabrics to pick from—garments that look and wear well at reasonable prices.

It's a pleasure to show these garments to our customers, and above all, value, the best money will buy anywhere.

Overcoats here in all the wanted weights and fabrics. See the new slip-on coats. Something new at low prices.

English rubberized SLIP-ON coats and Cravenette raincoats for the man with an eye to economy. This line at special prices should be of seasonable interest.

To Break Your Fallow Ground.

Mr. F. T. Perry, of Barclay, Md., says of the one he bought of us last fall:

"I plowed about 40 acres of my corn ground this spring with my plow, and expect to plow my fallow with it. I would not take a hundred ($100) dollars for it if I could not get another."

Mr. James A. Lee, of Chestertown, Md., is also highly pleased with his of the same make.

### To Repair Old Pool.

The Water Board at a special meeting on Wednesday evening awarded the contract for repairing the old pool near the property of Hope H. Barroll, Esq., to Mr. F. J. Boas, a construction engineer and contractor of large dams, reservoirs, etc., of Philadelphia. The contract will be accompanied by a guarantee that the pool will be impervious to contamination by outside matters, and that it will be water-tight in every respect. The old structure will not be removed but will be used in connection with the most modern repairing to make it serviceable. Mr. Boas has had large experience in the construction of reservoirs and recently finished several big reservoirs for the United States Government at Fort Howard. The contract calls for the completion of the work by December 1, and when the work is finished and the pool connected by piping with the pump house, the entire cost will be about $2500. Every precaution has been taken by the Water Board to see that the water in the spring is good and fit for drinking purposes. It has been analyzed by three different chemists, one connected with the University of Pennsylvania, one the Maryland State Chemists, Penniman and Browne, and the third by Lehman & Son, of Baltimore. Each of the analyses has declared the water to be excellent and free from pollution.

If the contractor can make the pool absolutely water-tight and he guarantees that he can, so that no contamination can result from without, then the town will have an additional water supply of more than 40,000 gallons a day, which will give sufficient water for all purposes. The only additional thing needed for fire purposes is pressure at the proper time, and we believe that this can be secured only by means of the elevated tank system. After the pool is repaired there will be about $2500 of the bond issue left. Why not use this $2500 in the erection of a modern 60,000 gallon tank either on the reservoir hill or on some small lot that can be purchased in the town, and then Chestertown will have not only an ample water supply but also splendid fire protection.

## To See About Your Painting.

I give my personal attention to every detail of every painting job. A large part of my success is due to the fact that we use only the best material. Lewis white lead, (Dutch Boy painter, trade mark) and absolutely pure Linseed Oil, our other materials are of equally high value. Always ready to show sample cards and quote prices. Let me estimate on your painting.
