DEMOCRATIC TICKET.

STATE TICKET.

FOR GOVERNOR.
ARTHUR P. GORMAN,
Howard County.

FOR COMPTROLLER:
EMERSON C. HARRINGTON,
Dorchester County.

FOR ATTORNEY-GENERAL:
EDGAR ALLEN POE,
Baltimore City.

COUNTY TICKET.

FOR STATE SENATOR:
WILLIAM W. BECK.

FOR LEGISLATURE:
JAMES G. HARRIS,
CHARLES L. MILLER.

FOR COUNTY TREASURER:
CLARENCE S. HURLOCK.

FOR SHERIFF:
WILLIAM H. McKEE.

FOR STATE'S ATTORNEY:
HARRISON W. VICKERS.

FOR COUNTY COMMISSIONERS:
W. FLETCHER MELVIN,
HARRY NICOLS,
THOMAS C. ROE.

JUDGES OF ORPHANS' COURT:
JAMES BRAMBLE,
W. BRADFORD COPPER,
CHARLES S. HILL.

GOVERNOR CROTHERS has declared his intention to call an extra session of the Legislature after the election, and practically only two months before the Legislature of 1912 convenes. What for, Governor? You have been playing for economy all along. Now, what do you want to spoil the game for and put the enormous expense of the cost of an extra session of the Legislature upon the tax-payers? No politics in such a position as that.

THERE are 105,000 Democratic voters in the State of Maryland and 89,000 Republican voters, 55,000 of whom are negroes. The Republicans can't possibly win an election unless they do so with the aid of Democratic votes. The Democrat who is foolish enough to vote the Republican ticket votes to place the negro in a position to demand what he wants from the Republican administration, and if Goldsborough appointed a negro a postoffice official in his home town over a white man, what will he do if he should be elected Governor?

THE Republicans surely to seem to be having troubles of their own; with the party torn asunder over the protection bubble, now comes the German vote demanding the removal of the Commissioner of Immigration at New York, William Williams, who is charged as acting unfairly towards Germans seeking to enter this country as immigrants. Unless Williams is removed they threaten not to vote for the Republican candidate at the next national election. The State Republicans are not saying a word about this treatment of the Germans in their party campaign throughout the State.

ASSOCIATE Justice of the United States Supreme Court, John Marshall Harlan, died at his home in Washington on Saturday morning of acute bronchitis, aged 78 years. Justice Harlan was one of the ablest jurists this country ever had, and his loss to the country is great. President Taft will appoint his successor. He has already appointed four Supreme Court Justices, and when he fills this vacancy he will have appointed a majority of the Supreme Court Justices during his term, and who knows but that he may appoint ex-President Roosevelt.

EVERY DEMOCRAT in Kent county should feel it his solemn duty to go out to the polls on November 7th and vote for Arthur P. Gorman for Governor and the rest of the Democratic State and county ticket. The experience of the past has proven that the interests of this State and this county are safest in the hands of the Democrats, and certainly in the counties where the negro population is so large as it is in most of the Eastern Shore counties. The white people would be extremely foolish to jeopardize their agricultural, political and social interests by voting to turn the State over to the Republicans. The condition in Baltimore city, where evidences of fraud, both on the part of Democrats and Republicans, has been discovered is to be deplored, but the Democratic party as a party is not responsible for such a condition. The election officials, both Democrats and Republicans, who committed the frauds, are responsible. Senator Gorman will make as good a Governor as the State ever had, and we know him to be a man who is faithful to every promise he makes, and certainly in this trying hour of the Democrats' experience in Baltimore, Senator Gorman has shown himself capable of coping with such a situation, and has strengthened himself greatly with the people by his attitude. The State of Maryland has had one eventful experience with a Republican administration, and they know what a dismal failure the Republicans made of the State and county administration, and now to place the Republicans in power again, simply and solely because, as they themselves argue, because a few Democratic and Republican officials alike in Baltimore city have been charged with fraud and trickery, would be the basest sort of folly after such an administration as the Republicans gave the people of the State from 1896 to 1900. Don't let yourselves be fooled by the Republican cry of fraud. They are just as guilty as the Democrats.

THE REPUBLICANS are making all the political capital they possibly can out of the fraud charges in Baltimore city which it is alleged was practiced by the Democrats. But they are not saying a word about what took place in the Mahool-Preston primary, where it is reported that 10,000 Republicans changed their party affiliation the day before the primaries in order to vote the Democratic ticket, and on the day of election every one of those 10,000 Republicans voted for Timanus and the rest of the Republican ticket. Do you call that honesty and freedom from corruption? It is understood that the Democratic committee has the names of every one of these 10,000 Republicans, and know exactly for whom they voted. You would think that Goldsborough and his party were angels to hear them talk. They are only putting up a big bluff to fool the voters into voting for the party, the vast majority of whose voters are irresponsible negroes, and who are only waiting for their party to get in power to "show the white people of the State a thing or two."

SENATOR PRICE CAUSTIC.

In Notifying Senator Gorman He Scores Republicans.

In notifying Senator Gorman, Senator Jesse D. Price, of Wicomico county, said:

"The Democratic party has been in power continously in Maryland for 44 years with the exception of four years from 1896 to 1900, and with that experience in my memory, when the Republican party was on trial and their good behavior, who of us would return to it?

"Do you remember the wanton extravagance and utter disregard of the people's will as practiced by the Legislatures of 1896-8?

"Do you recall the fact that legislation was bought and sold as from an auction block?

"Do you not remember that private corporotions were chartered and sold for private gain?

"Do you recall that our election laws were tampered with and emblem voting established?

"Do you not remember the attempt to put our public schools into politics?

"Do you not recall the negro rowdyism prevalent all over the State as a result of Republican administration in the state and Baltimore city?

"I am sure that when the people of Maryland stop and consider these things, and remember that practically the same people are now in control of the Republican party in the State, they will refuse to place such a party back in power.

"I claim that no party constituted as the Republican party in Maryland is constituted should be intrusted with power. Not that individual members of the party are bad men, nor that their candidates at the present time are not gentlemen of honor aud integrity, but any party which includes 50,000 negro voters, they being a majority of their adherents, can give us good government. After making due allowance for the many good citizens in the Republican party in Maryland, government by it is nothing more nor less than negro government and cannot fulfill the hopes and aspirations of an intelligent white citizenship.

"Their candidate for Governor is a product of machine politics, and the fact is their ticket is absolutely and entirely machine-made and dictated by a handful of bosses, or more properly speaking, one boss, while our candidates were nominated by the voters, after appealing to them direct and after the fullest discussion of men and measures, and must be accepted as the choice of our party and for that reason should receive the united and undivided support of all Democrats."

"Democart" Thinks Mr. Goldsborough's Speech Enough to Make A Horse Laugh.

TO THE EDITOR OF THE SUN—Sir: Mr. Goldsborough's speech at Mount Rainier was enough to make a horse laugh. He said the main issue in the next election was an honest count and decent government. Does he think by such claptrap as this that he can fool the people, when honesty in the Republican party is as scarce as hen's teeth? Can he single out one State or city ruled by his party in which graft and corruption of every kind do not predominate? He refrains from mentioning ring rule, as he realizes there is a "ring of Stone" around his own neck and this is one of the weights that will submerge him beneath the waves of defeat, from which his head will never bob up to the surface again.

The thinking people of Maryland will turn to Arthur P. Gorman as a leader to pull her out of the mire, in which she is now struggling, and not a man who knows that with the negro vote eliminated he would be defeated for Governor by 40,000 votes in lieu of 12,000.
