Rock Hall Items.

Miss Ola Bidwell is one of Chicago's most noted and versatile entertainers, having achieved fame throughout the entire United States. She is a pupil of Edwin Wareham, London's favorite grand opera tenor, and critics pronounce her voice the deepest and richest of the fore lady baritones known to the world. Miss Bidwell will be in Rock Hall Nov. 23, for the benefit of the M. E. Church, with humorous, pathetic and dramatic readings, pleasing violion solos, and songs that reach the heart.

The storm of Sunday and Monday past played havoc with boats around this section. The schooner Anna B. Smith went ashore just below the steamboat wharf in Swan Creek; the dredge of the Maryland Co., from Baltimore, broke loose from her moorings and drifted ashore in the mouth of Huntingfield Creek, it is thought that she will have to dig herself out; a tug boat, the W. H. Holdon, which was used to tow scows loaded with mud from the large mud machine across the bay from here, broke loose, came across the bay and went ashore off Smith's shore. It is thought she is in a serious condition, there was no one aboard of her at the time she broke loose, her crew having tied her behind the scows and gone home, to Baltimore. The U. S. revenue cutter, Appache, was with the tug boat all day Wednesday and Thursday trying to float her. Many small boats went ashore all along the bay in this section.

The young ladies of the M. E. Church held an entertainment in the Mechanic's Hall Thursday night; they gave a nice performance to a well pleased audience.

The White Rose Minstrels, of Chestertown, showed here last night (Friday) to a large crowd. These boys were here last year and had a very good show.

There are lots of birds in this district this season, ducks have commenced to come in. Already geese and swan have literrlly covered the big flats down near the island.

Officer Culley lighted for the first time the new street lamps Wednesday evening.

Frank Wheatley has installed a Pitner gas plant, which is very successful. There are several of these plants in Rock Hall.

The minstrel held by the young men of Rock Hall, for the benefit of the R. H. H. S. Manual Training Dept. was a great success. We feel sure the School Board are willing to help this cause. In some counties where the school raises a sum the Board comes up with a like amount, but if they would even help with a small sum would be appreciated. The shop needs vises, largest class 24 and only 3 vises; do you think they are needed?

One day last week a wild duck came into Mr. S. B. Maslin's yard and fed with his ducks. Mr. Maslin caught this duck and clipped her wing, for a while she was a little flighty but now seems very well contented eating with the other ducks.

Several old sailors and fishermen, of this town, claim the storm of the early part of the week to be one of the roughest ever seen on the bay.
