PANTS

Pantaloons Or Breeches

Call them what you will, but at the prices we have pinned on them we call them cheap, and so does the public, judging from the way they are getting into them. Now is your opportunity to fix up very, very cheap. Splice out the coat and vest with a pair out of this lot.

Overcoats and Suits all go now, and we still have a fair line. These reductions of ours are recognized as REDUCTIONS. Think of this.

LIVE LOCAL NOTES

Wild Geese.—Mr. Wm. H. Cooper had fine sport Monday shooting wild geese in his field on Fairlee creek. He killed three in two shots! Doc. says geese have been feeding in his fields by the score and that the birds he killed were in fine condition. Mr. Perry Deputy also bagged a fine fellow.

Ice Harvest.—Tuesday was the coldest day of the winter. The mercury registered zero at Millington and 8° above at Chestertown. Capt. Robert S. Emory, Mrs. M. A. Wilkins, Col. Massey, Hon. James H. Baker and others filled their ice-houses this week with 4-inch ice.

New Home.—Surveys were made last week for a lot on Washington avenue, adjoining Mr. W. T. Crow's new home, which has been purchased by Mr. E. W. Carter, of Pocomoke City. It is said he will erect a residence thereon which will be rented by Prof. E. J. Lore and wife.

Fine Work.—Miss Rosalie Mitchell (Mrs. Schuyler) of Betterton, has on exhibition in M. A. Toulson's drug store some fine paintings. The best ones consist of a pair ducks and a copy of the KENT NEWS in which are placed some delicious peaches.

Work Done.—A Western Maryland paper says "Several farmers met in this office on Wednesday and they said they did not know what they would find to do on their farms this month and next, as all the plowing was done, manure hauled out, and every thing in readiness for spring planting. One of the party was over 70 years of age and he did not remember more than two such open winters prior to this one."

Kent County farmers are kept busy looking after stock and keeping their fences up.

Tomatoes.—Canners have been in Kent this week. The best offer of $7.80 per ton for tomatoes was refused, most growers demanding $8 and $8.40 per ton. The farmers in the vicinity of Westover, Somerset county, held a meeting last week to discuss the advisability of growing tomatoes for the canneries, as well as to confer with and arrive at some price to be paid per ton for the same. A committee of three was appointed to wait upon the canners. The report of this committee was unfavorable. A motion was unanimously carried declaring that members of the Tomato Grower's Association agree not to grow tomatoes for canners for less than $9 a ton. A number of the principal farmers in Somerset were present, and it was evident from their expressions that they must have $9 or grow for open market.

The canners of the United States are holding a conference in Atlanta. What are the farmers doing? The Sudlersville Canning Co. have begun to contract with tomato growers. Already about 300 acres have been contracted for; they want 500 acres at $8 a ton. A new sanitary can will be installed; with this plan the tomatoes are packed whole, the top of the can coming off entirely. No solder is used at all, the can being made airtight by means of crimping. The capacity this season will be increased to 100,000 cans per day.

Kent County Boys.—There is no county that can boast of more influential nor more able "boys" than Kent. The NEWS feels proud of the young men who are filling important positions in business and social circles of cities and towns who came from Chestertown and Kent. The Baltimore Sun of Monday contained good pictures of the Kent countians, viz., J. Henry Baker, Esq., son of Ex-Senator J. H. Baker; J. W. Chapman, Jr., Esq., son of Mr. J. W. Chapman; Henry O. Redue, recently of Pomona, son of the late J. Henry Redue. These gentlemen belong to the Druid Improvment Association and are infinential in their section.

The Sun says, "President Baker is a well-known lawyer and prominently identified with many civic and fraternal organizations. He possesses natural force and aggressiveness, which bring him success. His residence is 2008 Park avenue.

Mr. T. Ireland Elliott who married Miss Vickers, of Chestertown, is a prominent lawyer and was City Solicitor under Mayor Alcaeus Hooper. He is a public-spirited citizen and very popular in this section, and lives at 2026 Mount Royal Terrace.

Assistant Secretary Redue is cashier of the Old Town National Bank and one of the younger members. He has taken an active interest in the welfare of the association.

Mr. Chapman is an attorney living at 2016 Park avenue and has done able work for the association in regard to the smoke nuisance."

Two of the largest hen hawks we have ever seen were brought to the NEWS office this week. They were alive and were caught by Mr. Benj. Kirby on Mr. John Moffett's farm, near Tolchester.

THE Harbison property, at Betterton, was sold at public sale Tuesday by Wm. W. Beck, assignee, to Mr. George W. Owens, for $300.
