Our postmaster, Mr. Thomas Norris, met with quite a serious accident on Sunday afternoon last. He was stepping from a door step when his foot slipped and he fell, breaking his limb above the knee. Dr. J. Horton Kelley was immediately sent for and set the broken limb. Mr. Norris at this writing is resting as well as could be expected.

FAIRLEE ITEMS.

Weather conditions have been the subject of general conversation this week. Farmers are anxious to work regularly as some have their monthly hands employed.

Fairlee charge was loth to part with Rev. W. E. Habbart, but now they gladly welcome the newly appointed pastor Rev. T. K. Easly, and his assignment here meets with general approval.

Now is the interval between the season of many social functions and the entering into of the busy vocations of life. Only a few days, weather permitting, we will all be engaged in the busy activities of many and varied business relations.

It looks now as if needed repairs to our county roads this Spring will not involve much expense. They seem to be in a fairly good condition, exceptionally so.

Mrs. J. C. Staats, Fairlee, has been visiting relatives and friends in Middletown, Del. since last Saturday.

Miss Agnes Lewis, of Rock Hall, spent several days last week with Fairlee friends.

Mr. F. Burton Warren, of the firm of Kilbourn & Warren, was in Balto. several days this week on business.

The services in our church were conducted last Sunday by Mrs. Haslup, of Baltimore. They were fairly well attended and were interesting and helpful.

The shad net fishermen along the bay near here are in suspense awaiting the result of pending legislation. They don't know where to put down the poles which hold their nets, the season is advancing too.

Mrs. L. J. Legg visited friends in the Monumental City this week.

Mrs. Walter F. Sparks has been quite sick for several days.

Rev. W. E. Habbart our former pastor, now assigned to Kenton, Del., for next conference year will remove from Fairlee on Wednesday or Thursday of next week to his new field of labor. It is not presumed that the new pastor Rev. J. K. Easly will come with us before next week, consequently it is hoped that Bro. Habbart will preach in the Fairlee church.

WORTON ITEMS.

There is a great deal of sickness in our vicinity at present.

Dr. J. H. Hessey is very ill. We are all sincerely sorry to hear this.

Mrs. Harry Williams and little son are confined to the house with measles.

Miss Sue Taylor, of near Hanesville, visited her brother, Mr. Harry Taylor, last week.

Mrs. Robert Spear is about again after being confined to the house for several days this week.

Our aged friend, Mr. Jos. Venable, is very sick at the home of his daughter, Mrs. James French.

Mrs. Edward Stauffer and her little daughter, Maxine, of Morgnec, are visiting her parents here.

Sickness prevented our teacher, Miss Burtie Burchinal, from being at her school several days last week.

Mrs. Margaret Sheats has been spending some time with her daughter, Mrs. Vernon Barnett, in Chestertown.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

ROCK HALL ITEMS.

Mr. Edward H. Apsley, one of Rock Hall's popular young men and a son of Capt. J. E. Apsley, who started for the gold mines, of Colorado some time ago, has succeeded in reaching his destination and is now developing property he has secured with cheering results. His father has just received an interesting letter from him, a synopsis of which will appear in a later issue of the KENT NEWS. He reports cold weather out there often 15 or more degrees below zero, but he doesn't mind it now any more than he did the cold blasts playing across the Chesapeake in the days of his home staying. Another Rock Hallite, Mr. Emory Downey, is in the service of "Uncle Sam" in South America. He recently wrote home to his father, Mr. J. M. Downey, reporting himself well and happy but wishing for a puff of the cold blasts March is serving to Rock Hall, for while he writes the perspiration is pouring from him.

Rev. J. M. Downey preached two good sermon on Sunday at the M. E Church. His morning subject was "Future Recognition" and his subject for the evening sermon was "Personal Influence."

The Superintendent of the Sunday school, Rev. Mr. Burr being in Pocomoke and the assistant superintendent, Mr. J. T. Taylor being in Baltimore, the management of the school fell to the secretary, Mr. C. S. Porter, who seemed to be considerably embarassed, but Capt. J. E Apsley gallantly went to his aid and conducted the exercises for him.

We hear many expressions of pleasure at the announcement that Col. Edward Emory is soon to be one of us. He will find a hearty welcome to our community.

Another thing pleasing to many here is the address of Judge A. B. Parker on the ability and duty of the South as noted in last Saturday's Sun. No man in the county is more pleased than "Hope Smith," of the Haven.

Another thing pleasing to our fishermen is *your defence* in last week's issue of Kent's fishermen in reply to Editor Roberts denunciation, after all the laws reeently passed for Queen Anne's will no doubt be a good one if our cousins over the river will stay on their side. Our fishermen were compelled to go in their waters very often because they occupied our side so thoroughly that our people could find little or no room for their fishing operations, especially was this so round and about East Neck Island so we understand. Many thanks for your defence, Messrs. Editors.

The oyster bars have enjoyed the biggest kind of rest for the past two weeks while the blustery weather has been hard on the oystermen, they say it will work for the best because thousands of bushells will remain over for the next season when probably prices will be better. If the past two weeks had been suitable for work these oysters would have been caught and sold at a very little benefit to either catcher or buyer.

Our fishermen are not much encouraged by the present outlook for the spring work, nevertheless they are endeavoring to get all the details of their preparations in good shape for a final preparedness to begin operations when the weather permits.

A crew of two men working the lumps of the bay with patent tongs were caught out in last Saturday's N. W. blow and found themselves unable to go to the windward, they therefore let their Skip Jack drive to the leeward and succeeded in reaching this habor, where they laid over till Sunday afternoon, then started back across the bay.

The Odd Fellows of this place, will entertain themselves with a big smoker, on Wednesday evening next. All restraint of routine matters will be thrown off for a royal good time.

Some of our "Fraters" seem to be looking with no little concern on the amount of money they are putting into the several Death Benefit Associations with which their lodges are connected. About $6,000 in the past six years has been paid into these Associations with only $150 00 being received in return. They think it would be better to keep that money at home in Bank where it would be making large returns, than by enabling the several orders to pay their Death Benefits and otherwise have the money do good to home interests.

Among the additions to the sick list of our community are Messrs. B. H. Coburn and A. W. Andrews.

At the home of Mr. and Mrs. Walter W. Crowding, Morgnec, Wednesday, March 21st, Louise Rosebury Crowding, aged one month. There are three other children suffering with the malady.

Our Master said these words
And gazed with pitying look.
While in the early hush of morn.
Our precious babe he took.
Close to my heart that morn
I held tears falling fast.
No little feet are on our knee
No kisses drop upon our cheek.
Those lips are sealed to me,
Dear Lord, how could we give her up
To anyone but thee.
