If we can't make that watch of yours go

You may just as well give it to the baby to play with. Its days of service are surely ended—and it is a question with you now of buying a new one.

You ought to come here for a new watch for the same reason that prompts you to bring us your repairing jobs—because we are in a position to give you the highest grade of satisfaction.

As we said, we can get all the service out of a watch that there is in it, down to the last tick, if you will let us look at it occasionally.

Bring us all your Repair Jobs, no matter how small or how difficult. It will be done promptly and to your satisfaction.

We keep all repair work in a fireproof safe, and you do not run any risk in leaving your Watches and Jewelry with us.
