LEGISLATIVE DOINGS.

Delegate Campbell, of Baltimore county, has prepared a bill providing an educational qualification for voters. The bill proposes an amendment to the Constitution and is so drawn, says Mr. Campbell, that it does not conflict with the Federal Constitution or statutes. The bill provides: No person will be permitted to vote unless able to read and write any 10 lines of the Constitution of Maryland. It will not be necessary however, for the applicant for registration to take this test if he can give sufficient evidence of the following facts: That the applicant has previously been registered as a voter in this state; that the applicant is a graduate of a high school, or has fully matriculated as a bona fide student in some college or university; that applicant has owned and paid taxes on $500 worth of property for two years preceeding the date of application.

The farmers of the Senate and House of Delegates and other farmers met last week and discussed bills on the following subjects: In the interest of the Maryland Agriculture College and Experiment Station, so far as relates to the teaching of agricultural science; for placing within reach of the farmer serum for immunization of hogs against cholera; for the establishment of a laboratory where animals supposed to be suffering with rabbies may be examined; for ammendments to phosphate laws, so as to protect the purchaser of phosphates against unscrupulous agents and manufacturers; for inspection and analysis of agricultural lime; for protection against introduction of dangerous insects and diseases upon our nursery stock; for inspection and proper labeling of farm and garden seeds; resolutions indorsing parcels post, uniform package law, State board of agriculture.

The effort to unseat five Republican members from Baltimore city has failed, and unless evidence of fraud, etc, can be established the contests will likely be dropped.

Delegate Warburton, of Cecil, has introduced in the House by request a bill providing for a dog license of $2 for females, $1 for male, and $15 a year for a pack of more than 15 dogs. The bill provides for the appointment by the Governor of a Dog Commissioner at $1,200 per year, and the appointment of one deputy for each county to be appointed by the county commissioners with the consent of the commissioner, at a salary of $25 a month and $1 for every canine killed, found with rabies or without tax tag on collar.

A bill has been prepared for introduction providing that all those who contemplate holding public sales must first secure from a veterinary surgeon a certificate showing that his stock is free from tuberculosis and providing a heavy penalty for violation of the law. This bill it is claimed, is to protect the farmers against infecting their herd by cattle purchased at public sale, such as has been done time and again in this county.

Mr. Beck has introduced a bill providing penalties for soliciting orders or delivering liquors into Kent county.

Senator Harper, of Queen Annes, has introduced a bill providing for bonding the town of Centreville for the erection of a light, heat and power plant.

Senator Harper has introduced a bill providing for the holding of Presidential primaries in Maryland.

Mr. Beck's fur buying bill, regulating the sale of fur and wool in Kent and Cecil counties was reported favorably in the House and ordered engrossed for a third reading.

The fight on Local Option is beginning to grow warm, but the friends of the bill say that it will pass without difficulty.

Gov. Goldsborough on Wednesday sent to the Senate the appointment of Miss Sallie Webster Dorsey, of Cambridge, as State Librarian to succeed Miss Lynn Shaefer.
