UNIQUE ORGANIZATION

Proposes to Conduct Chautauqua in Georgetown—Citizens Asked to Consider Proposition

TO HOLD MEETING IN BOARD OF TRADE ROOMS THURSDAY NIGHT

When a group of wealthy men organize a corporation ostensibly for the public good, it is customary to suspect the existence of an ulterior motive. That men of wealth should really desire to use their means in unselfish service, without demanding return of any kind, is incomprehensible to many people, who usually begin to look about for a colored gentleman in the pile of combustible forest product. What is represented as being, really and truly, such an unselfish corporation is the Chautauqua Association of Pennsylvania, which desires to submit a proposition to our citizens at the meeting announced above.

A "NO-PROFIT" CORPORATION.

This corporation is organized to extend the Chautauqua Movement, which has proved so helpful and popular in the middle West, into the section comprising the States of New Jersey, Delaware, Pennsylvania, and contiguous territory. It is chartered under the laws of Pennsylvania as a "no-profit" corporation, and is forbidden by its articles of incorporation, to pay a dividend or a profit to the stockholders. If the Association earns a profit in its operations, such profit is to be put into the improvement of the Chautauquas it conducts, and into the further extension of its field.

The Association's capital stock of $30,000 has been subscribed by men who are "soldiers of the common good," and who believe they can be of real service by making possible the establishment of Chautauquas in many communities. For Chautauqua is an unparalleled source of inspiration, as the experience of the more than one thousand communities of the middle West where such institutions are conducted proves. The fact that community after community in that section have organized Chautauquas is proof that they have been found helpful to the community life. Every good cause, every worthy reform, is strengthened by Chautauqua. Public libraries, civic improvement, "the city beautiful"—all these and many other community blessings are more largely indebted to the Chautauqua Movement than is generally known. For it was at Chautauqua, N. Y., and on the platforms of the other older institutions of the kind, that these movements were first presented in a popular way. Indeed, the Chautauqua platform is an ideal forum for the discussion of all such new movements and programs for the common good.

AN UNFETTERED FORUM.

Chautauqua belongs to no creed nor party. While it seeks the conservation of all that is best in our civilization, it faces the future courageously, believing, with Browning, that "the best is yet to be," and it is not so much concerned with defending the formulæ and conventions of the past as with helping find the solutions that are to make to-morrow better. *Therefore*, Chautauqua is an open court for the frank discussion of all proposed remedies for existing evils, of all schemes for the reform of abuses of whatever kind. Chautauqua neither endorses nor rejects these programs, but it offers to them all the privilege of a hearing. Whether any particular scheme of reform makes headway before the court of public opinion, is not the concern of Chautauqua. But American citizens have a right to hear all sides of every question, and the Chautauqua platform is dedicated to that purpose. The opportunity presented by the Chautauqua platform has been appreciated by our greatest men. Roosevelt calls Chautauqua "the most American thing in America," because of its unfettered liberty of discussion! Bryan, La Follette, Champ Clark, the late Senator Dolliver, Senators Gore, Cummins, Bristow and many other moulders of public opinion, have found the Chautauqua one of the best avenues through which to reach the ear of the people.

But the Chautauqua is not all serious—not all lectures and instruction. It stands for the sacredness of laughter. It ministers clean, pure, elevating entertainment to lives overburdened with cares and labors. While it instructs, it entertains; while it makes men think, it also makes them laugh. And it stands for music—good music, and lots of it; the best music, rendered so perfectly that the popular audience forgets its inherited prejudice against the classics. Thus, while it entertains, it also elevates. Chautauqua appropriates every device for brightening and broadening life, hence moving pictures, so potent for weal or woe, are invariably a part of its program. The films used are carefully selected, some of them made to order, presenting bright, clean comedy, interesting travel scenes, as well as purpose pictures.

GREAT LECTURES AND DEBATE.

The Chautauqua which it proposed to establish in our town will offer a superior program of lectures, music readings and entertainments. Only a hint of the program's richness can be given here. Among the lecturers who have been secured are Capt. Richmond Pearson Hobson, the hero of Santiago and brilliant Congressman from Alabama; Henry W. Wilbur, an unusually gifted Quaker preacher; William T. Ellis, the widely-known journalist and traveler whose articles on the world's unrest are attracting much attention; Dr. P. M. Pearson, in his charming masterpiece, "The Poetry of Life," and Mrs. George C. Pickett, the widow of the famous Confederate general, who will lecture on "Pickett's Charge at Gettysburg." In addition to these there will be a great debate on the Aldrich Currency plan, in which Hon. William H. Berry, late Keystone Party candidate for Governor of Pennsylvania, who is an effective speaker, will attack the plan; and some speaker of national prominence, probably Mr. Robert E. Ireton, the editor of *Financial America*, will defend it. Furthermore, the platform manager, who will be one of a half-a-dozen talented speakers under engagement for such service, will deliver a series of lectures on a literary, religious, or economic theme. Then there will be an illustrated lecture on "Seeing America;" for Chautauqua is intensely patriotic, and believes that our own country contains treasures of scenery as worthy of visitation as the beauties of the old world.

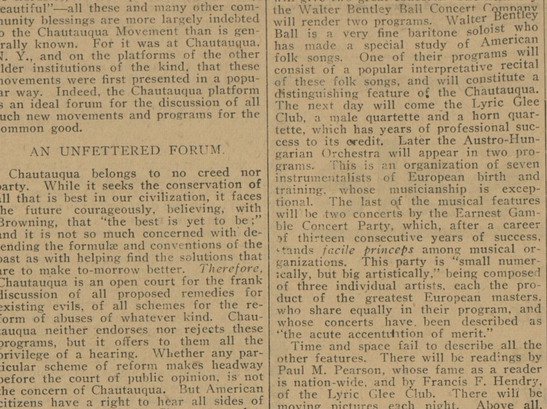

SUPERIOR MUSICAL FEATURES.

If the lecture program is incomparably fine, the musical offerings are at least of equal merit. The opening day will bring Ciricillo's great Italian Band of twenty-five unusually skilful musicians. An interesting feature of this band is the nine-year-old director, Angelo Vitale, who shares the direction of each concert with Maestro Salvatore Viricillo. This band will give two great concerts. The next day the Walter Bentley Ball Concert Company will render two programs. Walter Bentley Ball is a very fine baritone soloist who has made a special study of American folk songs. One of their programs will consist of a popular interpretative recital of these folk songs, and will constitute a distinguishing feature of the Chautauqua. The next day will come the Lyric Glee Club, a male quartette and a horn quartette, which has years of professional success to its credit. Later the Austro-Hungarian Orchestra will appear in two programs. This is an organization of seven instrumentalists of European birth and training, whose musicianship is exceptional. The last of the musical features will be two concerts by the Earnest Gamble Concert Party, which, after a career of thirteen consecutive years of success, stands *facile princeps* among musical organizations. This party is "small numerically, but big artistically," being composed of three individual artists, each the product of the greatest European masters, who share equally in their program, and whose concerts have been described as "the acute accentuation of merit."

Time and space fail to describe all the other features. There will be readings by Paul M. Pearson, whose fame as a reader is nation-wide, and by Francis F. Hendry, of the Lyric Glee Club. There will be moving pictures each night. Above all, there will be the indescribable Chautauqua spirit, which will leave you longing for the return of Chautauqua next year.

SHALL WE HAVE IT?

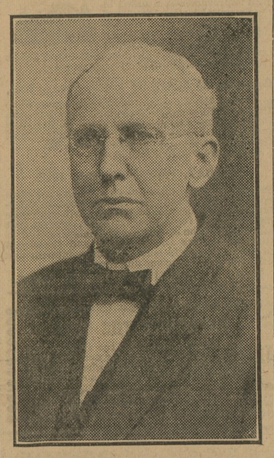

Surely a Chautauqua like this would be of such worth that our town cannot afford to miss it when so favorable an opportunity is presented. We are told the proposition to be presented by the Chautauqua Association will put this great intellectual and artistic festival easily within our reach. The Association proposes to operate on a wholesale plan. It will conduct some eighteen or twenty Chautauquas in June and July, with six in simultaneous session all the time. This co-operative circuit plan, coupled with the fact that this is, apparently, not a money-making scheme, would seem to make a favorable proposition possible. At any rate, the opportunity is one we cannot afford to treat with indifference. The Association means business, and is going to conduct these Chautauquas in a number of towns. Undoubtedly an unique distinction will be conferred upon any town by a successful Chautauqua; and the question is whether we want that distinction for our town, besides all the benefit we may get, individually and as a community, from its sessions. Everybody who is interested in the welfare and standing of our town ought to be present at the meeting announced above.

Rock Hall Items.

Saturday week the ice breaker, Annapolis, came into this port with one of the M., D. & V. steamers which was loaded very heavily with freight. They had little trouble in getting in although at times the Annapolis was breaking 14 inch ice.

Mr. Brice, of Betterton, was in Rock Hall last week repairing the gas plant destroyed in the Mechanics' Hall by the fire of last April. These lights are again in first-class order and a great improvement.

Misses Bertie and Minnie Sewell, of Baltimore, came over to see their father who has been very ill for several weeks. Miss Bertie returned to Baltimore Wednesday by way of Chestertown.

Mr. Thomas Ayres, who has been in Chestertown while his son, Gus, was in Washington, has returned to his home on south Main street.

A request was made to the Daughters of America not to use the dance floor and chairs of the lodge hall for a skating rink.

The Leroy Vaudeville Co. which was to show in Rock Hall on the 7th and 8th cancelled their dates on account of difficulties in transportation. They will appear in this town a little later in the season.

Capt. Chas. Kerr, who has been employed with the Consoldated Coal Company, has resigned his position and is at his home in Rock Hall.

The ice boat on leaving Rock Hall towed the police schooner, Anna B. Smith, to Annapolis, where she will tie up until after the freeze.

Several Rock Hallites, who were caught across the bay by the ice, came over on the Corsica.

Officer (Crust) Culley has been confined to his home the past week with a severe attack of lagrippe. His many friends wish that he may soon be able to resume his duties.

Miss Anna Mae Gale, of upper Kent, has been visiting her cousin, Miss Helen Wagner, of Edesville.

Mr Joseph Lambert, of Chestertown, was a Rock Hall vsitor last week.

Several of the Juniors remounted the scenery in the Mechanics' Hall this week. Once more it is in a beautiful condition, and shows no signs of the recent disaster.

Sleighing Trip on Susquehanna.

The first sleigh made its appearance on the Susquehanna on Sunday. It was driven by Ward Brown and William Hohn. They drove to Havre de Grace, thence across the Susquehanna flats to Carpenter's Point, mouth of North East river and back to Port Deposit by way of Perryville and Lapidum.

The sight down the bay, they report, was one of grandeur and beauty. They said there would be no difficulty in driving beyond Betterton, perhaps to Poole's Island.

The conditions on the Susquehanna are reported to be almost like they were when the railroad tracks were laid on the ice from Perryville to Havre de Grace and the Pennsylvania trains passed to and fro over them.
