LOCAL MATTERS

Engagement Announced.—Mr. and Mrs. Chas. H. Jefferson, of Chestertown, announce the engagement of their daughter, Mable Thompson, to Mr. Frederick Burton Sylvester, of Hillsboro, Md. The wedding will take place in the early spring.

Bought Fine Brood Mare.—Mr. Robt. J. McWhorter attended the Penn State Horse Sale in Philadelphia this week and while there he purchased Rosa Todd, a fine five-year-old mare, record 2.274. Rosa Todd is by the great sire Todd, out of Rosa Axtell, whose breeding goes back to the great Axtell. The mare is a great addition to the local horse world, and Mr. McWhorter will use her as a brood mare.

Sells His Farm.—Mr. Wm. F. Wink has sold to Mrs. Mollie Hines and her son, Dr. W. Frank Hines, his fine little farm in Quaker Neck, adjoining the Emory estate. The farm contains 94 acres of finely improved land, and the price paid is said to have been \$6,500. Mr. Emory, now tenning Mrs. Hines' farm near Brice's mill, will understand when possession is to be given. Mr. Wink will purchase another farm. The deal was made by J. Waters Russell, real estate broker.

Farmers' Institute.—The Farmers' Institute for Kennedyville and Chestertown will be held March 10th at Kennedyville at 10 A. M. and 1 P. M., at Chestertown March 11th at 10 A. M., 1.30 P. M. and 7.30 P. M. Dr. Richard S. Hill, director of institutes, has secured a number of prominent speakers who will discuss timely subjects at each meeting. The Queen Annes dates are Church Hill, March 12th, Price's Station, March 13, Centreville March 14th and 15th.

Pleased With Results.—Mr. Julian Brown, whose "light" advertisement was inserted in the TRANSCRIPT for the first time last week, stated to us that he is very much pleased with the results the paper has brought. He stated that he has received several very important communications from parties who stated that they had seen his advertisement in the TRANSCRIPT, and he goes to Baltimore to-day to confer with a large company in reference to installing his lights. The TRANSCRIPT is a "live wire," it shocks some people, but never fails to bring the desired results because it is so widely read and so much talked about. Ain't it so?

Wins Corn Prizes.—Mr. Josiah Massey, one of the most progressive and successful farmers in Queen Annes, has been notified by letter that his exhibit of white corn won second prize at the great national corn show, and this same corn won first prize in the Eastern Zone. Mr. Massey's corn finally competed with Kentucky for national sweepstakes on white corn. Kentucky finally winning, Maryland won first in every class in the Eastern Zone excepting yellow corn. Mr. Massey is justly proud of his prize, and it stamps him as one of the country's expert corn growers. He is now directing his eyes towards the great Philadelphia show, where he will compete for prizes on corn. Hurrah, for friend Joe.

We understand that the owner of the TRANSCRIPT Publishing Company's stock advertised in the Kent News is asking a big premium price for it. The TRANSCRIPT stock is a good investment, and by holding it at a premium price, the advertiser is paying the company a fine compliment.

Mr. Harry Wehberg, the tailor, has rented the vacant store room in the Eliason building on High street, and has removed his tailoring establishment there. He is prepared to give prompt attention to all business, and has associated with him a competent and experienced tailor.

Jacob Smith, colored, was before Police Justice Kendall on Monday night on the charge of stealing 20 lbs. sausage in a land can from Mr. Robert Moffett. The justice rendered a verdict of not guilty. R. Groome Parks appeared for Smith, and the State's Attorney for the State.

Mr. Fred Davis, son of Mr. and Mrs. Thomas J. Davis, of Riverside, had caught 107 muskrats up to last Saturday, for the hides of which he has received 55 and 60 cents each. Mr. Wm. Maslin, of near Tomons, had caught 125 up to last Saturday for which he received the same prices.

Mr. Henry Hauptfubrer, the milk purchaser at Worton Station, was down several days ago looking for a suitable spot upon which to build his permanent milk station, which will be a concrete building 40x100 ft. He will also install his own refrigerating process. He will also have a pasteurizing appliance, all of which will mean an outlay of from \$7,000 to \$8,000. The milk station is paying \$1.60 per hundred for milk this month.

The lady who advertised for a "working companion" in the Transcript notified us this week that she is very much satisfied with the results of the paper. She had nine replies, one from Washington, one from Cumberland, and another from Baltimore, as well as from various parts of the county. She has employed a Kent county family.

The pony belonging to the Barroll boys ran off with little Miss Mary Rogers Hyndon and Lloyd Connelly in the runabout on Monday afternoon. Little Mary proved herself to be a plucky driver, and as the pony ran down High street, she guided him around the corner into Queen and over home and into the stable door without a mishap. Lloyd thinks that a pretty fast pony and he rather likes to go driving with Mary.

To Attend Race Meeting.

The directors of the Kent and Queen Annes Driving Association held a meeting here Wednesday afternoon and elected Messrs. Clifton L. Jarrell, James C. Beck, and E. Lee LeCompte, of Cambridge, delegates to the meeting of representatives of the Maryland and Virginia circuit to be held at the Rennet, Baltimore, next Tuesday for the purpose of fixing dates for the agricultural fairs to be held in the circuit during the fall. The local association will apply for membership in the circuit and will ask for racing dates for the week following Easton fair. The local association proposes to hold a three day's race meet at Radcliffe Park, and they will offer big purses. A splendid exhibit of farm products is also being arranged for the same time, and special efforts will be made to induce the managers of both counties to take the lead in this important feature of the meeting.
