

GET THESE Money-making Secrets WITH THE Farm Journal

Is this cock properly held? "Poultry Secrets" tells how to carry fowls, and other secrets far more important.

FARM JOURNAL ("cream, not skim milk") is the great little paper published for 36 years in Philadelphia by Wilmer Atkinson. It is taken and read by more families than any other farm paper in the WORLD. Its four million readers (known as "Our Folks") are the most intelligent and prosperous country people that grow, and they always say the Farm Journal helped to make them so. Their potatoes are larger, their milk tests higher, their hogs weigh more, their fruit brings higher prices, because they read the Farm Journal.

Do you know Peter Tumbledown, the old fellow who won't take the Farm Journal? By showing how NOT to run a farm, Peter makes many prosperous. Nobody can go on reading the Farm Journal and being a Tumbledown too. Many have tried, but all have to quit one or the other.

The Farm Journal is bright, brief, "boiled down," practical, full of gumption, cheer and sunshine. It is strong on housekeeping and home-making, a favorite with busy women, full of life and fun for boys and girls. It sparkles with wit, and a happy, sunny spirit. Practical as a plow, readable as a novel. Clean and pure, not a line of fraudulent or nasty advertising. All its advertisers are guaranteed trustworthy.

The Farm Journal gives more for the money and puts it in fewer words than any other farm paper. 32 to 80 pages monthly, illustrated. FIVE years (60 issues) for \$1.00 only. Less than 2 cents a month. No one-year, two-year or three-year subscriptions taken at any price.

The Farm Journal Booklets

have sold by hundreds of thousands, and have made a sensation by revealing the SECRETS OF MONEY-MAKING in home industry. People all over the country are making money by their methods.

POULTRY SECRETS is a collection of discoveries and methods of successful poultrymen. It gives Fitch's famous mating chart, the Curtis method of getting one-half male pullets than cockerels, Boyer's method of insuring fertility, and priceless secrets of breeding, feeding, how to produce winter eggs, etc.

HORSE SECRETS exposes all the methods of "bishing," "plugging," cocaine and cocaine doping, and other tricks of "cops" and swindlers, and enables any one to tell an unsound horse. Gives many valuable training secrets.

CORN SECRETS, the great NEW hand-book of Prof. Holden, the "Corn King," shows how to get ten to twenty bushels more per acre of corn, rich in protein and the best stock-feeding elements. Pictures make every process plain.

EGG SECRETS tells how a family of six can make hens turn its table scraps into a daily supply of fresh eggs. If you have a back yard, get this booklet, learn how to use up every scrap of the kitchen waste, and live better at less cost.

THE "BUTTER BOOK" tells how seven cows were made to produce half a ton of butter each year, (140 pounds is the average). An eye-opening tale of your poor cows, and turn the good ones into record-breakers.

STRAWBERRY SECRETS is a revelation of the discoveries and methods of L. J. Farmer, the famous expert, in growing luscious full strawberries almost until snow flies. How and when to plant, how to fertilize, how to remove the blossoms, how to get three crops in two years, etc.

GARDEN GOLD shows how to make your backyard supply fresh vegetables and fruit, how to cut down your grocery bills, keep a better table, and get cash for your surplus. How to plant, cultivate, harvest and market.

DUCK DOLLARS tells how the great Weber duck farm near Boston makes every year 50 cents each on 40,000 ducklings. Tells why ducks pay them better than chickens, and just HOW they do everything.

TURKEY SECRETS discloses fully the methods of Horace Vose, the famous Rhode Island "turkeyman," who supplies the White House Thanksgiving turkeys. It tells how to mate, to select eggs, to hatch, and care for the young, to prevent sickness, to fatten, and how to make a turkey-ranch PAY.

THE MILLION EGG-FARM gives the methods by which J. M. Foster made over \$18,000 yearly from eggs. All chicken-raisers should learn about the "Rancocas Unit," and how Foster's hens to produce such quantities of eggs, especially in winter.

DRESSMAKING SELF-UGHT shows how any intelligent woman can design and make her own clothes, in the height of fashion. The author has done it since she was a girl. She now has a successful dressmaking establishment and a school of dressmaking. Illustrated with diagrams.

SHALL I FARM? is a clear, impartial statement of both advantages and drawbacks of farming, to help those who have to decide this important question. It warns of dangers, swindlers, and mistakes, tells how to start, equipment needed, its cost, chances of success, how to get government aid, etc.

These booklets are 75¢ each, and profusely illustrated.

The fourth quarterly conference of the M. E. Church was held at the parsonage on Wednesday afternoon, Feb. 12th. The reports were very good, showing that the pastor and people had enjoyed a very prosperous year together. Dr. Robert Watt, D. S., was present and presided over the meeting.

The Valentine Social which was held in the High School on Wednesday evening of last week was very largely attended and everybody seemed to have a very pleasant time.

The Valentine Social which was held in the parsonage on Friday evening of last week under the auspices of the ladies of the M. E. Church was quite a success. Games were indulged in and other things for amusement were provided.

The Normal Class of Miss Susie Frazier, which is a branch of the Junior Epworth League work, will hold a Martha Washburn Tea at the M. E. Parsonage on Saturday beginning at 5 P. M. and continuing into the evening. It is expected that all will enjoy the occasion, since the minds will more or less be refreshed with the memory of the noble work of our first president and the founder of the nation.

Mr. Charles Collipson spent Wednesday and Thursday of last week in Baltimore. While there he purchased a motorcycle. This makes two motorcycles which have been purchased by young men of this community recently.

A fine upright piano was placed in the High School on Friday of last week. This means better music for the school in the morning exercises.

Mr. W. T. Edwards, one of the best-known men in Quaker Neck, and who has been very ill for over a week, is at this time improved. Mr. Edwards has a large number of friends who will be pleased to learn that he is recovering.

Mr. and Mrs. James Brown entertained the Rev. Mr. Ziegler, of Baltimore, last week at their home on the bay.

Hines Edwards, of Baltimore, was a home visitor for several days last week. He returned on Wednesday evening.

Mr. Phillips is having a new home built on the Tolson farm he bought at Quaker Neck wharf.

A memorial service was held at Bond M. E. Church last Sunday in memory of the late Sam'l W. Brown, who was a life-long member of Bond Church. The services were in charge of the pastor, Rev. W. M. McCann, who was assisted by B. F. Rash, C. G. Hadaway and W. F. Woodmender, and a large choir. The text was Acts 11:24. "For He Was a Good Man."

It was a fitting tribute to the life of Mr. Brown, who was an ardent soldier of Christ. Few eyes were dry at the close of the service.

Preaching at Mowbray Church tomorrow at 6:30. No Epworth League service as the pastor is going to preach in the M. P. Church for Rev. Dr. Graham on Sunday night. Please be on time for the service at Mowbray.

After the Sunday school at Mowbray there will be a meeting held of the workers of the Sunday school and church. We hope there will be a good attendance at Sunday school as this meeting will be one of importance. Sunday school at 2 o'clock.
