THE INAUGURATION.

One of the Most Inspiring Sightings in the History of the American People, With Woodrow Wilson as the Central Figure.

Never before in the history of the American nation has the inauguration of a president and vice-president brought such tremendous crowds to the Capitol City, or presented more inspiring scenes, than did the inauguration of President Woodrow Wilson and Vice-president Thomas Marshall on Tuesday. Every State in the country, as well as many of the foreign powers, were represented in the throng that assembled in Washington to pay honor to our new President, and to speak a word of friendly farewell to former President Taft. Of course President Wilson was the center of attraction, he was the hero of the hour, and in that simplicity and gravity of manner which has characterized his attitude to his people, he won all hearts and was bidden God speed on his career as the ruler of a great nation for the next four years. 'Tis needless for us to give the details of the inauguration. They have passed into history, and have been told and retold in the daily papers. The inaugural address was what the nation wanted to hear, for upon its character depends the purpose and the trend of the new administration. It was a masterly effort, and summed up in the following beautiful and powerful pledge, it gives the people of the country a close insight into the character of the man who is to rule for the next four years, and makes certain the fact that President Wilson will make one of the greatest Presidents this country has ever had. Read this beautiful pledge; it is inspiring, it is lofty, it is simply grand:

"The nation has been deeply stirred by a solemn passion, stirred by the knowledge of wrong, of ideals lost, of government too often debauched and made an instrument of evil. The feelings with which we face this new age of right and opportunity sweep across our heartstrings like some air out of God's own presence, where justice and mercy are reconciled and the judge and the brother are one. We know our task to be no mere task of politics, but a task which shall search us through and through, whether we be able to understand our time and the need of our people, whether we be indeed their spokesmen and interpreters, whether we have the pure heart to comprehend and the rectified will to choose our high course of action."

"This is not a day of triumph; it is a day of dictation. Here muster, not the forces of party, but the forces of humanity. Men's hearts wait upon us; men's lives hang in the balance; men's hopes call upon us to say what we will do. Who shall live up to the great trust? Who dares fail to try? I summon all honest men, all patriotic, all forward-looking men, to my side. God helping me, I will not fail them, if they will but counsel and sustain me!"

Grange Notes.

The fifth anniversary of the grange at Still Pond left a taste in our mouths for "some more please." State Ceres, Mrs. T. E. W. Crewe, was with us and helped us in giving the third and fourth degrees in the afternoon. Mr. Crewe was with us, too, and he helped with the supper. The complete program is as follows:

Piano Quartet..... Mrs. John Schofield and Mrs. A. L. Harris.  
The Anniversary Poem. Read by Mrs. J. H. Kelley  
Vocal Duett..... Mrs. John Schofield and Miss Becha Price.  
First Day at School. Read by Mrs. Harry Williams  
Duett..... Mrs. A. L. Harris with Chorus of Grangers.  
Two readings from Patriot Grange Garner..... Mrs. T. E. W. Crewe.  
Piano Solo..... Mrs. A. L. Harris  
Jokes..... Mrs. Harvey B. Moore  
Piano Duett..... Mrs. Schofield and Mrs. Harris  
"Counting Eggs"..... Mrs. Williams

Three games followed and everybody enjoyed them. A peanut race, prizes won by Mrs. Kelley and Messrs. T. E. W. Crewe and Archibald. Joining the Rosebud Society—introducing the ladies of France. We had the laugh on men, but everything was so funny that they had to laugh too. Mrs. Moore's jokes were equal to any ever given in the best minstrel show, and although some members "blushed" it soon wore off when another surprise was sprung. On Saturday, March 8, the meeting is for all farmers interested in their pocketbooks! At 1 P. M., tomatoes; 3 P. M., chickens! Both money making crops now.

The Best Bargain You Ever Made

HOW do you measure the value of a bargain? Suppose you bought an engine that did practically all of your hardest work for you, sawing, pumping, grinding, etc., and that saved so much money that it soon paid for itself. Would you call that a good bargain?

An I H C engine will do all that, and more. Having paid for itself, it works steadily year after year until, like our Clay County friend who has used an I H C engine for six years, you will say, "My I H C engine is the best bargain I ever made."

IHC Oil and Gas Engines

are thoroughly dependable, and unusually durable. The fine-grained, grey iron cylinders and pistons are worked together to a perfect fit. Ground piston rings insure maximum power from the explosion. The fuel mixer is the most effective known. Bearings are large and carefully fitted. No part is too heavy to be efficient, yet every part is amply strong.

I H C engines are made in all styles—vertical and horizontal; portable and stationary; air and water-cooled; in sizes from 1 to 50-horse power, to operate on gas, gasoline, naphtha, distillate, kerosene or alcohol. Oil tractors, 12 to 60-horse power, for plowing, threshing, etc.; grinding, sawing, pumping and spraying outfits, complete the line.

The I H C local dealer will show you all the good points of the I H C engine. Get catalogue from him, or write
