LOCAL MATTERS

Barn and Shedding Burned.—The James A. Lee farm, recently purchased by Mr. James Newmann, was destroyed by fire of an unknown origin on Sunday night. No stock was burned. The loss is about \$800 with an insurance of \$550 in companies represented by James G. Beck.

Arrangements for the Fourth.—Owing to the fact that Friday next is July Fourth, the TRANSCRIPT will go to press on Thursday afternoon. All changes of advertisements, all news articles and communications must be in our office as early in the week as possible to insure insertion and good position. Our patrons please bear this in mind.

Hurt by Horse.—Mr. J. Romie Byron, one of our prominent farmers living near town was quite badly hurt by one of his horses one day last week. The horse, which Mr. Byron was holding, reared, and in alighting, one of its forefeet struck Mr. Byron on the head, inflicting a gash about three inches long. His physician took several stitches in the wound, and Mr. Byron is doing well and is able to be about.

To Begin Work.—Mr. J. R. Baden, resident road engineer, received a letter from State Engineer Shirley this week instructing him to employ Mr. Jones, an experienced road builder of Wicomico county, and begin the work of constructing the road as soon as possible. Mr. Baden has been in conference with the commissioners, and the work will be done under the supervision of Mr. Baden, as the State representative, and by Mr. Jones, as the county commissioners' representative. Work will begin on or before July 1st.

Struck by Lightning.—During a severe thunder storm on Monday night, the home of Mr. and Mrs. John Dwyer, on the Jump farm in Still Pond Neck, was struck by lightning. The plaster in the ceiling of the room in which Mr. and Mrs. Dwyer were sleeping was knocked all over their bed, but they were not hurt. Mr. Dwyer got up and looked out of the window, and he says he saw a huge ball of fire in the yard from which numerous sparks were emitting. The building was only slightly damaged, and Mr. Dwyer has not been able to find where the bolt entered.

New Chautauqua Feature.—A Rest Tent, on the grounds, this year, besides the great auditorium tent, and a living tent of the crew, a third canvas shelter is erected on the first day. This is the rest tent, made for the accommodation of out-of-town people, especially. There children can be put to sleep, there hot-day head-aches can be relieved. There picnics can take the basket lunches and parties. There the young woman who has charge of the Junior Chautauqua work can be found between sessions in the large tent. The rest tent makes the plan of spending the whole day at Chautauqua with one's family and friends not only possible, but entirely delightful.

Town Election.—A spirited contest for one member of the board of Town Commissioners of Chestertown, took place last Friday afternoon, when the tie vote in a former election was run off. The friends of Mr. Arthur P. Emerson and Col. A. H. Suplee made a stiff fight for their favorite, the result being 36 votes for Col. Suplee and 30 for Mr. Emerson. For the first time in the history of the town a colored man voted in the election and he cast his vote for Col. Suplee. Col. Suplee is a Republican, and received the active support of Mr. Howard Turner, the Organization Democrats' candidate for the Legislature, while Mr. Emerson is a Democrat, and received the support of the great majority of the Democratic vote in the town.

New Freight Service.—Commencing June 20th the Pennsylvania Railroad inaugurated a new daily fast freight service between Baltimore and Chestertown. A regular through merchandise car is now being run daily from President Street Station, Baltimore, and makes delivery at Chestertown the morning after shipment. Freight delivered for shipment at President Street Station up to 3:30 p. m. is forwarded the same afternoon and is regularly delivered here next morning, without transfer or handling en route. Similar deliveries are also made at Worton, Lynch, Still Pond, Kennedyville, Black and Lambsom. The new service is a great benefit to merchants and others, as it gives them a regular daily delivery of Baltimore merchandise during the early business hours of the day and within a few hours after shipment.

A Great Honor.—Mr. W. Bradford Copper, cashier of the Third National Bank of Chestertown, was unanimously elected a member of the Executive Council of the American Bankers Association by the State Bankers' Association in session at the Blue Mountain House on Thursday. Mr. Copper has been president of the State Bankers' Association and has held other positions of prominence in the State Association. His election to this position is not only a great honor, but is a recognition by the bankers of the State of Mr. Copper's superior ability as a financier, and a great compliment to the bank which he so admirably represents. The Executive Council is the directing force of the great banking interests of the country, and Chestertown should feel proud that we have a man who can measure up to its responsibilities.

Those beautiful blooming pink and blue Hydrangeas around the home of Mr. P. A. M. Brooks on the above are one of the most gorgeous sights ever seen in Chestertown. They make the pretty home especially attractive.

Messrs. Needles Bros. are painting the Thomas property on High street, occupied by the postoffice. Rote's jewelry store and the Elite Laundry agency. The home of Mr. Philip G. Wilmer on the avenue is also being beautified by a new dress of paint.

A letter from Mr. Wm. J. Hudson, whose address now is Millbrook, Kendall county, Illinois, states that he and his wife are well, and he sends his kind regards to all his friends and "girls" in Christ Church Christian Endeavor Society.

A meeting of the Federated Club of Chestertown will be held at the home of Mrs. W. W. Hubbard on Saturday evening at eight o'clock. A financial report of the Paint and Powder Club entertainment is the object of the meeting. The ladies cleared above all expenses \$200.00 on this entertainment.

During the season just closed there were shipped 425 cars of strawberries, averaging 240 crates to the car, which sold for over \$300,000 at the depot in Selbyville, Del. This is the largest season ever known and the prices were much better than ever before. Selbyville is the greatest berry shipping place in the United States.

Some time ago Mr. John Hudson set a hen on fifteen eggs. After sitting for two weeks the hen left her nest. Mr. Hudson left the eggs in the nest for nearly a week, when another hen went to sitting. She has hatched six chickens, broken three eggs, and there are several more pipped. This is regarded by poultry men as a remarkable experience.

Mr. Edgar K. Pitsch, a student of Washington College, whose home is in Baltimore, while swimming at the Maryland Swimming Club, last Saturday, found a box of dynamite floating in the river. The box contained 50 pounds of dynamite and was part of the cargo of the Am Chine, the vessel that was destroyed a few weeks ago by an explosion of dynamite that shocked the whole State.

Pitcher Frank Jarman made his debut with the Baltimore base ball team on Wednesday, relieving Morissette in the sixth inning. Jarman delivered the goods. He allowed only two hits in the three innings he pitched, struck out five of the heavy Buffalo batters, and retired the entire side on strikes in the ninth. Besides this splendid record, Jarman was at bat once and laced out a nifty single.

Mr. Fred Hiron, the competent and affable Mail Clerk on the local train has been transferred to the run between New York and Washington, at an increased salary. Mr. Hiron left this week for his new run, and his family will remove to Arlington about Aug. 1. We regret to lose Mr. Hiron and his interesting family. They are deservedly popular, and Fred is a hustler. He will be succeeded on the local train by Mr. Schimp.

A runaway horse created some excitement on the streets on Tuesday evening. Two teams collided on the State road. One of the horses tore from the carriage and dashed down Washington avenue into Cross street. It turned into Court street, where it got tangled in the harness and fell down. It was caught by Mr. Dumont Lambert, who delivered it to the three young men who were in the carriage. The carriage was wrecked, and the young men received minor bruises.

Wm. Jones, of Rock Hall, is reported to have played the role of a Deputy Sheriff for Kent county in Baltimore one day last week. He secured a writ from a Justice of the Peace to arrest some one. It is reported that he arrested a man and later on got in trouble himself. Sheriff McKee reported the matter, and advised us to say that Jones has no authority whatever from him to serve as a deputy, and he is in no manner responsible for his action in Baltimore.

An effort is being made to institute a Tribe, or local branch, of the Improved Order of Red Men, in Chestertown. Mr. John W. Walker, Great Sachem of Maryland, and Mr. Charles W. Townsend, Past Great Sachem, were in town recently canvassing the situation and met with much encouragement. There are now three tribes of Red Men in the county, all of which are in a flourishing condition, and it is believed that Chestertown, with its several secret orders can easily supply the membership for another worthy society like that of the Red Men.

John R. Wood, now working on the State road at Centreville, was before Justice Pennington in Kennedyville on Monday afternoon on the charge of assaulting with intent to kill Mr. D. Thos. Godwin, with whom he formerly lived. The accused was found not guilty and dismissed. An interesting sequel to this trouble is that Mr. Godwin's wife has gone to live with Wood in Centreville. Mr. and Mrs. Godwin had lived together for 20 years without a semblance of a jar until Wood came to live with them. His coming resulted in the elopement and Mr. Godwin is taking the matter philosophically. Wood is about 23 years old while Mrs. Godwin is past 40.
