

Let the Telephone Work for You

What is your time worth an hour? Suppose, for example, we place it at fifty cents. If you could save an hour's time by making a ten-cent telephone call, wouldn't the telephone be saving forty cents for you?

You frequently spend an hour's time in going personally to see a person, where a telephone call would serve just as well. For instance, that personal trip you have arranged for tomorrow—couldn't it be saved by using the telephone?

Let us talk telephone service with you.

THE CHESAPEAKE AND POTOMAC TELEPHONE COMPANY

R. C. HARRIS, Agent

Tel. 9000 Spring Ave., Chestertown

WORTON Carriage and Farm Implement Emporium, A. S. TURNER, Prop.

I have just received another full carload of FINE CARRIAGES. Also have in stock a full and complete line of SURRIES and RUNABOUTS of the Celebrated John Deere line.

FARM IMPLEMENTS

which consist of Disc Cultivators, Disc Harrows, Sulky and Gang Plows.

Also Gasoline Engines

which are the make of the John Deere Plow Company.

The Success and John Deere Spreaders

are on our sample room floor, and need no recommendation, as they are in a class to themselves—have no equal.

Come and inspect my new line of RUNABOUTS and TOP BUGGIES built by John Deere Co. We handle exclusively John Deere line of Implements, viz: Plows, Sulky and Gang Riding Plows, Disc Harrows, Corn Planters, Disc Cultivators, Riding and Walking Cultivators, Mowers, Rakes, Hay Loaders, Potato Planters, Cutters, Sprayers, Diggers, and in fact everything used on an up-to-date farm. We are in a position to give you liberal prices. We buy in carload lots, and thereby save you considerable money on all your purchases.

Thanking you for past favors and a continuance of same. A. S. TURNER, Worton, Md.

THIRD ANNUAL REPORT OF Roads Engineer OF KENT COUNTY.

JUNE 15, 1913. ISAAC GIBBS, JR.

To the BOARD OF COUNTY COMMISSIONERS, Sirs:

I wish to report to you that during the year 1911-1912 that ended May 31, 1912, that sum of \$21,231.58 was expended in making repairs of the roads and bridges of Kent County. Of this amount about \$6,500 had to be spent on work that the heavy rains in March, 1912, made necessary.

In the Second District the foundation of Perkins Mill bridge was washed away, and it cost the county \$1,108.28 to get the bridge rebuilt, and if some of the citizens of the county had not have been willing to lend the money to rebuild the bridge, it would have been six months before Perkins Mill bridge could have been rebuilt and opened to travel.

In the Third District Still Pond Neck causeway washed out, and the people living in the Neck had to drive through Mr. James Harris' property, to get out of the Neck. It cost \$95.00 to build retaining wall for the causeway and to make the roadway so that the people living in the Neck could travel over the causeway. The men who did the work on the Still Pond Neck causeway, did the work in June, and did not receive a cent for their work until November and December.

In the Fourth District the bridge back of the Eliason farm was washed out, and on account of the lack of funds it was impossible to get it replaced until December. A concrete slab bridge was built at the cost of \$397.

In the First District a little over a mile of road from Massey to Sassafras was graveled. This makes about three miles of gravel road that has been completed in the First District. The oldest part of this road is in need of repair, and plans are being made to have this done.

The work last year was held up because the money which was levied for the road was not obtainable until after the work would have been done. A great deal of work was done by men who were willing to wait for their money, but in some places the men would not work until they knew that they could get their money. So the work had to wait.

During the year 88,698 bushels of shells were bought and placed on the roads. Of these shells 27,800 bushels were hauled by farmers of the county free of charge.

Table with 2 columns: SHELLS BY DISTRICTS, and amounts for 2nd, 6th, 7th, and 7th districts.

The road from Chestertown to Tolchester has been scraped during the past year, and arrangements have been made to have it scraped in use after every rain. Arrangements have also been made to have the road from Chestertown to Rock Hall scraped and kept in shape.

FIRST DISTRICT

Table listing names and amounts for the First District, including R. W. Johnson, L. Johnson, W. Johnson, etc.

Total for bridges and roads.....\$381.57

SECOND DISTRICT
