THE JOHNS HOPKINS UNIVERSITY STATE SCHOLARSHIPS IN ENGINEERING COURSES.

Applications for scholarships in the Department of Engineering, established in the Johns Hopkins University under the provisions of the Laws of Maryland, Chapter 20, 1912, should now be made. Entrance examinations for all students will be held in McCoy Hall, the Johns Hopkins University, Baltimore, on SEPTEMBER 30th-OCTOBER 2nd, 1913, beginning at 9 A. M.

If there is more than one applicant for a particular scholarship a competitive examination will be held at the University immediately following the examinations for entrance. In addition to certain collegiate scholarships, the Act provides for 6 scholarships at large and 12 scholarships, each for one year, to be appointed among the counties and Legislative districts of Baltimore city, the same number of awards so far as possible to be made each year. The undergraduate courses in Engineering will extend through four years, and it has been determined to offer 50 of the scholarships in the year 1914. Allegheny, Baltimore, Frederick, Washington counties and the four Legislative districts of Baltimore city will each be entitled to two scholarships, and each of the other counties one scholarship in October, 1913. The six scholarships at large may be awarded at that time. Applicants for scholarships should address the Treasurer, the Johns Hopkins University, for the blank forms of application and for further information as to the examinations and the award of scholarships.
