

CUT THE CORDS

that bind you to your kitchen

Come down to-day and see a graphic picture of conditions that apply in kitchens that lack Hoosier convenience. The whole story is in our window.

THE NEW HOOSIER CABINET

Puts your whole kitchen at fingers' ends, and cuts your work in two. We'll put one in your home to-day **FOR A SINGLE DOLLAR.**

We start to-day to explain the new HOOSIER PLAN by which we are permitted to sell a few of these famous cabinets on surprising terms.

MOST OF THEM ARE ALREADY TAKEN

This plan differs from any other on which furniture was ever sold. Note the details.

1. One dollar puts any Hoosier you select in your home.
2. One dollar weekly dues quickly pay for it.
3. The low cash price fixed by the factory prevails absolutely.
4. The is under the direct supervision of the Hoosier Company.
5. When this allotment is taken, the sale closes.
6. If you are not *delighted* with your cabinet we will gladly refund your money.

When you think of the miles of steps this cabinet saves you *every day*, can you daily postpone looking at these cabinets *until it is too late to enroll?* The time is getting short. Come in to-day and look at these Hoosiers. You place yourself under no obligation.

You will not be asked to buy.

unless you realize yourself the need of this cabinet in your home. But if you do not enroll, remember, some other woman will enjoy the privilege that is now yours if you enroll to-day.

Nothing you have seen will save you so much labor in your kitchen, if you act to-day.

The Light-Running New Home Sewing Machines at very low prices. Also Needles, Shuttles and Bobbins for all makes Sewing Machines.

ORCHARDISTS SHOULD GUARD AGAINST SCALE INJURY.

Spraying With Lime Sulphur Solution While Dormant Is Recommended.

T. B. SYMONS,
Director of the Extension Service.

It is now the duty of every orchardist to examine his orchard and prepare for the dormant spraying, for the control of the San Jose scale. In some sections of the State, we have received reports that the San Jose Scale has increased considerably during the past season; in others, it has not given much trouble. The pest should be watched carefully in each orchard, and only after a very thorough examination should the orchardist decide not to treat or to skip a season of dormant spraying. In the case of peach trees the orchardist should remember that dormant spraying with lime-sulphur tends to reduce injury from curl-leaf.

The concentrated lime-sulphur solution is now quite generally used for the control of the pest. It can best be purchased from manufacturers or the solution can be made on the farm. When only a small orchard is to be treated, it is undoubtedly best to purchase the solution, but if a large number of trees is to be sprayed and the grower desires to practice economy, he can mix the solution himself with little inconvenience. There is practically no difference in the effectiveness of a good home-made concentrated solution and a good manufactured product. For those who may desire to make their own solution, the following formula and method of preparation is considered the best.

SIMPLE SPRAYING OUTFIT.

Best stone lime, 50 lbs.; Sulphur (any kind finely ground, 98 per cent. pure), 100 lbs.; Water, 50 gals.

Directions:—Heat about twenty gallons of water in an iron vat or by steam in barrels to near boiling, and add stone lime and sulphur gradually, to prevent boiling over. Vigorous motion will take place and cold water should be near at hand to be added gradually, to make a total of about 55 gallons. The solution should boil vigorously for one hour. It is then ready to be stored or to be diluted and used at once. In storing the solution it is necessary to exclude air from it as much as possible, by either filling up the barrel or other container completely with the liquid, or by putting a film of oil on the surface of the solution. The stored solution should be protected from extreme cold weather.

NEIGHBORHOOD SHORT COURSES A NEW FEATURE OF EXTENSION WORK.

The Neighborhood Short Course now being given in various sections by the Agricultural College, rural and suburban people for instruction along any particular line in which the neighborhood is especially interested; that is, more thorough and extended than is possible at a one-day meeting or visit. The Neighborhood Short Course is conducted for four days at any given place. Sessions may be held in the morning and afternoon, or evening, depending upon the desire and convenience of the patrons.

Instruction is given in the following subjects: Soils, Farm Crops, Orchard Crops, Truck Crop, Gardening, Dairy Husbandry, Poultry Husbandry, Plant Diseases and Injurious Insects. It is recommended that not more than two of these subjects be discussed at any one school, so that each may be conducted as thoroughly as possible.

The aim is to give lectures on the subject supplemented by practical demonstrations. The most essential thing for the success of the neighborhood short courses is,—that the farmers, business men or commercial clubs, —the women, the school teachers and superintendents,—in fact, everyone,—shall interest themselves in the course, and take an active part in the plans to secure the course, and carry it through to a successful conclusion.

Where possible orchardists should secure power sprayers, as not only the dormant spraying, but treatment later on the season when trees are in foliage, can be best applied, and more satisfactory results secured with such outfits. The barrel or other hand-pump should only be used for very small orchards which do not justify the expense of purchasing power machines.

All orchards should be pruned before being sprayed as the latter can be done more effectively when useless limbs and twigs are cut out.

The Extension Service of the Agricultural College desires to conduct as many pruning and spraying demonstrations as its means will permit.

"UNCLE JOE" IN HOT WATER.

The investigations into election frauds made by the Federal authorities, which resulted in a large number of offenders pleading guilty in Indiana, have been transferred to Illinois, with special reference to the election for Congress in the Eighteenth district, last November, which resulted in the return of "Uncle Joe" Cannon to his old seat in the House of Representatives. Charges have been made that more than 4,000 votes were purchased for Cannon and the rest of the Republican ticket at that election.

Coupled with the known results in Indiana, these charges indicate that thousands of dollars were employed throughout the country during the last campaign, in a desperate effort to elect a Congress favorable to a return to high tariff protection. Those who profit so enormously by protection evidently "shelled out" freely. But if the frauds can be proved, their special champion, "Uncle Joe" Cannon, should not be permitted to hold his seat.

Annual Meeting.

A meeting of the Board of Directors of the Peerless Fertilizer Company, was held at their offices in Chestertown, Md., on Jan. 18th, at 11.30 o'clock. Mr. Wilbur W. Hubbard was re-elected president; David B. Ford, secretary; Jesse Medders, treasurer; William H. Elliott, book-keeper; Clarence Newcomb; asst. book-keeper and Stenographer, and Lawrence R. Duyer, superintendent. The business of the past year was gone over and considered satisfactory.

At the conclusion of the business meeting the officers and directors of the company, together with a number of invited guests, were entertained at Mr. Hubbard's home at dinner and the following gentlemen were present: Rev. W. R. Graham, Messrs. William J. Vannort, Samuel Vannort, R. H. Collins, James T. Anthony, J. D. Bacchus, W. B. Copper, Wm. B. Usilton, Clifton L. Jarrell, Wilbur W. Hubbard, David B. Ford, Jesse Medders, Wm. H. Elliott, Clarence Newcomb, Lawrence R. Duyer, H. H. Klinefelter, Polk T. Bramble; E. C. Daly, Hartly, Del.

Kennedyville Items.

The funeral of Mrs. Laura M. Clendaniel was held at 12 o'clock noon on Sunday last, at her late residence. The many people present attested to the high honor and esteem in which she was held by members of this community. The funeral was conducted by her pastor, Rev. Frank S. Cain.

Mr. George Roeder continues quite ill, but is somewhat improved at this time.

Mr. Robert VanDyke, who has been quite ill for quite a while with typhoid fever, we are sorry to say, is now in a critical condition. We hope he may soon recover. His father, Mr. Thomas VanDyke, still continues ill.

Mr. and Mrs. John McCabe spent the week-end guests of her parents at Selbyville, Del.

The regular meeting of Kennedyville Grange No. 244, was held on Monday last 7.30 P. M., when the installation of officers for the present year was held. On Monday evening next there will be a class iniated into the mysteries of the grange. It is hoped all applicants will be on hand.

Mr. and Mrs. Touney Crew spent some time at the home of her brother, Mr. Thomas VanDyke.

The wind storm of last week blew over and demolished the windmill on the Perkins Hill farm, tenanted by Mr. S. C. Skinner.

Mrs. L. A. Pennington and Miss Lulu VanDye are on the sick list.

Mr. E. L. Redmile is in the Monumental city on a business trip.

Usual service in the Methodist Protestant Church on Sunday next will be as follows: Sunday school 9.30 A. M., preaching 10.30 A. M. and 7.45 P. M., by the pastor, Rev. Frank S. Cain. Christian Endeavor 7.15 P. M.

Too Many Commissions.

The Princess Anne Marylander and Herald in speaking of the deficit of $1,000,000 in the Maryland Treasury made known by Comptroller Harrington last week, says:

"There can be no doubt that one of the chief reasons for a money shortage is due to the doctrine of many commissions. We are not surprised, therefore, that the result should be such as the Comptroller indicates. It has been our wonder how the money to provide for them would be reached. It is the opinion of many, that commissions have multiplied most vexatiously and the wonder is that the Governor did not use his pruning knife more vigorously after the 1914 Legislature.

RESOLUTIONS OF RESPECT.

WHEREAS, It has seemed wise to our Heavenly Father to call from our midst our beloved friend and helper, Sister Laura M. Clendaniel, and has transferred her name from the mortal to the immortal. Therefore, be it

Resolved, That with deep sorrow we bow to the will of a mysterious Providence and Divine Father, knowing that He doeth all things well.

Resolved, That in the death of Sister Laura M. Clendaniel, this Pomona Grange of Kent county, Md., has lost a useful member; that her sons have lost a loving, genial, kind and devoted mother, and her sister, a loving and affectionate sister, and the community, one who was always interested in its welfare.

Resolved, That we extend to all her children and friends our deepest and heartfelt sympathy in this hour of sorrow.

Resolved, That this testimonial of our sympathy and sorrow be presented to the sons of the deceased, and that a copy of these resolutions be spread upon the minutes of this Pomona Grange, and also sent to the county papers for publication.

REV. FRANK S. CAIN,
MRS. LILLIE KELLEY,
ROBERT J. HILL, } Committee.
