The Federated Club.

A meeting of The Federated Club of Chestertown, was held at the home of Mrs. W. W. Hubbard on Saturday evening last. Mr. Harris, who has charge of the Telephone service of Chestertown and Kent county met with the ladies and a very amicable discussion of the service both from the standpoint of the company and its patrons was held, resulting in a very much better understanding on both sides.

A resolution was passed, requesting the Corresponding Secretary to communicate with the State censor of Moving Pictures, denouncing the exhibition of films portraying the Coleman murderers in charge of the Baltimore detectives and Maryland State Troops.

The ladies have made arrangements with the Antrin Bureau to have Dr. Gray on Feb. 16th, deliver the lecture that he was unable to deliver when Dr. Seasholes took his place. All holders of season tickets for the series of entertainments given as the Winter Chautauqua can attend the lecture without extra charge. They are requested to show their season tickets at the door. This makes five entertainments that the ladies have given for one dollar, which is a very nominal charge.

For Results Advertise In Local Paper.

"How to Make Advertising Pay" was the theme of an address last week by Edvard S. Ralph of Springfield, Mass., at the meeting of the Agricultural Implement and Vehicle Association held in Philadelphia at the Continental Hotel. Mr. Ralph said that he advocated advertising in the local newspapers as the best method of reaching the people and getting down to the real buyers. He thought that circular advertising was far less effective than advertising in a good, live, local newspaper but he impressed upon his hearers that for an advertisment to pay it must be inserted in a live newspaper which had a real circulation among the people and if such a newspaper was selected that the advertiser could expend his money with every reasonable assurance that it would bring its returns. Mr. Ralph also impressed upon his hearers the home newspaper which, he said, was always trying to promote the community in which it was published and it should receive the hearty co-operation of the merchants and manufacturers who had goods to sell by liberal patronage in advertising space. It is hard to estimate just how much a live newspaper does contribute to its community and very often it is not appreciated by the business world.

Grange Notes.

Fairlee Grange held a special meeting in the grange hall on Wednesday, Jan. 21st. A large number were present and the following interesting and instructive program was rendered: "Has the Grange Measured up to its Possibilities?" was ably discussed by Mr. Wm. G. Smyth; "What can our Grange do Toward Reclaiming Worthy Members Who Have Ceased to Attend the Meetings?" by Miss Ida Crew; "Which Presents the Greatest Opportunity to the Young Man of To-day, Agriculture or a Profession?" by Mr. Stockton Startt; reading, by Mrs. Walter Fletcher; reading, by Miss Mary Richardson; reading, by Miss Francis Corey; solo, by Miss Catherine Kendall; debate, "Resolved, That Woman is More Influential in the World To-day Than Man," affirmative—Mrs. Tilghman Hudson, negative—Mr. Stockton Startt; a duet and quartette was very sweetly rendered by Mrs. Jones and Mrs. Hatcherson and Messrs. Skirven and Usilton; Mrs. H. C. Willis read a letter written by a Kent county lady and published in the Baltimore Sun on the atrocious crime recently committed in our immediate community; "Do we Need Progressive Housekeepers on the Farm?" by Mrs. E. A. Corey; "What is the Hardest Part of a Woman's Work on the Farm?" by Mrs. Walter Morris; "Tell the Funniest Story in Your Experience," by Mr. Charles Skirven; "At What Age Should Girls be Allowed to go to a Place of Amusement Without a Chaperon?" by Mrs. H. C. Willis. The Garner, which was very interesting, was edited by Mrs. Charles Skirven. After the program a bountious supper was served.

A BRONCHIAL COUGH

is wearing and dangerous because the inflamed, mucus-filled tubes interfere with breathing and the fresh air passes through that unhealthy tissue.

Probably no other remedy affords such prompt and permanent relief as *Scott's Emulsion;* it checks the cough, heals the linings of the throat and bronchial tubes and strengthens the lungs to avert tuberculosis. This point cannot be emphasized too strongly—that *Scott's Emulsion* has been suppressing bronchitis for forty years and will help *you.*

Be careful to avoid substitutes and insist on SCOTT'S.

Human Factors in Good Service

There are three parties to every telephone conversation—the person calling, the trained operator, and the person who answers. All three share alike the responsibility for quick and accurate service.

The person calling should give the correct number in a distinct voice, speaking directly into the transmitter, and wait at the telephone until the called party answers or the operator reports. The person called should answer promptly.

Patience on the part of the telephone user and the telephone operator is essential to good service.
