TO OUR ADVERTISERS.

The TRANSCRIPT has endeavored during the past year to give its advertisers the very best possible service. We have allowed our advertisers to bring changes of copy to the office at any time preceding press day, and the adv. has been reset in nearly every instance. This has become a serious problem with our greatly increased job trade, and we must make some other arrangement with our advertisers to meet their requests and at the same time relieve the inconvenience caused by requests for late changes. We must ask all advertisers desiring changes of copy to have their changes in our office not later than Wednesday noon, and this will in a measure relieve the inconvenience to which late changes put our composing force. We shall do our best to give our advertisers the very best possible service this year, and if they will comply with this request we feel sure we can accomplish the object desired.

IT is reported that there are ten applicants for the postoffice at Betterton. There are three at Worton, two at Galt's, several at Galena, Kennedyville, Still Pond and Rock Hall. The race is a free-for-all since the man who gets the hignest mark in the examination to be held in Chestertown March 14, lands the job.

SENATOR COOPER, of Caroline county, has introduced a bill to apply the Hazel anti-shipping bill to Caroline county; Senator Jesse D. Price will introduce a similar bill for Worcester; Senator Williams will do the same for Cecil county, and a petition is being circulated for the introduction of a similar bill for Talbot county. The bill introduced by Senator Beck, of Kent, is only an anti-soliciting bill.

IN another column in this issue Mr. William S. Carroll announces his candidacy for reelection as Town Commissioner. Mr Carroll has been a commissioner of Chestertown for a number of years, during which time he has discharged the duties of the office faithfullly and in the interest of the development and improvement of the town. We believe Mr. Carroll is worthy of reelection, and in our judgment he should have no opposition in the approaching election in April.

THE suggestion of the TRANSCRIPT that an anti-spitting-on-the-pavements ordinance be passed by the town commissioners and enforced by the authorities as a protection to the health of the people of the community has born fruit, a public meeting having been held in Firemen's Hall for the purpose of bringing the matter to the attention of the town authorities on Monday evening. The town commissioners should not only pass such an ordinance but they should see that it is rigidly enforced.

IT IS reported upon the authority of those who have studied the question that at Havre de Grace, Pimlico and Laurel, Md., race tracks last year, $7,500,000 changed hands on betting. Much of this astonishing sum came from the pockets of those people who work on small salaries, many of whom were financially ruined. Is it not time that the Maryland Legislature pass legislation putting a stop to one of the most demoralizing practices of modern times? The race track followers of the ponies have killed legitimate racing in the State, and it is about time that the people of the State were demanding the elimination of race track gambling.

SHOULD REAPPOINT DR. STEPHENS.

The term of Dr. M. Bates Stephens as Superintendent of State Education ends this spring. We believe we voice the sentiment of every teacher and school official in Kent county when we say that Gov. Goldsborough should reappoint Dr. Stephens. We take this position, not because Dr. Stephens is a Democrat, but because we feel that he has given the State educational system a most efficient service, and stands for progress rather than retrogrsesion in the field of education. We know the capabilities of Dr. Stephens. We served under him when we were a member of the teaching fraternity, and we know that his service has resulted in uplifting the standard of education throughout the State. He should be reappointed for the future welfare of the State school system.

Our County.

Our Magazine Section known as "Our County" was not circulated in January for the reason that a Christmas number was circulated in December, and to make the twelve issues in the year, the January issue was omitted. This gave the management an opportunity to add a new and forceful feature to the magazine under the caption "The World's News", so that with this addition the magazine will be complete. The merchants of the town who have purchased advertising space in the magazine are directed to have their copy in the New York office by the fifth of every month, otherwise their adv. will stand for successive issues. Other features of an important character represented by the gift cards, will be forthcoming very shortly, and the February number of the magazine will be issued on February 14th. If you are not a subscriber to the TRANSCRIPT you had better send in your name, for the magazine itself is well worth the price of subscription and you get that absolutely free.

MARYLAND LEGISLATURE.

Senator Beck, of Kent, has introduced a bill in the Senate to change the date for holding primaries throughout the State from the first week in September to June 15th. This is a wise move on the part of the Kent Senator for should the bill become a law, it will relieve the people of a long and bitter contest, and enable them to perform their duties without the excitement incident to a long drawn out scramble for office.

Senator Maloy has introduced a bill in the Senate to greatly increase the licenses for automobiles. The provisions of the bill are so drastic as to give the impression that the bill is a joke. It is either that or Senator Maloy does not own an auto and he is jealous of the other fellow who may be more fortunnte than himself. Under the bill the owner of a Ford car would be compelled to pay $100 license, while the owner of a 40-horsepower car would be compelled to pay $150 a year.

The House of Delegates, by a heavy vote, killed the bill providing for Sunday base ball in Baltimore city. The members of the House certainly showed their good sense.

A bill providing for an increase in the salaries of teachers throughout the State has been introduced. There is a strong sentiment throughout the State for this bill.

President James W. Cain, Judge James A. Pearce, and several others interested in Washington College, were in Annapolis this week, looking after the interests of the college, which is to be a part of the proposed State University.

Large delegations from Kent, Queen Annes and other counties appeared Wednesday before the House Committee on Highways and urged legislation by which traction engines will be permitted to use the state's highways. Mr. Willis, of Kent, a former member of the House, was chief spokesman.

Senator Beck, of Kent county, Wednesday introduced a bill providing that no person shall at any time be allowed to fish with purse net at any point in the Chesapeake Bay north of a line drawn east from Robin's Point, on the Western Shore, to Handy's Point, on the Eastern Shore of Maryland. It also provides that no person shall fish with purse nets within the state of Maryland south of the line drawn from the line aforesaid due east to the Eastern Shore without first obtaining a license so to do from the Comptroller of the Treasury. Applicants for such privilege must pay $25 for each purse net owned and operated by them, the money to be used for the maintenance of the state oyster navy.

SIGNS OF CIVIC BETTERMENT.

A wave of progress has come over the spirit of Chestertown's dreams, and the year 1914 bids fair to be a memorable one in the history of a town whose advantages and opportunities for development are making themselves manifest as never before. We have space only to outline the many movements towards the "city progressive," and if they can be accomplished during the present year, there will be a new Chestertown when the year 1915 is born. Here are the movements:

The body of merchants of Chestertown were called together in meeting at the office of Messrs. Davis & Satterfield last Friday evening to form a permanent organization, and the following officers were elected for the year 1914: Mr. M. A. Toulson, president; Mr. Herman Blackway, vice-president; Mr. A. W. Carmine, secretary, and Mr. Samuel Kreeger, treasurer.

Several matters of interest to the merchants generally were informally discussed and committees were appointed to make a report yesterday evening of recommendations looking toward plans to better trade conditions in Chestertown, offering suggestions that will facilitate the trade of county customers especially and to suggest plans to the merchants that will lead to offering greater attractions in the town to its customers as a whole.

The enthusiasm that pervaded the meeting far eclipsed any former meeting of its kind, and it is an assured fact that the merchants of the town are banded together to do all they can in this move to make the organization a complete success. Several plans are now under consideration and the spring promises to be full of things of interest to the outside customers that will make it more than ever advisable to do their shopping in Chestertown.

The merchants are very willing to hear any suggestions from their patrons and would advise that if they can be of any service to them in any way, that the matter be presented to the Executive Committee, of which Mr. M. A. Toulson is chairman.

Last Monday evening the Town Improvement Society, following a suggestion made by the TRANSCRIPT, met the Board of Town Commissioners and urged the passage of an ordinance against spitting on our sidewalks. There should be no letup in the matter until an ordinance is passed and rigidly enforced against this most dangerous practice, and there should be other ordinances passed for the benefit of the health and good order of the town.

On Tuesday afternoon members of the Town Relief Society and others interested in the work assembled in public meeting in the Lyceum Theatre to discuss the establishment of an Emergency Hospital and an Old People's Home. The unanimous opinion of every one present was that our town needs such an institution, and Dr. Frank B. Hines, one of our leading physicians, made a forceful and urgent plea for the establishment of the hospital. He assured the relief society that the physicians of the town and county realize the pressing need for such an institution, and said that he was quite sure that every physician in the county would co-operate with the society in the establishment of the institution. The sentiment was strong for a hospital and home combined, and an executive committee was appointed to devide the county into districts, each of which shall have a committee whose business it will be to solicit subscriptions. It was agreed to raise the sum of $5,000 at once, and to rent a temporary building if a suitable one can be found. It is also proposed to ask our representatives in the Maryland Legislature to use their influence to secure an annual appropriation for the maintenance of the institution. All the ladies present formed themselves into a committee of the whole, and elected Mrs. J. Hydie Thompson chairman, for the purpose of holding a big bazaar in the town the week following Easter, for the purpose of raising funds. The meeting was a most profitable one, yet it is a pity that it was not more largely attended. We are sure, however, that the movement will be a success and before the close of the year we expect to see the plans for a Hospital and Old People's Home combined fully matured.

On Tuesday evening a public meeting of the tax-payers of the town met the Town Commissioners in public meeting to discuss the improvement of the streets of the town and to provide for sewer improvements. It was agreed to have a bill passed at the present session of the Legislature to provide for the bonding of the town for $25,000 to improve the following streets: High street from Voshell House to Ringgold's corner; Cross street from High to the depot, and Queen street from High to Maple avenue, to connect with the State road which it is expected will be extended to the bridge. New sewers will be laid on High and Cannon street and College avenue. This bond issue can be provided for without increasing the town tax rate, and the bill will contain the referendum clause. The Messrs. Brooks very generously offered to haul and spread without cost to the town oyster shells to improve the road from the old depot to the mill if the town will pay for the shells delivered in Chestertown. The Commissioners should accept this generous offer for the improvement of the mill road is one of the greatest needs we have. More about this later. A resolution was also passed providing for a change in the method of electing the water board, and a bill will be introduced in the Legislature to that effect. It is propose to elect one member each year.

The Choral Society, composed of the singers and musicians of the town, met for their first rehearsal on Tuesday evening, and the success of the society is assured.

All these contemplated improvements show the spirit of progress that is manifesting itself in our town, and it is hoped that this spirit will continue.

Daughters 13th Anniversary.

The Daughters of America of Chestertown delightfully celebrated their thirteenth Anniversary Friday night at Firemen's Hall. The hall was beautifully trimmed with American flags and flowers. Under the able direction of Miss Nettie Gooding, the first Councillor of the Chestertown Daughters, a splendid program was rendered. The Daughters had as their guests the Junior Order members and the Patriotics of the town; also the Rock Hall Daughters. After the program, refreshments in abundance, consisting of ice cream, candy, and fruits of all kinds, were served. The following excellent program was rendered: 1, Opening Ode, "My Country 'Tis of thee," entire audience; 2, Prayer, Dr. L. E. Barrett; 3, Quartette, Mrs. Merrick Clements, Miss Mable Toulson, Miss Hallie Toulson, Mrs. P. T. Bramble; 4, Address, Prof. J. L. Smyth; 5, Violin Solo, Master Merritt Twilley; 6, Recitation, Miss Hallie Cooper; 7, Duet Mrs. Merrick Clements, Miss Fannie Stuart; 8, Address, Dr. L. E. Barrett; 9, Solo, Miss Fannie Stuart; 10, Recitation, Mr. Wm. M. Reiche.

IN THE CHURCHES.

Preaching in his pulpit in Chestertown M. E. Church Sunday night, Rev. L. E. Barrett spoke on "The Young Man in Retreat," and he said one of the saddest sights in the world was to see a young man in the bloom of youth, in retreat. Dr. Barrett lauded Mr. Ford, president of the Ford Automobile Co., for his recent generous distribution of $10,000,000 to his employees; also John Wanamaker, the merchant prince; and cited them as model men of wealth, and told of the doors of opportunity for good which are open to the rich.

The 33rd anniversary of the Christian Endeavor was observed at the M. P. Church Sunday evening by an appropriate program, under the leadership of Miss Mamye Thompson. Mrs. Frank Jarrell rendered a sweet vocal solo and Miss Elizabeth Reed rendered a violin solo. Papers were read by Mrs. Ralph Barnett, Miss Tabitha Wheat, Miss Hope Sappington, Miss Fannie Baker, Mrs. C. N. Satterfield and Albert Wheat.

Chestertown M. E. Church—Rev. L. E. Barrett, D. D., pastor. Services next Sunday, Feb. 8th, as follows: 10.30 A. M., preaching by the pastor, subject, "The Midnight Cry"; 2.15 P. M., Sabbath School and Pastor's Bible Class; 7.00 P. M., Epworth League Song Service; 7.30 preaching by the Pastor, followed by Altar services. All invited and made welcome.

Christ Methodist Protestant Church, Dr. W. R. Graham, pastor. Revival services continued in this church on Sunday, February 8th, and every night during the week except Saturday night. Sunday services and preaching by the pastor at 10.30 A. M. and 7.30 P. M. Sabbath School 2.30 P. M.; missionary day in Sunday school. Christian Endeavor service 6.45 P. M.

Rev. R. B. Nichols, for some years a missionary in Salt Lake City, Utah, will deliver an address on Mormonism in Worton M. E. Church on Monday evening at 7.45 and in Fairlee M. E. Church on Tuesday evening at the same hour. It will be a treat to hear Mr. Nichols.

Rev. Dr. W. R. Graham has been conducting a series of interesting and profitable revival services during the week. He was assisted on Thursday evening by Rev. H. B. Jester, pastor of St. James and Lynch, who preached a very helpful and spiritual sermon.

Our Merchants' Interests.

See J. S. Kreeger's eye advertisement this week on page 4.

Beginning next Monday, Feb. 9th, there will be a special demonstration and sale of the Great Domestic Range at the big hardware store of Mr. Paul Comegys, Millington. The demonstration will continue one week, and the quality of these ranges is so well known to the people of this county that there will be no trouble for Mr. Comegys to get a crowd and make a number of sales. This is undoubtedly one of the best ranges on the market and when you buy one you get some valuable cooking utinsils in the bargain. Go to see the demonstration. It will pay you.

A. Cohen, Sandy Bottsm, will pay two cents above market priee for eggs next Wednesday. He also has other bargains for sale.

Brown Bros. have inaugurated a great outlet sale for the whole month of February. Every article of clothing, furnishings, shoes, hats, etc., is offered at from ¼, ⅓ to ½ of the regular price, and all of these goods are of such a quality that you can't afford to miss this chance to invest your money.

Big clearance sale of all winter goods in A. L. Sparks' big store. Mr. Sparks carries one of the finest assortments of dress goods, milinery, coats, suits and notions in the county and he has put a price on all goods that is in keeping with a thoroughly genuine and reliable clearance sale.

Kilbourn & Bramble, the big Fairlee merchants, are having a big reduction sale. Everything in the big store is offered at greatly reduced prices, and it will be sold strictly as advertised. You will be interested in reading the big adv. on page 2. Look it up.

ASTIGMATISM OF THE EYE

When an eye is said to be astigmatic, the meaning is that the eye has a double focus. This annoys the brain and the eye will strain unconsciously to bring about a clear focus; this strain usually causes headaches. Astigmatism is usually congenital or so at birth—it is remedied by wearing glasses ground from the segment of a cylinder. These glasses, if rightly made, bring images to a focus on the retina and thus relieve all strain. Children as well as adults suffer from astigmatism. I am prepared to correct all common or complicated errors of sight—my examinations are free.
