LOCAL MATTERS

Tomato Contracts.—At a meeting of the tomato growers of Broad Neck section held at the home of Mr. George Beck Wednesday, Mr. Richard Groves, acting for a Baltimore packer, offered the growers 16 cents a basket. No action, we understand, was taken by the growers, but it is regarded as a good price. It is believed that the contract price this season will be $10 per ton.

Has Reached Age Limit.—Joseph T. Richards, of Philadelphia, consulting engineer of the Pennsylvania Railroad, will retire March 1, having reached the age limit. Mr. Richards was born at Porter's bridge, Cecil county in 1845. He was educated at West Nottingham Academy, and has been in the employ of the Pennsylvania Railroad since 1869. Mr. Richards is well and favorably known to the older residents of this town. He married Miss Martha Ernest formerly of this town and he has many friends here who congratulate him on his long and faithful service. Mr. Richards was at one time superintendent of the Delaware Bay Railroad now the Pennsylvania, and during his residence in Chestertown he boarded with the late Mrs. Sarah A. Dodd.

Mr. George Bell has been selected by Mr. C. C. Jones, the shoe man, as the successor to Mr. Hackett Emerson, who has accepted a position with the new White House shoe shop.

Our painters are busy booking orders for spring work, our carpenters are laying plans for big building operations, and altogether a "City Beautifull" movement is well under way for Chestertown.

Capt. John Brice, superintendent of Ericcson Pier in Betterton, was in town on Tuesday and stated that rock fish have begun to run and the fishermen made their first shipment from Bettertown last Saturday, just 20 days earlier than last year.

The entertainment given in Firemen's Hall on Tuesday evening by Mrs. Marion Ballou Fiske, Cartoonist, was greatly enjoyed by a good audience. Mrs. Fiske is a charming entertainer and her works of art are a treat for the most critical.

There is a general comment all over the town upon the taste displayed by H. Sachs & Son in trimming their pretty display windows with their samples of ladies dress patterns and samples of men's clothing. It is attractive and marks their spring opening display.

The fourth Peabody concert in the Lyceum Theatre last Friday night was a splendid success. The violinist and pianist were the best ever heard in Chestertown while the Soprano possessed a pleasing voice. The last concert in the course will be given March 12th.

Mr. P. E. Corkran, who runs an Auto truck route between Easton, Hurlock and Cambridge, was in Chestertown on business on Wednesday. Mr. Corkran was on his way to Wilmington to dispose of a large truck. He has placed three trucks in Wilmington recently.

The young Men's Club of Christ M. P. Church will present "The Ancient Order of the Knights of Chivalry," a roaring farce in one act together with a Minstrel show. Some of the town's best talent will be seen in this performance which will be held about the middle of March. Watch for the date.

The Board of Town Commissioners we understand, have passed an ordinance forbidding teams and wagons to pass over the streets in Chestertown faster than a welk. It is all right for heavy wagons to be made to go in a walk, but this ordinance should not apply to carriages and dearborns. A stricter enforcement of the law against speeding automobiles and motorcycles should be rigidly enforced.

Worton Grange Notes.

One of the most profitable and enjoyable meetings of Worton Grange was held on Monday night, Feb. 22. It being Washington's birthday quite a good many were dressed in costumes of Ye Olden Time. The hall looked very nice in its neat decorations of evergreen and bunting, etc., and as a suprise to those who had not been attending regularly a nice organ occupied a place of honor nearly equal to that of our worthy George Washington. After the business meeting the friends of the members were invited to enjoy the lecturer's program and to partake of the feast of good things provided for the inner man by the ladies. It was only called a luncheon, but if country ham, chicken, chicken salad, potato salad, cold slaw, biscuit, rolls, jelly, butter and coffee in abundance would not justify one in calling it a supper, it is at least good enough for us here. The literary program was spicy and pleasing to the many present. Several readings by Bro. B. Cooper, Sisters Jewell, Ida Loller and B. Loller, recitations by several of the little tots present. Music, both vocal and instrumental, was enjoyed to a late hour and all seemed loath to depart. Next Monday night meeting at 7.30. Come out and be one of us.

Kennedyville Grange, No. 244, held quite a large meeting on Monday night, February 22. Some time was spent in the discussion of matters of business, following which a program was given of subjects upon the life of George Washington as farmer, soldier and statesman. A humorous sketch was also presented. George and Martha Washington were presented to the audience, and with their friends of "Ye Olden Time," added much to the life of the evening in joining the games of their period.

STILL POND GRANGE.

The regular meeting of Still Pond Grange was held in the Grange Hall on Saturday afternoon. The labor question was thoroughly discussed and it was decided that if every farmer would employ one or more foreigners that it would greatly relieve the labor problem. A number of the Grangers had tried them and found them to be very satisfactory. The tomato situation was also discussed and it was determined to turn the attention of the farmers to the growing of more corn this year and paying less attention to growing of tomatoes so as not to overstock the market.

The seventh anniversary of Still Pond Grange will be held next Saturday. The business meeting will take place as usual at 2.30, a basket supper will be served at 5 o'clock and the lecture hour will be opened to the public at seven o'clock. Sister Lillie Kelly, the lecturer, has prepared an especially interesting program for the evening.

GALENA GRANGE ON THE MAP.

One of the largest attended and most enthusiastic meetings ever held in the county came off Thursday night. Forty new members were initiated by Kennedyville Grange team.

The clutch soon wears out and may fail to work when you need it most. Avoid this danger by buying a J. I. CASE Power Drive Planter where the parts performing the function of the drill shift clutch are found on the slow moving MAIN axle. They are made heavy and strong.
