EDITORS.

FORMER Congressman Joshua W. Miles is being mentioned as the probable successor to John B. Hanna as Collector of Internal Revenue.

REGISTER OF WILLS Jesse R. Copper had a strong letter in the People's Column of the Sun on Tuesday in defense of early primaries. It was a good, strong argument in favor of the Beck Bill now in the Senate.

THE TRANSCRIPT has demonstrated the fact during the past two issues that there should be one or more additional night officers appointed for the people's protection against thieves and fire. The Town Commissioners should not hesitate to accede to this demand on the part of the people.

CONGRESSMAN J. Harry Covington, whose name has been prominently mentioned as the successor of the late Judge Harry M. Clabaugh on the bench of the Supreme Court of the District of Columbia, has announced his candidacy for re-election to Congress from the First Maryland District.

THE bill introduced in the Senate by Senator Williams, of Cecil county, to abolish the race-track at Havre de Grace, which is regarded as one of the greatest gambling concerns in the country, was killed by the Senate this week. Senator Beck, of Kent, voted with the race-track people to kill Senator Williams' bill.

WE will bet dollars to doughnuts that when the real gist of the Shepherd bill is known the oystermen will find they have been handed a lemon. Didn't Senator Beck say in his argument on the question on Tuesday that the Shepherd bill is an honest effort to cure existing defects in the Haman law? Read his statement in another column and see. And if it isn't why didn't they pass the Milbourne bill which provided for absolute repeal of the Haman Bill?

THE Finance Committee of the Senate has reported the Tax Reform Bill favorably in the Senate, with an amendment naming Arthur P. Gorman, Lewin W. Wickes, Democrats, and Judge Leser the commission to adjust the State taxes. Regardless of the name of Mr. Wickes in connection with this bill, in our judgment the bill should never pass, because we regard it as nothing more nor less than a political move to create more high-salaried offices at terrible expense to the taxpayers. Each member of the commission is to receive $3,000 a year salary, a secretary $2,400, and each county is given a tax supervisor at a salary in proportion to the taxable basis of the county. Kent's supervisor would receive $800. This is an absurdly extravagant method of collecting the State taxes.

MR. BECK ON BAND WAGON.

Mr. Beck has introduced a bill in the Senate to appropriate $150,000 of the proposed State road loan to Kent county for a road from Chestertown through Fairlee to some point on the Chesapeake Bay. The State Road Commission through Hope H. and L. Wethered Barroll, Esqs., working through Mr. Miller of the commission, has agreed to use a part of the State road loan for the building of a road, and the route of the road has been mapped out. We understand that Mr. Beck is using the same route and is seeking thereby to create the impression that this in *his* movement. Oh! No, Mr. Beck, you can't steal our thunder that way, you're too late. The agreement with the State Road Commission already exists, if they secure the $6,000,000 loan.

THE VERDICT AT ELKTON.

We do not think that the verdict in the case of the Coleman murderers at Elkton occasioned any great surprise among the people of Kent county. Our people believed that there were no extenuating circumstances whatever connected with a crime so brutal as the murder of one of Kent's best citizens, especially as the murderers had confessed to having committed the crime, and these confessions were admitted as evidence. They believe that the severest possible penalty should have been inflicted, and because this has not been done, especially in the case of Mabel, they are disappointed, though not surprised. Let us hope that there may never be a similar occurrence in our county, for if there should be, we fear the consequences.

INCREASED PAY FOR JUDGES.

The bill to increase the salary of the members of the Court of Appeals as well as the associate judges of the circuits has passed the Senate. We congratulate Senator Beck, of Kent county, for voting against the bill. In our judgment the salary of the office is thoroughly commensurate with the character of the administration of justice, and in view of the fact that the State provides a munificent pension of $2,400 a year for our judges when they reach the retiring age, we know of no other calling in life that is one-half so attractive. And furthermore, we notice that whenever a vacancy occurs on the bench of any circuit in Baltimore city or the counties there is never a dirth of candidates for the vacancy. Can it be possible that the dignity and honor of our bench is being sacrified to mercenary considerations? We are opposed to increased pay for judges. They are the best paid officials in the State, and if the greatly under paid and far more excessively worked school teachers were given as much consideration as are our judges, there would be far greater efficiency in our teaching force as well as in all other vocations in life.

WHY BOND THE COUNTY?

If Senator Beck succeeds in passing the bill he introduced last week appropriating $24,000 to the School Commissioners of Kent county for tongers licenses paid in error, there will not be any necessity to bond the county for $54,000 additional for school buildings will there? To what use do the School Commissioners propose to put the $24,000 if not to new school buildings? And if they do get the extra $24,000 provided for in Mr. Beck's bill, and intend to use the same for improving the school facilities of the county, what is the use in putting the tax-payers of the county to a useless expense of a $54,000 bond issue? We want to play fair with the tax-payers as well as with the school interests. Now then, if $24,000 has been paid erroneously to the State for tongers licenses, which under the law should have gone into the School Board treasury, there is no question but that the State is in duty bound to refund the money, and if the money is refunded, then there will be within a few thousand dollars of enough money to build new school buildings in all the towns asking for the new buildings, and it seems to us to be needless to pass the bills providing for a bond issue of $54,000 of the tax-payers' money, and then besides, the tax-payers should demand of our representatives in the Legislature that the school bills already reported favorably in the House should be amended so as to provide that only bona fide tax-payers shall have the right to vote on the bond issue. We do not believe that any community in this county would want to take the tax-payers' money for a new school building if it had to come through the votes of non-tax-paying and irresponsible voters.

OUR PUBLIC SCHOOL SYSTEM.

We hear and read a great deal these days as to what is the trouble with our public school system. Some say it is sick, but fail to prescribe a remedy to cure the ill; others advocate an "educational survey" to diagnose the trouble, while others advance a lot of theories for the betterment of our public school system which are found highly impracticable when tested. Now, why don't we view the school question in a commonsense way, and be frank to admit that the one great and only trouble in our public school system is that so much foolishness is taught in the public schools to-day that it is almost impossible for a boy or girl to solve an ordinary problem in arithmetic or write an intelligent letter after they receive their diploma at our High Schools. The students' minds are so confused by a mere smattering of a conglomoration of studies that *must* be completed in order to round out a High School course that many of the students and nearly all of the teachers are nervous wrecks, and scarcely a student has laid the foundation upon which to erect the superstructure of a good sound common-sense business education. We have been a student and we have been a teacher, and when we sit quietly and compare the days of the three R's—reading, writing and arithmetic—with the absolute foolishness which comprises much of our school curriculum to-day, we cannot help exclaiming, "Oh! for a return to the days of teaching reading, writing and arithmetic." We are perfectly free to admit that in many instances the school system is *sick*. It has suffered so long with *"politicitis"* that it has become chronic, and the disease will never be remedied until the influence of the large text book publishing firms is curtailed to a great degree. In our judgment the text-book publishing house is more largely responsible for the "faddy" condition of our school system than any other influence, and the sooner the State Board of Education realizes this fact the better and more effective will our school system be. Let us get back to the methods of "ye district school." Let us readjust our present curriculum so as to provide a sensible education for our boys and girls rather than to make nervous wrecks of both pupils and teachers in their efforts to acquire a smattering of a multiplicity of studies, and to accomplish so much under compulsion in a given period of time. Let us apply the system of common sense to our school system, and demand increased efficiency in our teaching force, and in our judgment the school question will be greatly simplified.

PERSONAL AND SOCIAL.

Mr. Arnold Tschauntre spent several days this week on a visit to Philadelphia.

Mrs. Clifton L. Jarrell, who has been confined in a Baltimore hospital several weeks, is expected home to-day. Mrs. Jarrell is much improved in health.

Mrs. Carroll Stollenwerck, of Baltimore, spent the week-end with her mother, Mrs. R. D. Hynson.

Mr. Brown Stevens, of Wilmington, visited friends in town Sunday. Mr. Stevens is a successful insurance agent of that place.

Rev. and Mrs. L. E. Barrett attended the anniversary of St. Paul's M. E. Church, Wilmington, Sunday. Dr. Barrett was pastor of that church for many years.

Mrs. W. Frank Jarrell, has been visiting her sister, Mrs. Charles Colloday in Baltimore this week.

Mrs. James H. Brice and family and Miss Ella Watkins spent a part of the week in Baltimore.

Mrs. Sidney P. Townshend was a recent visitor to Baltimore.

We regret to state that Mrs. Amanda Edwards countinues quite poorly. She is under the care of her physician.

Sidney P. Townshend, Esq., was confined to the house by sickness several days this week, but we are glad to state that he is very much improved.

L. Wethered Barroll, Esq., of the Baltimore bar, spent the week-end at home.

Mr. Rolph Stavely, of Lynch, accompanied by Rev. S. S. Hepbron went to Baltimore on Monday to consult Dr. Bloodgood, the noted specialist, about some trouble to one of his wrists.

Mr. and Mrs. George W. Carter, of Wilmington, Del., formerly of Chestertown, announce the marriage of their daughter, Martha Eva, to Mr. Clarence J. Jacobs, of Wilmington, Del., on March 21st, 1914.

Mrs. Sophie H. Betton, one of our aged and most highly esteemed lady residents, quietly observed her 82nd birthday on Thursday. She was the recipient of numerous souvenir post cards and other remembrances.

Miss Pauline Huey has been visiting her brother, Mr. W. Robert Huey.

Mrs. Brooks, widow of Admiral Brooks, U. S. N., and her daughter, have returned to their home in New York after an extended visit with Major Cree and family near Quaker Neck. We understand that Mrs. Brooks has purchased the Jones property at Quaker Neck wharf, and will remove to Kent. She will find a hearty welcome to the World's Garden Spot.

A marriage license was issued in Baltimore on Wednesday to Wm. H. Elder, of Baltimore, and Lillian J. Downey, of Rock Hall.

Mrs. Dale Adkins, of Salisbury, has been visiting her parents, Rev. Dr. and Mrs. W. R. Graham, during the week.

The visiting members of the Peapack New Jersey Hunting Club are having a most delightful visit socially, notwithstanding the very disagreeable weather, which renders good fox hunting impossible. Proprietor George E. Lambert and his mother, Mrs. Temperance Lambert, are exerting every effort to show the visitors a royal good time, and they have expressed pleasure at their entertainment. Mr. and Mrs. Brice have given several social functions in their honor, and quite a number of the young ladies of the town are making the visit of Miss Baird, the only lady visitor, as pleasant as possible.

We regret to state that Mrs. Charles T. Westcott is critically ill in a Baltimore hospital.

There is a well-known couple in Chestertown who had been married 14 years on February 14th, 1914. Isn't that an interesting coincidence?

Mr. Victor Valliant, formerly a St. Michaels boy, for several years a resident of New York, will assume charge of "Chance Hope" near northern St. Michaels, the old home place and remove with his family (including his mother, Mrs. Martha F. Valliant and sister, Miss Nita) in the near future.

A letter from Mr. and Mrs. James Brice, who are enjoying summer time in Florida, states that they are well, and that they will leave Tampa for home on March 23, reaching here on the 28.

MARYLAND LEGISLATURE.

Mr. Beck's bill relating to soliciting orders for whiskey in Kent county has been reported favorable in the Senate.

Mr. Shallcross has introduced a bill in the House to pay Frank. A Schrech, of Rock Hall, a pension of $12 a month.

Mr. Turner's bill to empower the County Commissioners to appropriate $720 for demonstration work has passed the House and has been favorably reported in the Senate.

Mr. Beck has introduced a bill to appropriate $150,000 for the building of a new road from Chestertown through Fairlee to some point on the Chesapeake Bay. The State Road Commission has already made provision for the building of this road if the $6,000,000 loan goes through. If it does not go through the Beck bill will fail also.

Mr. Beck's bill to refund Kent county $24,000 for oyster licenses paid in error has passed to its third reading in Senate.

The traction engine bill with amendments providing for cleats on rear wheels in order to use State roads has been reported favorably in the House.

PEOPLE'S COLUMN.

DEAR SIRS:—Who is doing the road work in the Seventh or Pomona District now? Why, Republicans. Of course, a man who don't live in our district does the road work in the spring. But Mr. Henry Brown and Mr. Richard Leaverton are hauling all the shells. Are they the only two men in the District who would be delighted to have this work? That don't look to me like politics or Democracy either. It don't look like business. It has continued so long that now we people down here feel as if we are not wanted as Democrats and had better turn Republicans. What do you say, boys?

Beautiful streamline-body, large and comfortable. Combining all the excellent features that have made the Krit noted for reliability and efficiency.

Ask Mr. Julian T. Power, of Millington, or Mr. W. E. Moody, of Chestertown, Md., who will be pleased to demonstrate the true economy of light but strong construction, real tire economy, low gasoline consumption, and extremely low cost of up-keep generally of this up-to-date car. Compare its appearance and new features with cars selling for considerably more money, then have your best mechanics examine carefully the mechanical construction, and we will be satisfied with the verdict.

Spring Style Week in Wilmington

MARCH 16th to 21st.

¶The merchants of Wilmington, through the Chamber of Commerce, announce a Showing of the New Spring Styles in Suits, Dresses, Millinery, Shoes, Clothing, Wash Goods, Dress Goods, &c., beginning entire week of March 16th.

¶At this time the stores will exhibit the latest modes in Ladies' and Misses' Suits, Dresses, Millinery, Men's and Boys' Clothing, Furnishings, Shoes, Furniture, Silverware, &c., and adopt this method of extending a cordial invitation to readers of this newpaper to visit Wilmington during the week.

¶The merchants generally will allow railroad fare from Dover and points north on purchases of $20 and over, and from all points south of Dover (within the State) on purchases of $25 and over.

¶Arrangements have been made for the refunding of Railroad Fare at one Special Bureau. Any merchant can give customer full particulars.

¶Plan to Visit Wilmington During Spring Style Week.
