In Memoriam.

In loving remembrance of our dear mother, Mrs. Susan Price, who departed this life Dec. 19th, 1914.

Oh, dearest, sweetest mother,
Since you have passed away,
It seems not it was four months ago
But only yesterday.

But in our saddest moments,
One happy thought holds away,
We will meet again dear mother
And be happy some sweet day.

It is hard to give her up.
By her daughter,
GRACE DIXON, Galena, Md.

MR. JAMES T. DIXON is making inroads among the organization voters and there are stronger indications than ever this week, that he will eventually be the organization candidate for Clerk of the Court. The Organization is weakened greatly without Dixons strength.

THE Beck organ said last Saturday that the representatives in the last Legislature from Kent went there unfettered by *any one*, and they passed laws in favor of the people, and that they represented the interests of the people faithfully and well. Yes, they went there unfettered because they had the Boss with them. He sat in the Senate and directed the action of the two delegates, and they gave the people the gallon-a-month law, the great State Tax Commission, which gave Mr. Wickes a $5,000 job, and Boss Beck a $1,500, and they passed the Employer's Liability Act, which gave Boss Beck's brother-in-law a $1,500 job, and they passed another law taxing people's deposits in bank, which the people have heard nothing about, and they put a $70,000 bond issue over on the people of Kent county, and this is what the Beck organ calls representing the *people's* interests faithfully and well. We presume the Beck organ means by the *people*, Boss Beck, Mr. Wickes and Boss Beck's brother-in-law, for certainly no such laws can be of any real benefit to the taxpayers.

FELLOW SENATOR SCORES BECK

Under the caption "A Wise Decision" the editor of the Cecil Wig, Senator Williams, who was in the last session of the Senate with Boss Beck, has the following comment upon Mr. Beck's decision not to run again:

"State Senator Beck, of Kent county, has announced that his mind is definitely made up not to be a candidate for re-election. Which decision is, under the circumstances, most judicious. Senator Beck's record in the last Legislature would hardly give him a chance to be returned, unless our good neighbors over in Kent are prepared to stand for most any old thing. We presume that record suited Senator Beck and doubtless it suited the Democratic machine with which he is identified. But it could hardly suit the people at large, either in his county or State. We congratulate Senator Beck on his decision not to run again. However much we dislike Senator Beck's political performance, we are glad to give him credit for knowing enough to get in out of the wet."

Here is the testimony of a fellow Senator who sat in the Senate every day with Senator Beck, watched his movements and knew his act upon every questions of important legislation. Surely in the face of such damaging evidence as this, the people of Kent county need no further testimony as to the record of the Organization boss.
