Baltimore's Best Store is ready to supply your Spring & Summer Needs

Stocks are bigger and finer than we ever remember; prices are fair, as always. And nearly fourteen hundred helpers are here, to see that you are well served, whether you come to the store or whether you do your shopping by mail.

Whatever you need---whether it be to wear, to use, or for the home, you will find it at the Hochschild, Kohn & Co. store---and, when you purchase it, you do so with the understanding that, if it is not entirely satisfactory, your money will be refunded without question.

We are not advertising in this paper in order to take a dollar's worth of business away from your local merchants---please let that fact be clearly understood. We simply ask that you keep Baltimore's Best Store in mind when you want something which your local stores cannot supply.

POULTRY NOTES.

Mr. T. E. W. Crew, the white Leghorn breeder, is getting from 155 to 165 eggs a day from his 200 beautiful hens. Mr. Crew is one of our progressive farmers who realize the profit in keeping good poultry, and Mr. Crew has made a handsome profit from his flock. Mr. Crew has an egg from one of these hens, which, considering the size of the hen, is the biggest egg yet reported to the TRANSCRIPT. It measures over 8 inches in circumference and is a trifle heavier than 4 ounces.

Messrs. R. Snowden Thomas and John H. Moffett, the Rhode Island Red breeders of exhibition prize winners, as well as the best utility stock, report the sale of their eggs as heavy. They are receiving orders as fast as they can supply the eggs. You can't beat the Thomas and Moffett strain of Reds.

Mrs. Thomas D. Bowers' flock of 35 beautiful Buff Rock hens laid 2,500 eggs from November 1 to April 1, an average of 500 EGGS PER MONTH in winter. Want any better layers than that?

Mr. A. S. Turner, of Worton, has a fine White Orpington hen sitting on 20 eggs. The hen weighs between 8 and 9 pounds, and is covering the eggs finely. Mr. Turner is also the owner of what he considers the largest egg in Kent county. The egg is from a White Orpington hen, measures over 8 inches lengthwise in circumference, and weighs more than four ounces. Come on, boys, don't let Turner lick you.

Mr. Jonathan Jones, of Millington, has 27 fine ducks which averaged 22 eggs a day during February. Good boy, Jonathan, that beats my Buff Rock hens just *one* egg.

Mr. Polk Bramble, assaciate editor of the Enterprise, has begun the erection of a cosy new home on his five-acre farm adjoining the property of Mr. Rumsey Anthony. Mr. Bramble will erect a modern poultry house with pen runs, and he will raise Barred Rocks of the celebrated Thompson Ringlet strain.

Capt. Edward W. Emory and sisters have probably the most profitable flock of hens in the county. They have been getting from 50 to 65 eggs a day from a pen of 70 hens, and they lay just as well in winter as in summer. They are the beautiful Brown Leghorn and they can't be excelled as layers.

Mr. William B. Willis has introduced a new breed in the county. They are the Partridge Rock, large of body, beautiful in color and fine layers. Mr. Willis will offer eggs from these hens to the trade next spring.

Mr. Charles H. Skirven, Kent's original Buff Rock breeder, sold Mr. Thos. G. Wroth a dozen beautiful pullets recently. Mr. Wroth has been getting f om 6 to 8 eggs a day from them. We speak from experience when we say that Mr. Skirven has as fine a laying strain of Buff Rocks as there is in the country.

Let all our farmers realize the profit to be derived from good poultry.

"Maryland Agricultural College Loses Through Stubborn Private Interests."

TO THE AGRICULTURAL INTERESTS OF THE STATE.

The Baltimore News in its issue of April 7th described the fate of a bill in the passage of which every farmer of the State was interested, as follows:

"Earlier in the night the House had taken up the Maryland Agricultural College bill which it had amended "(by eliminating the private stockholder interests) "and which the Senate had changed back to its original form on the protest of some of the directors named in the original measure but who had been eliminated. The house on motion of Speaker Trippe refused to concur in the amendments and a conference committee failing to induce the Senate to recede, the bill was killed by the House.

"With it went a loan of $350,000 for buildings which was contingent on the new charter bill getting through. The scheme fell through the stubborness of some of the directors, who preferred that the college should go without money than to see themselves eliminated as life directors representing an interest that they had agreed to surrender."

The above statement is absolutely true to fact. What makes the action of these trustees even more indefensible is their refusal to give any heed to the recommendations of every commission or committee which has recently studied the affairs of the Maryland Agricultural College. They one and all urge what has been advocated by the farmers of Maryland for years, namely, the making of the Agricultural College a State institution by the prompt removal from its management of every private interest.

Despite all representations and pleadings of the City Wide Congress and associate State wide bodies, these private interests insisted upon making an effort to pass the above described Senate amendments.

Instead of trying to utilize the strong city sentiment for the college so as to further the farmers' interests and promote the agricultural development of the State through a reorganized college for the farmers' sons and daughters these agricultural "leaders" preferred a certain defeat rather than give up a control which has placed the college in its present unenviable position.

There is but one thing for the farmers to do: organize and come to the next Legislature with a clean cut, definite program of their own making, insisting upon its passage and prepared to stay on the job until they get what they have a right to ask, and must ask if Maryland is to make any real progress in agriculture.

Church By Parcel Post.

Congressman David J. Lewis, of Maryland, father of the parcel post system, and President Wilson will each be asked to send a brick to the new Methodist Church at Winona, Md., which will be built of bricks sent through the parcel post. It will be the first church edifice constructed entirely of materials so sent.

Each donor will be requested to write his name on the brick he sends. The side containing the name will be turned inward and when the building is erected it will be a mammoth roster of donors. No effort will be made to have the bricks of uniform size, shape, weight or color.

Rev. George W. Hastings is pastor of the congregation. The proposed Church will take the place of the one burned March 1. The membership is about 800.

Road Contracts.—At a meeting of the State Roads Commission, held on April 6th, 1914, the following contracts were awarded:—A section of State road from Chesapeake City to Bohemia River, a distance of 5.21 miles—the Carpenter Company, Baltimore, Maryland, construction to be concrete. A section of road from Bohemia River to Fredericktown, a distance of 6 05 miles. The Carpenter Company, Baltimore, Maryland, construction to be of concrete. Work on these contracts will be started as soon as the weather, and other conditions permit.

ELECTION OF Town Commissioner

And Vote Upon the Bonding of the Town for New Sewers and Streets—And also Changing Term of Office of Water Board.

NOTICE IS HEREBY GIVEN that an Election will be held at the Court House in Chestertown, Maryland, on

MONDAY, APRIL 27, 1914,

for the purpose of electing one person to serve for three years in the place of Wm. S. Carroll, one of the present commissioners, whose term expires on that date. Polls open from 9 A. M. to 6 P. M.

And under and by virtue of a law passed by the General Assembly of Maryland in 1914, at the said election there will be submitted to the qualified voters of Chestertown the question contained in a bill, to bond the town for sewers and new streets the provisions of which are in the following bill:

AN ACT to provide for the construction of a sewer on High street, College Avenue and Cannon Street, and for the curbing, paving and improvement of portions of High Street and Cross Street in Chestertown, Kent county, Maryland, and to issue bonds to pay for same, and to levy an annual tax for the payment of such bonds and the interest thereon.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, That the Commissioners of Chestertown be and they are hereby authorized and empowered to issue bonds in the name of the Commissioners of Chestertown to an amount not exceeding twenty-five thousand dollars in sums not less than one hundred dollors, nor more than one thousand dollars to be signed by the Commissioners of Chestertown under the corporate seal of the said Commissioners, to be designated as "Chestertown Street and Sewer Bonds," bearing interest at a rate to be fixed by the Commissioners of Chestertown not exceeding five per centum per annum, payable semi-annually on the first day of July and the first day of January of each year, which bonds shall be exempt from all county and municipal taxation in Kent county and the due or overdue coupons for interest shall be received by the Commissioners of Chestertown in payment of town taxes. Said bonds shall bear date as of July 10th, 1914, and be payable in sums of one thousand dollars in each of the years beginning with the tenth day of July, 1919, and each year thereafter until fully paid. Said bonds to be numbered consecutively, and to be redeemed in the order in which they are numbered. But said bonds shall be redeemable at the option of said Commissioners after ten years from the date of the issue.

SEC 2. *And be it enacted*, That said Commissioners of Chestertown are authorized and directed to advertise at least once a week for four successive weeks in the newspapers published in Kent county and one newspaper published in the City of Baltimore for sealed proposals for the negotiaton of said bonds, and on a certain day to be named in said advertisement, said Commissioners of Chestertown shall in the presence of such persons as may be interested in said bond, open all bids received, and award the bonds to the highest bidder; provided, no bids less than par shall be accepted, and reserving the right to reject any and all bids.

SEC. 3. *And be it enacted*, That the Commissioners of Chestertown shall create an annual sinking fund beginning with the year 1914, for the payment of interest and for the redemption of said bonds, and if said sinking fund can not be made sufficient under the present authorized levy to pay the interest said bonds and the one twenty-fifth part of the said bonded debt as it matures, the Commissioners of Chestertown are hereby authorized to levy and collect annually a tax upon the taxable property in Chestertown for a sum sufficient to provide for the payment of any such deficiency of interest on said bonds as they may mature and any deficiency on one twenty-fifth part of the principal of said bonded debt, as said bonds mature.

SEC. 4. *And be it enacted*, That the said sum of twenty-five thousand dollars, or so much thereof as may be necessary for the purpose, shall by the said Commissioners of Chestertown be used and applied to the unpaid cost of the present driveway on High street amounting to three thousand dollars, and for the construction of a sewer beginning on High Street in Chestertown about opposite the Catholic Church and from thence to College Avenue, thence along College Avenue to Cannon Street and thence along Cannon Street to connect with the present sewer on Cannon Street at or near Princess Street and also for the curbing, paving and construction of the streets or driveways of Main Street from the Voshell House crossing to Ringgold's Corner and of Cross Street from the crossing between Bordley's Corner and Sparks Corner to the Railroad station, and of Queen Street from High Street to Maple Avenue or so much of the last named street or section as can be curbed, paved and improved with the funds derived from the sale of said bonds, after defraying the cost of curbing, paving and improving the first sections of said streets above named and designated. And if any part of the proceeds of sale of said bonds be left over, after defraying the costs of said sewer and street improvements, the Commissioners of Chestertown are hereby authorized to expend the remainder in curbing, paving and improving such other streets and driveways in Chestertown as in their discretion may be most needed. And the Commissioners of Chestertown are hereby authorized and directed to lay, build and construct said streets or driveways from curb to curb, or for such width as the said Commissioners may seem proper and necessary, with macadam and asphalt top in a manner similar to the street or driveway now constructed from the Voshell House Corner to the foot of High Street or of practically like material and workmanship or of cement. And the said Commissioners may contract for said work and material or have said streets or driveways laid and constructed under such terms and agreements as to them may seem most advantageous.

SEC. 5. *And be it enacted*, That at the next regular election for Commisioner of Chestertown, there shall be submitted to the qualified voters of Chestertown, the question whether bonds shall be issued for sewers and street construction and improvements, and at such election the ballots cast upon that question shall have the words, "For Street and Sewer Bond," or "Against Street and Sewer Bonds," thereon, and if the majority of the votes cast upon said question shall be "For Street and Sewer Bonds" then the Commissioners of Chestertown, or a majority of them, shall proceed to execute the power vested in them by this Act, but if the majority of votes cast shall be "Against Street and Sewer Bonds," then this Act shall be of no effect.

SEC. 6. *And be it enacted*, That this Act shall take effect from the date of its passage.
