Rock Hall Items.

The new high school building being constructed by Walter Pippin, of Chestertown, is nearing completion. This is the most beautiful building in the lower part of Kent county. "The very best material possible has been put in," says Mr. Pippin, "and surely shows it itself. The building is very conveniently arranged, having three class-rooms in the basement for domestic science, statoratory and shoe room and boiler room and ample space for coal; the main floor has four well lighted class-rooms with cloak rooms for each, two toilets and beautiful stairway. The top floor has three class-rooms that can be thrown into one for morning exercises. A good stage for all purposes, arranged for electric lights. The people of this town should be proud of such a building, and it will be, no doubt, the means of keeping the older boys in school longer.

Maurice Wilson and family will move to Philadelphia within a short time, where Mr. Wilson is engaged in business with one of his brothers.

Snowden Maslin has established his barber business in Chester, Pa., where he has a six chair shop centrally located and with a good trade. He will move his family to Chester as soon as convenient.

It is reported that Thompson, the shoe man, will get a new automobile within a short time.

Gritt, Urie has purchased a nice looking little black horse.

A very good show last Saturday night and another fairly good one on Monday of this week was held in the Mechanics' Hall, which would have been better had the audience been able to see the faces of the players. With one light on the stage masked behind borders so that it only shines on the players' back is the condition here. Now that Rock Hall has electric lights, what is the matter with the Jr. O. U. A. M. improving this condition which has existed since the building was erected. One of the actors stated that he had the poorest lighting of any opera house they had played in on the shore. Come on, boys, don't let them talk about us that way. J. W. Prettyman has been out of town this week on a little trip.

Now that the gunning season is here, hunting is the only talk among the young folks of the town. Sterling Downey and Bill Fithian are champions thus far in this section.

Mr. H. L. Eddy, former scout commissioner of Md. stationed in Baltimore, is in St. Paul, Minn., where he is raising a budget of funds for scout work in that section. The scouts of America now number about seven hundred and are showing their pluck by pledging themselves to live up to the scout ideals. Mr. Eddy was very much missed by all his Maryland friends.

Mr. John Downey has converted his room adjoining the postoffice into a grocery room and meat market. Johnnie Hubbard, of the Haven, will open up for business there.

Mr. Wm. Miller, of Baltimore, was entertained last week by Mr. and Mrs. W. A. Felton, near town.

The barn on the Biggs farm, tenanted by Mr. C. E. Cugrass, was destroyed by fire early last Saturday morning, including farming implements, feed and three horses.

Miss Ruby Ahern is visiting her sister, Mrs. P. H. Wood, Jr., in Wilmington.

Betterton Notes.

The new school house at Betterton was formally opened last Friday afternoon. Among the speakers were Dr. Barrett, of Chestertown, Dr. T. H. Lewis, Pres. of Western Maryland College, and Mr. Lewis Robinson, Asst. Superintendent of Schools in Kent. The new school house is truly a "thing of beauty" and one of which every person in Betterton is proud.

The revival services of the M. E. Church will begin Sunday evening and continue through the week with Rev. R. P. Nichols in charge. Every one is cordially invited to attend these services.

Miss Viola Hickman entertained a number of her friends at her home last Monday evening.

Mr. and Mrs. Loten Rasin are receiving congratulations upon the arrival of a baby girl, Davis Asher, on October 28.

Mr. Philip Gooding, who has been at Mercy Hospital for the past three weeks, is at home.

Mrs. Carlton Moore entertained the Embroidery Club at her home on Thursday afternoon.

Miss Elizabeth Brice spent the week-end with her sister, Mrs. Charles Gooding, in Wilmington.

The new homes of Mr. George Brice, Mr. Ernest Brice, Messrs Bowman and Mr. Rhoten Crew are rapidly nearing completion. Work has also begun on the new bungalow, Mr. Littleton Crew is having erected on the site of the old Crew home. This house which was razed last week was built in 1724.

The town commissioners are grading and widening the streets and are making other needed improvements which will add much to the beauty of Betterton.

The Religious World.

Other church notes on page 2.

The first sermon in the series prepared by Mr. Clews on "The Ages," was preached last Sunday and was enjoyed by good congregations in the Presbyterian churches of Georgetown, Kennedyville and Worton. The first sermon was entitled, "The Age of Innocence." Next Sunday he will preach on "The Age of Conscience." It will repay any one to spend an hour listening to these discourses for they are deeply interesting and very edifying, and will give one a vivid picture of God's plans for man throughout the Ages. All are invited.

A picture of Chestertown's river front won a photograph contest held by a Buffalo newspaper.
