Schooner May be Total Loss.—Capt. Charles Kerr's schooner, loaded with 800 bushels of oysters, bound from Rock Hall to Baltimore, sprung a leak in the bay last Friday night and in order to save her from sinking her Captain beached the vessel on North Point. L. Wethered Barroll, Esq., and other friends of Captain Kerr have been assisting in securing appliances with which to raise the vessel. The cargo will be saved, but the vessel may be a total loss.

Receivers Appointed.—W. Irving Walker and Albert S. Turner were appointed by consent on the 12th inst. by Judge Philman B. Hopper receivers for the Rich Neck Farmers Club, Inc. Bond in the amount of \$5,000 was required, which indicates resources to that amount. It is stated by one of the officers that the liabilities are about \$5,000, and had the directors not been threatened with suit by unfriendly Baltimore creditors, which, though for small amounts, had the effect of damaging the credit of the corporation, there would have been no cause for asking the protection petitioned for, but as it was, the directors deemed it only fair to all concerned that the resources of the corporation be conserved to all interests alike, under the protection of the court through receivers.

Our stock buyers and farmers should be extremely careful about the cattle they buy at this time. Be extremely careful.

Chairman H. P. The driveway in front of the Voshell House is being greatly improved by being macadamized under the direction of Mr. Adkinson and Mr. Mack Patrick. Without desiring to appear officious in the least, we suggest that if Mr. James S. Bradley, the owner of the Voshell House, would give the building an attractive dress of calcimine or paint, this with the street improvement would make one of the most conspicuous improvements to our already beautiful town that we have experienced for years.

Forest fires in various parts of the peninsula have caused great damage to young growth in many woods. A large area in Klinefelters' woods in Queen Annes was burned on Saturday evening. The woods on Mr. J. Kennard Aldridge's farm, near town, and the woods on the upper edge of Tolchester lane were also on fire, while near Smyrna and in Talbot county much damage has been done. The origin of the fires is a mystery, though on account of the extremely dry weather a lighted cigar or cigarette stump may cause untold damage.

Tenant House Burned. The tenant house on the farm of Rev. Sewell S. Hepburn, near Still Pond station, occupied by Mr. Wm. R. Goodman and family, was totally destroyed by fire on Monday night. Mr. Goodman and his family, consisting of his wife and six children, barely escaped in their night clothing. The furniture and all the winter provisions, consisting of potatoes, etc., were totally destroyed. There was an insurance of \$600 on the building, represented in Mr. James G. Beck's agency, but no insurance on the furniture and provisions. The fire is believed to have originated from a defective flue in the kitchen. Mr. Goodman and family are being cared for by Rev. and Mrs. Hepburn, and friends and neighbors have been very kind in providing clothing, etc., for the family. Messrs. Stavely & Bowers, contractors of Lynch, are erecting a bungalow which will be ready for occupancy in a few days.
