PAIGE ENDURANCE AND STAMINA

Phoenix, Ariz, Nov. 11th, 1914.
PAIGE DETROIT MOTOR CAR CO.,
Detroit, Mich.
Paiges second and third Phoenix race defeated seventeen cars. Lost only to Oldfield Indianapolis Stutz by twenty-seven minutes. No mechanical or tire trouble. Most consistent performance in history of race. Both cars made faster time last day than any other car; hats off to factory that build such automobiles.
DON LEE.
The above is a copy of telegram sent by Don Lee, Paige California Distributor.

Los Angeles-Phoenix Race—The Desert Road Motor Classic

The hardest and most dangerous race course in the world. Never was a course selected that proved such a terrific grind. 706 miles that tested the strength, endurance and stamina of cars and drivers.
For hundreds of miles the road winds over the burning desert sands, cut deep with ruts and hollows and chuck holes. In some places so narrow that two cars cannot pass. Sharp rocks, big boulders and cactus are strewn everywhere. Over the mountain ranges that rise 7000 feet, through mountain passes where the road hangs over precipitous thousands of feet deep, plunging down sheer roads that drop 3000 feet in ten miles into dark canyons. Through dried up river beds and up steep banks made by washouts.
Such a race as this is a supreme test of cars and drivers. Of the twenty cars that went through this race battering against the elements of nature that destroy machine and man, only eight finished and no cars showed the consistency of the two Paige entries which finished second and third.
