LOCAL MATTERS

Child Badly Burned.—The two-year-old daughter of Mr. and Mrs. Romie Morris, of Worton, was badly burned Friday when she sat down in a pan of hot water. The pan of water upset and the child was scalded in several places. Dr. H. G. Simpers is attending the child.

World's Series To Start Tuesday, Sept. 30.—The world's series will be started this year on Tuesday, Sept. 30 and will be the most interesting for many years. Cincinnati and Chicago will be the opposing teams and some great games should be the result. Nine games will be played, unless one of the teams wins a majority of games before that many are played.

Small Pox In Centreville.—Hooper Tilghman, a colored youth about 19 years of age, has been stricken with small pox and was seen by Dr. W. H. Fisher, of that town, who pronounced it a genuine case. The boy was taken to the home of his mother, Lizzie Tilghman, who lives in the outskirts of that town, where he is being isolated and every precaution being taken to prevent spread of the disease.

Game Farm For Maryland.—E. Lee LeCompte, state game warden, Wednesday purchased for the state the Gwynn Broke farm, containing 290 acres, on the Western Maryland Railway, for $24,000. The farm will be devoted to the propagation of partridges, ring-tailed pheasants and rabbits, which will be distributed throughout the state. If the farm is found to be favorable for such purposes, deer will also be raised and will be sent to those sections where it is possible for them to remain in safety.

Capt. Jarman Goes To Harvard.—Captain Carey Jarman, who made such a fine record for himself at St. John's College and later on the Mexican border when we had trouble with the Mexicans, and who still later served his country in such a gallant and efficient manner on the battlefields of France, left Chestertown on Wednesday afternoon for Harvard University, Cambridge, Mass., where he will matriculate. Capt. Jarman's good record of the past assures us that we will hear from him in no uncomplimentary way when 1920 history at Harvard University is being made.

Ghastly Figures Of Great War.—President Wilson in one of his recent speeches presented the following figures of the cost of the recent world war: Death on the field of battle, 7,450,000, divided among the principal belligerents as follows: Russia, 1,700,000; Germany, 1,600,000; France, 1,385,000; Great Britain, 900,000; Austria, 800,000; Italy, 364,800; United States, 50,300. These losses compare with fewer than 6,000,000 suffered in all the wars of the world from 1793 to 1914. The total cost of the war in dollars was $186,000,000,000. The Entente Allies and the United States spent $123,000,000,000 and the Central Powers $63,000,000,000.

Premium List.—The Premium List of the Peninsula Horticultural Society has been distributed. Any of our readers who did not receive a copy should apply to the Secretary of the Society, Wesley Webb, Dover, Dela., who will be glad to send it. The prizes offered are liberal, the highest cash prize being $200 for the best general display of fruit. There are liberal prizes for boxes, barrels and plates as well as general collections of fruit. There is also a class for amateurs. The prizes for vegetables are especially liberal. We suggest that all of our readers who can do so should arrange to attend the meeting and exhibit their products.
