May Change The Calendar.—One of the first projects to be laid before the League of Geneva when it gets ready for new business is one to revise the calendar and make it uniform throughout the world. Government bureaus of the United States, Switzerland and Great Britain got into touch with the church officials before the war on the subject of calendar revision, and have kept up consideration of the matter since. Church leaders say an agreement has been reached and a uniform report is nearly read to go to the league. The calendar has not been revised before because of objections from the churches to dates for the great religious feasts. These objections are said to be removed. A fixed date for Easter, the adding of a thirteenth month, the making of every week begin with a Sunday and have exactly 28 days in each month—these are the main features agreed on. Church people favoring the revision say that if the league itself cannot act, it can designate a calendar congress to do so, to sit at Geneva.

Better Health Conditions For Maryland.—At the State Conference for Better Health in Maryland, held last week at Levering Hall, Baltimore, by the Maryland Tuberculosis Association Kent County was represented by Miss Margaret Rogers, of Chestertown. The object of this conference was to initiate this year's campaign in the interest of the Red Cross Christmas Seals and the fight against tuberculosis in Maryland. The most startling fact brought out at the conference was the statement by Dr. Martin F. Sloan, superintendent of Eudowood Sanatorium, that as a result of the influenza epidemic there has been an increase of more than 16 per cent in the number of tuberculosis cases in the state. The sad fact about these cases is that owing to the weakened condition of the "flu" victims, tuberculosis has overwhelmed them and more than 50 per cent of thes cases due to the "flu" are hopeless.

—An estimate of the total wheat production in Western Canada for 1919 is placed at 166,225,000. It has been figured that there will be 268,885,000 bushels of oats, 46,961,095 bushels of barley and 8,470,000 bushels of rye.

Hundreds More in Chestertown in the Same Plight

Tired all the time;
Weary and worn out night and day;
Back aches; head aches,
Your kidneys are probably weakened.

You should help them at their work. Let one who knows tell you how.

Mrs. Romie Patrick, High St., Chestertown, says: "I was troubled with my kidneys. They acted too frequently. My back caused me a lot of pain and seemed as though weights were tied to it pulling me down. I felt tired all the time and I was surely in a miserable condition. I used Doan's Kidney Pills, procured from M. A. Toulson's Drug Store and the trouble entirely disappeared."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Patrick had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Four Complete Operations Every Trip Over the Field

Now that farm labor is scarce, it is to your advantage to do your work in the quickest and easiest way, especially when that method will bring even bigger crops than the old.

The planting season is always a busy one, but you will find that the work is accomplished a lot easier if you use a John Deere-Van Brunt Fertilizer Drill. This drill makes horse power and man power available for other purposes. In one trip over the field it pulverizes the soil, makes the seed furrows, plants and covers the seed and the fertilizer. And besides, it increases the crop yield because it does better seeding.

Come in and ask us to show you the *patented* adjustable gate force feed used on Van Brunt Grain Drills. This force feed is the construction that insures even seeding over the entire field. No seed is wasted and there are no bare spots in the field. The "Van Brunt" does first-class work in any soil capable of being seeded. It does not choke up in mud, gumbo, sticky or trashy soil.

Save extra labor and seed and increase your crop yield by buying a Van Brunt Fertilizer Drill from us.
