Sells It For Less And Pays More For Produce — SANDY BOTTOM DEPARTMENT STORE

ACTIONS SPEAK LOUDER THAN WORDS

We don't merely state that our farsighted buying means big savings for you now----Every item in thig advertisement (and in every one of our advertisements) proves it. The fact that our prices are based on what we paid, and not on the rising market, is clearly evident in our newspaper offerings as well as throughout our stock. Such times as these prove the wisdom of always coming here first.

Strawberry Industry Near Millington

Car loads of strawberries have been flowing through the streets of Millington. The talk of this wonderful fruit will soon take root on all lands of upper Queen Annes. This great stretch of light land from Millington to Pondtown and Double Creek that can bear as nice a berry as any land on the shore soon will be doing its duty. The farms of tihs section have not realized hardly anything for their labor for the last fifteen years, while in Caroline, with no better land, the farmers only last year sold their strawberries for $10 a crate to buyers.

One of the supporters of this strawberry idea claims that he has picked from 75 to 100 crates to the acre.

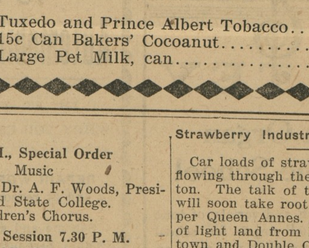

Two hundred acres has already been planted within one mile of Millington and if more farmers will follow it will be the biggest boom they ever had.

You want to take notice that prohibittion has caused the demand for this fruit for flavor for soft drinks and you can't tell how high the price of this fruit will reach when more manufacturers of pure flavor get into the business.

Boys, start to grow them now.

The things your auto needs this Fall Are waiting for you—why not call?

THESE are the crisp chill-tinged days when the road towards somewhere-else invites the autoist to breathe in the countryside. We will supply you with your personal and your car's necessities. Robes and robe rods, shock absorbers—or maybe a convex diminishing mirror—or something else.
