—Chestertown's merchants decorated their windows for the State Grange Meeting in a manner that reflected great credit on them. Products of the field, the garden, the pantry, the dairy and the woods were used to make the decorations complete. It would be impossible for us to pick the best window—they were all fine.

—Postmaster Thomas D. Bowers, a raiser of Buff Plymouth Rocks and a gentleman who knows the chicken business thoroughly, has a fine pen of buff rocks again this year and is getting quite a good many high-priced eggs. Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.
