THE appearance of Judge Alton B. Parker at Washington College Wednesday next, Feb. 22, 1922, will be quite an event at this old institution. Judge Parker is one of America's most distinguished public men.

LEGISLATIVE NOTES

Bills Introduced At The Maryland Legislature This Week That May Be Of Interest To Our Readers

On Wednesday Mr. Miller, of Rock Hall, introduced in the House a bill authorizing a Rock Hall bond issue.

Mr. Bowers, of Lynch, introduced in the House on Wednesday the following bills:

To reduce compensation of judges of the Orphans Court for Kent County.

To reduce the compensation of the county roads engineer.

To reduce compensation of the county treasurer of Kent county.

Mr. Miller, on the same day introduc a bill to permit beatin of waters for fish in Kent county.

Mr. Miller also introduced a bill, authorizing increase in tax rate.

On Wednesday Senator Russell introduced a bill regarding Washington College. Having the sanction, it was said of the present authorities of the institution, the bill amended the charter of Washington College by creating a Board of Visitors and Governors consisting of 25 members, 12 of whom shall be appointed by the Governor of the state and 12 to be elected by the Alumni Association of the college. These 24 members, or a quorum thereof, the bill provides, "shall elect annually, during the month of June, a president of the college, who shall by virtue of his office be a member of the Visitors and Governors." The proposed change in the charter provides that "of the 24 members so elected or appointed one shall be elected by the alumni and one shall be appointed by the Governor from each of the nine counties of the Eastern Shore of Maryland and three shall be elected by the alumni and three shall be appointed by the Governor from any territory in or out of the state," except the nine counties of the Eastern Shore. After introducing the bill Senator Russell said he understood that there was no difference among the present Board of Governors over the change and that as he understood the effect of the amendment the change would make Washington College a state-controlled institution.

Speaking for the Havre de Grace and Perryville Bridge Co., in which corporation he is personally interested and which he represented at the hearing Wednesday afternoon before the Senate Committee on Finance, former Senator Thomas M. Robinson, of Harford, stated the company would accept the flat sum of $700,000 for the bridge at that town, a bill for the purchase of which is now pending in the Maryland Legisalture.

Splitting the city's representatives in the upper House on a fifty-fifty basis and releasing in its creation a rather persistent boom for a farmer candidate for governor, a genuine "agriculture bloc" developed in the Senate Wednesday. A resolution was passed, 21 to 4, recommending to Congress "the stabilization of sundry basic farm products" as at least a demonstration to the farmers of the state that the General Assembly is in sympathy with them.

Two bills, one dealing with marriage and another with divorces, were introduced in the Senate by Senator Frick. The changes in the marriage law are intended to put a stop to the practice of evading the requirements in this and other states. The bill provides that when parties intending to reside in this state are married elsewhere because the union is prohibited here, their marriage shal be regarded as void in this state. Again, it shall be held invalid here when the contracting parties come into this state to be united because the law in the place in which they reside forbids their marriage. It is also incumbent on the clery issuing the license and the officiating minister to secure affidavits from those coming here to be married and intending to reside elsewhere, showing there is no legal obstacle to their union in the state to which they belong.

Senator Harrison introduced his bill Thursday to place the control of all public roads and bridges in the state in the hands of the State Roads Commission. It is provided, however, that the selection of roads to be altered or improved shall remain the exclusive provisions of the bill unless the County sioners and that counties having road engineers shall be exempted from the provisions of teh bill unless the County Commissioners desire to avail themselves of it. Incorporated cities or towns also are exempted in the same manner. The State Commission is to have the power to lay out new roads or widen or close existing roads. Under the proposed law it shall be the duty of the County Commissioners to submit to the State Roads Commission on or before Oct. 1 in each year their recommendations as to proposed changes, improvements or alterations in roads and also as to character of materials to be used. The State Commission shall adopt the plans, with such revision as it may deem necessary for the public welfare, but it shall not adopt any plans calling for a greater outlay of money than the sum provided by the County Commissioners.

TO PAY BOUNTY ON HAWKS

Acts Of 1920 Gives 50 Cents For The Death Of Chicken Or Bird Hawks Killed In This State

The Acts of 1920, Chapter 720, Section 70, provides: "That the State Game Warden shall pay the sum of 50 cents for each bird or chicken hawk actually killed in this state, to persons producing satisfactory proof of having killed said hawk or hawks within this state." This bounty is paid out of the fund derived through the sale of hunters' licenses, known as The State Game Protection Fund.

This bounty applies to all sections in the state of Maryland. In order for the claimants to obtain same, it will be necessary for them to make affidavit before a Justice of the Peace or Notary Public certifying as to when and where said hawk or hawks were killed, and then forward the affidavit to the office of the State Game Department for reimbursement. Then, again, they can make affidavit before any of the District Game Wardens, since each county has a salaried officer. In all cases the body and head must be produced to tne justice, notary public, or district warden intact. The wardens are empowered to pay the bounty on presentation with the satisfactory proof.

If the farmers, their children and sportsmen of this state would erect a steel trap on poles on their properties, a large number of hawks could be caught and destroyed. During the month of December the State Game Department paid out $176 in bounties.

Everybody knows the hawk is most destructive to our game, especially bob-white quail or partridge, pheasants and other insectivorous and song birds.

In order to avoid unnecessary correspondence and book-keeping at their office, the Department urgently request those persons claiming bounty on one or two hawks to hold the affidavits until they have killed numerous hawks, and then forward the certificates directly to the Department.

CHURCH NOTES

The first real move made to entertain the Maryland Conference of the M. P. Church, which will meet here in annual session beginning April 5, was made Monday night when a committee of ladies of the church met the official committee to divide the town into districts for the purpose of canvassing for homes for the 275 ministers and laymen. Two ladies were assigned to each street in the town and suburban districts, and they will immediately begin their work and make their first report at a meeting to be held in the church next Monday evening. For the first time in the history of the conference the new plan of paid entertainment provided for by the Conference by an assessment of 1 per cent of the pastor's salary from each charge to pay the expense of its minister and delgate, will be tried, and the general entertainment committee does not anticipate much difficulty in securing the homes for all members of the conference. A large number of residents of the town have signified their intention to entertain free many of the ministers and delegates and it is expected there will be a comfortable balance in the conference treasury after the session is over.

The Triangle Club of the M. P. Church gave a delightful entertainment and banquet in the lecture room of the church Tuesday evening.

Rev. L. E. Barrett one of the oldest members of the Wilmington M. E Conference, is able to be about town notwithstanding the slippery condition of the pavements.

The Womans Foreign Missionary Society of Middletown District, will hold its Second Quarterly Meeting in Centreville February 23.

At 11 a. m. the pastor will preach, using as his subject, "Settling Down in Christ." At 7 p. m. the E. L. will meet. The pastor will preach at 7.30 p. m., using as his subject "Manifold Grace." The prayer meeting will be held on Wednesday evening at 7 o'colck instead of Friday evening, because the Chautauqua will be in session in town on Friday evening. The J. E. League will not meet on Friday afternoon, because of the Chautauqua. The pastor will preach tomorrow (Sunday) afternoon at Massey at 3 o'clock.

Sunday, Feb. 26, Col. Joseph H.Cudlip, superintendent of Young Peoples' Work of the Maryland S. S. Association, will be in Kent county and address at least three big meetings. His expected program for the day is: Wesley Chapel M. P. Church in the morning. A big rally at Christ M. P. Church, Chestertown, at 3.15 p. m. Rock Hall M. E. Church in the evening. Whether you are interested in Sunday School work or not you will be repaid if you attend the nearest meeting where the colonel will appear. He is a wonderful speaker and is sure to give you a thrill. Be sure to hear this man on Feb. 26.

The class of young ladies taught by Mrs. Raum will have charge of the Sunday School session of Wesley Chapel M. P. Sunday School next Sunday morning.

The fourth quarterly conference of Wesley Chapel charge will be held on Tuesday, February 28.

The Ladies Aid of Wesley Chapel will hold a patriotic social Feb. 21 in the church hall.

Four ($4.00) dollars per month per ampere at 220 volts single phase.

Rules

The general rules now in force are applicable to this rate and in addition thereto the following rules will apply to this rate only.

(1st) The minimum amount of service is ten amperes at 110 volts or five amperes at 220 volts.

(2nd) Customers must make written application for the service and set forth the voltage, phase and ampere requirements in their application.

(3rd) Service will be supplied for periods of not less than twelve months.

(4th) Payments covering minimum bills must be made in quarterly installments in advance. No discount will be made on minimum bills.

(5th) when energy is used under this rate credit will be allowed for only the minimum bill for the month in which energy was used.

(6th) Customers must provide and install at their expense an automatic circuit breaker capable of adjustment for the amount of service required. The breaker must be mounted in a metal cabinet fitted with a lock and key. The metal cabinet is to be supplied at the customers expense and the lock and key will be supplied by the company at the customers expense. All of this equipment must be approved by the Company and the arrangement must be such that the circuit breaker can not be adjusted to a new setting when the cabinet is locked. All keys to the cabinet lock shall be held by the company and no one but authorized representatives of the company shall have access to the cabinet during the term of the contract. All wiring within the customers premises and on the company's side of the circuit breaker shall be installed in metal conduit.

(7th) Circuit breakers will be set by the company at the amperage specified in the customers application.

(8th) Application for a change in the setting of the circuit breaker must be made in writing by the customer at which time he must agree to continue the service for a minimum period of twelve months from the date of the new setting of the breaker.

(9th) Service will not be supplied in parallel operation with other sources of power under this contract.

(10th) No claim for rebate due to discontinuance of service caused by the automatic operation of the circuit breaker on overloads will be allowed.

(11th) The company reserves the right to withdraw this service on twenty-four hours notice when in its judgment the further supply of this service might endanger its service to regular customers.

Rates for energy (but not minimum bills) supplied under schedule P. S. C. No. 9A are subject to the 5% discount for payment within ten days after their date of presentation as set forth in schedule P. S. C. No. 9.
