This dog has killed nearly a hundred rats this year. People who have a permanent grudge against dogs should remember the value of an animal of this kind, not only to the owner but to the whole community before they decide that all dogs are worthless.

Report Of The Kent County Public Health Nurse for Jan. and Feb.

Patients—old, 22; new 4; discharged, 2; died, 1. Patients sent to the hospital, 5; children placed in homes, 5; visits made to patients' homes, 70; co-operative visits, 60; visits made to schools, 25; visits made to parents of school children, 50; nutrition class held 7 times; conferences in office, 14. Talk given at the meeting of "The County Council for Home Demonstration Work." Articles in the county papers, 1. The nurse's office has been moved from the old Red Cross Chapter House to the Business Men's Club rooms at the Imperial.

A small medicine box is being prepared for each county school. The Ded Cross funds will bear the expense of this work.

There have been so many children absent from school this winter with "common colds." The "common cold" is frequently aggravated by enlarged tonsils and adenoids and also lack of fresh air or poor ventilation. Many of our children, even in this advanced age, sleep with closed windows. We hope the day is almost passed when intelligent people sleep in unventilated or poorly ventilated rooms.

Respectfully submitted,
MARGARET P. MASSEY.

Girls' Clubs Show Results

Club girls all over the county are showing marked progress in club work. Girls who finished sewing and poultry work last year have the year's work in sewing well started and are planning to raise only pure-bred poultry. The poultry project, which was financed and managed last year by Mr. P. M. Brooks and Mr. Claude Truslow, seemed to have had the desired effect in introducing purebred poultry on the farm. Very few girls will have mongrel stock this year.

Girls who finish the required work will be given the privilege of attending the summer camp for Club Girls which will be held the month of July. Miss Hill is planning a camp which will last for three or four days. At this camp the Club Girls will give demonstrations in "The Care and Renovation of Clothing," the "Serving of a Simple Breakfast and Bread Demonstration." The program will deal with club work in general and will be closely associated with the life of the farm girl.

Bonus Bill Introduced In Congress

The Compromise Soldiers' Bonus Bill, carrying a bank loan provision in place of the cash installment payment plan, originally proposed and once approved by the House, finally was agreed to Tuesday by Republican members of the Ways and Means Committee. It was introduced later in the House by Chairman Fordney, who announced that it would not be called up until next Monday, if then.

Passage of the bill was predicted by Mr. Fordney. His opinion appeared to be shared by members of the House generally, according to the daily press. There was some speculation in House lobbies and corridors as to President Harding's views of the Compromise Bill.

The bill provides for $625 for men who saw overseas service and $500 for the ones whose service was confined to our own shores.

Some of the majority members of the committee believe that since the new plan defers for three years any large drain on the Federal Treasury the President will not object to it.

In Memoriam

CULLEY—In loving memory of our beloved father, Joseph Culley, who passed to the better life March 1, 1921.

It is lonely here without you,
And we miss you every day,
Our life is not the same to us,
Since you were called away.

But, peaceful may you rest, dear father,
We love to breathe your name,
In life we loved you dearly,
In death we do the same.

Though others may forget you,
We shall remember.
Sadly missed By Wife and Children

What would we give to clasp his hand,
His dear face just to see,
His loving smile, his welcome voice,
That meant so much to us.
Greatly Missed by his Grand Children.
