Buick

More Facts You Should Know

1 Buick production has increased so immensely that it has been possible to make greater strides each season in the handling of each operation. The buyer of a Buick car profits by the consequently lowered manufacturing costs

2 For twenty years the name Buick has been indelibly linked with those car qualities that appeal most profoundly to car owners—sturdiness, power and unfailing dependability.

3 The biggest advantage of buying a Buick car is that you get a Buick Valve-in-head motor and properly related chassis.

When The Paper's Gone To Press

By Joseph A. Guest

I've sat at banquet tables, and I've seen the silver shine,
I've tasted every luxury on which we mortals dine,
I've heard the wit and eloquence of many a famous man,
I've had all sorts of dinners since my dining days began;
But there's one glad table somewhere that I'd like to see once more,
One bunch I'd like to meet with when the long day's work is o'er,
One meal I'd like to rush to after all the strife and stress—
That good old midnight supper when the paper's gone to press.

We held them in the old days in a hole down in the wall,
And many a night the table had no linen on at all,
And the food was far from dainty, but the gang which gathered 'round
Was the finest bunch of fellows that could anywhere be found.
Then we talked the long day over, with its list of various deeds
Which we reporters live and share in, but the reader only reads;
We punctured sham with satire, as the boys still do, I guess,
Who meet somewhere at midnight when the paper's gone to press.

Now the gang with which I gathered has been scattered far and wide,
And some of them are wealthy and some of them have died,
There's a new lad writing murders, and a new pen telling tales
Of his sad and sorry fellows in the hospitals and jails;
And I, who once was eager for excitement, sit sedate
Doing idle rhymes for copy—just a dreamer by the grate,
For my day of youth is over, age has brought me some success,
But it stopped those midnight lunches when the paper's gone to press.

SUMMER CAMP

Sanitary Division Will Spend About Fifteen Days In A Well-Selected Place

While it has not been officially announced as yet where the National Guard for the state will be located next summer, it is definitely known that Company "SD", First Infantry, Maryland National Guard, composed of men from this locality, will spend at least fifteen days in a well selected camp during the coming summer season.

It is possible that the trip will be made by a combination of rail and boat transportation, thus adding greatly to its pleasure.

Plans are being drawn up now to make this a banner year at camp, and healthful recreation will be enjoyed by all the members of the regiment while there.

Already one can hear the soldiers discussing the good times they are going to have during the period they are to spend under canvas.

The summer military camp is a feature of the government's plans for military preparedness, which is fast becoming very popular with the young men of this country, and during the past year was taken advantage of by many thousands who were unanimous in their praise of the benefits they derived therefrom.

Especially is the camp attractive, when one considers that not only is everything furnished free to the soldiers attending, but that he is paid for the period as well.

The time spent in camp will be divided among such interesting activities as rifle shooting, for it is at this time that the organizations conduct their annual rifle practice, and an effort will be made to qualify the majority of the young men in the use of the rifle. Maneuvers and parades are also to be held quite frequently, while track meets and base ball games are arranged and participated in with a great deal of interest. Swimming, boating and many other forms of athletics go to make up the daily program.

The evenings are always open for the soldiers to do as they desire, although dances, movies, concerts, etc., are always arranged so that dull moments are practically unknown, especially when one considers that the soldier is always among his friends from home.

Taking all these interesting activities into consideration, it is no wonder that the man who attends camp with his organization returns home trained and fit from his out-door life, feeling that he had a fine time, and has also rendered to his country a service which he could not have done otherwise.

Men who feel that they would like to attend camp this summer with Co. "SD" should not delay in getting in touch with Captain Hines before the enlistments are complete.

—Here's one that will stand with the biggest, and it comes from Delaware. A farmer had been missing hen eggs, so he decided to watch for the thief, which proved to be a big black snake. He caught him in the act and cut his head off with a hoe and out rolled not only one egg, but six more. He set the eggs under a hen, so goes the story, and all hatched out fine big chicks.

MILLINGTON

Mrs. Bessie Martroni, of Millington, the assistant operator at the telephone exchange, and Mr. Freeman McMullen, of near town, were married on Wednesday evening of last week at the M. E. parsonage, Crumpton, by Rev. J. T. Rowlenson. They are residing near town, with her mother, Mrs. Corbett Jones.

Mr. Albert M. Godwin, of Philadelphia, was the guest last Sunday of his parents, Mr. and Mrs. T. A. Godwin, near town.

Mrs. Edward Pinder, of Newcastle, Del., visited her sister, Mrs. E. A. Wilson, on Thursday of last week.

Mr. W. H. Burris spent this week with his daughter, Mrs. George Bartlett, of Wilmington.

Mr. and Mrs. Harry Bamberger and little daughter, Elizabeth, of near Church Hill, were guests last Sunday of his mother, Mrs. Maria Bamberger.

Mrs. Alinda Smith has returned home from a visit to her sister, Mrs. Mamie Higman, of Philadelphia.

Nothwithstanding the bad roads, the excellent lyceum festivals, which were given by the Chautauqua Association, of Swarthmore, Pa., in Comegys Hall on Thursday, Friday and Saturday of last week were very well attended and fully enjoyed by all present. It would be very difficult to say, if asked, which was the best day, especially the concerts, for they were all very good, is the opinion of every one; the Premier Artists of the first day, the Rich-Werho Co. of the second day and the Dunbar American Hand Bell Ringers and Male Quartet of the third day. Some may say the Bell Ringers, probably because they were new as well as so good. The vesper service on Sunday afternoon, which was conducted by the platford Supt., Mr. I. A. Downey, Ph. D., and the Bell Ringers, was also largely attended and enjoyed. The contract was signed up by 55 guarantors, so that we may look forward to another good time next year.

Mr. W. H. Burris has moved from his house, which he purchased from Mrs. Mary Manning into his adjoining house, recently vacated by Mrs. Bessie Martroni, and has rented his house to Mr. William Rolph, near town.

Mrs. E. A. Wilson is spending two weeks with relatives at New Castle and Bear, Del.

Mrs.J. P. Ahern was the guest this week of her daughter, Mrs. Francis Ellery Fitch, of Chestertown.

Messrs. C. C. Rouse, Jr., and J. C. Numbers, of Wilmington, spent the week-end with the latter's parents, Mr. and Mrs. F. C. Numbers.

Mr. W. T. Brice, of Fairlee, visited his son, Dr. Merritt Brice, this week.

Messrs. John A. Tobin, Charles M. Hurtt, John W. Higman and J. Burgess Anderson attended a banquet given by the Masons at Easton Wednesday evening of last week.

The regular monthly meeting of the W. F. M. S. of Asbury M. E. Church was held last Tuesday afternoon at the home of Mrs. John S. Newnam.

Mr. and Mrs. Harry L. Higman are receiving congratulations on the arrival of a fine son.

Railroads Ask Repeal of Burdensome Law

SO-CALLED FULL CREW REGULATION IS COSTLY TO THE PUBLIC

TO THE GENERAL ASSEMBLY OF MARYLAND:

The undersigned Railroad Companies, all operating in the State of Maryland, join in a petition to your honorable body to act favorably on Senate Bill No. 74 introduced by Hon. Walter Mitchell which repeals the so-called full crew law enacted in 1908. This burdensome and wholly unnecessary law requires railroads to man all freight trains of 30 or more cars with crews of six men; viz: I Engineer, 1 Fireman, 1 Conductor and 2 Brakemen and 1 Flagman (3 Brakemen). This crew comprises one more Brakeman than the railroads need.

The petitioners respectfully urge the abolition of this extra Brakeman

BECAUSE, the employment of this useless Brakeman is an unnecessary burden on the railroads, and therefore, on the public, which after all "pays the bill." In 1919 the cost was $514,904, in 1920 $496,890, in 1921 (a year of business depression) $357,282. a total, during the past three years, of $1,179,076. During the last ten years this law has cost the Railroads operating in Maryland approximately TWO AND ONE-HALF MILLION DOLLARS, without a single cent in return compensation.

BECAUSE, the extra Brakeman is not needed in the operation of trains. The Federal Government requires automatic couplers and air brakes on all cars and prohibits the use of hand brakes on trains. Two brakemen are sufficient. Then why a third Brakeman?

BECAUSE, the railroads are vitally interested in the safe and economic operation of trains, and are fully qualified to decide upon the size of the crews.

BECAUSE, this law places an unnecessary burden on the railroads and leads to high passenger and freight rates, in which the public is vitally interested. Industry and trade must be revived, which is possible only by removing unnecessary burdens and lessening of overhead charges. The stringency of the times will be partially relieved by the repeal of this law. This repeal does not mean more unemployment; it does mean the transfer of men from useless to useful occupations in other departments, where the money paid them will be more profitably expended in repairing locomotives, cars, tracks, etc.

BECAUSE, Pennsylvania and other states have repealed similar laws. The West Virginia Legislature refused to pass a bill enacting such a law. Virginia and Delaware are without such a law. Therefore, Maryland, alone in this group of States, is hampered by a full crew law.

We, therefore, appeal to your honorable body to repeal this burdensome and unnecessary law.

CHEVROLET
America's Most Economical Motor Car
Is Rich in These Essentials:

POWER—Plenty of power. The valve-in-head type of motor insures maximum power for any emergency.
QUALITY—This model will surprise these who have an idea that low price is usually associated with inferior things. Chevrolet "Four-Ninety" is carefully designed, built. Point by point it proves its quality.
ECONOMY—You are assured economy of operation. The valve-in-head type of motor, together with proper carburetion uses gasoline economically. Upkeep expense is minimum.
DURABILITY—Durability has been built in. The careful selection of material used in each unit results in long wear. Steel and other enduring metals used liberally.
FIRST LOW COST—Think of a completely equipped automobile for five hundred twenty-five dollars (at Flint).
CHEVROLET "FOUR-NINETY" IS T RULY THE THOROUGHBRED OF LOW-PRICED, COMPLETELY E QUIPPED AUTOMOBILES
TIME PAYMENTS IF DESIRED.
