Buick

Buick "Four" Also Drives Through the Third Member

Whether it is a Four or a Six, every Buick measures up to the same rigid Buick standard of design and construction. Whatever is Buick, is Buick throughout.

The Buick Four, like the Buick Six, drives through the torque tube third member on the axle. Buick springs only support the body and ensure easy riding. A Buick rear spring accidentally broken, cannot mis-aling the axle and tie you up on the road. This design is generally found only on high-priced cars.

BUICK SIXES		BUICK FOURS	
22-Six-44	$1365	22-Four-34	$895
22-Six-45	1395	22-Four-35	935

SACHS' SERVICE SHOE STORE
5th Anniversary Spring Opening.

Five years ago we opened an "EXCLUSIVE SHOE STORE" in the little store room of the Toulson Bldg. At a small expense, with but one purpose in view, namely, "TO UNDERSELL," public opinion has decreed that we have succeedd from the start.

Five years increased business has enabled us to buy and sell in larger quantities at lower prices, thus giving you extraordinary values. Five years of constant application to one particular line, caerfully fitting all feet, guarding against any misfits, and selling only the very best makes of shoes, have gained for us the good will of all our customers, extending over a radius of fifty miles or more.

Our best advertisement is our customers.

There are no complaints, because we make good any unsatisfactory purchase.

All foot troubles relieved.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

SPORTS

WASHINGTON, TRIUMPHANT OVER HER OPPONENTS, MAKES FINE PROGRESS TOWARD STATE CHAMPIONSHIP

Washington College is in good stride for the state baseball championship. With two victories over St. John's and a one-sided victory over Western Md., the prospects are exceptionally good for winning the honors. University of Maryland, Mt. St. Mary's and a few others have yet to be encountered, and while the latter-named teams will present a stubborn opposition to the advance of the local team, we believe W. C. has a good chance of grabbing the flag.

Johnson, third baseman on the W. C. baseball team, is showing up in fine form this year and has made a most marked improvement over last year's work, although he did well then. His all-around work against St. John's was largely instrumental in the defeat of St. Johns Tuesday. He is fast on the bases and covers third like a professional, running back to the fence at times to grab a high one. At the bat he is becoming dangerous and opportune. With a clear, deadly, graceful swing at the ball, he is a menace to any pitcher and a mighty good, all-around player for any team.

Sailing on the Chester has received a big impetus by the addition to the sailing fleet of Capt. Albert Hartman's "Claytonia." Messrs. Truslow and Rogers will now have to trim their sails and get their crafts in shape to cope with the new comer.

Western Maryland College proved to be like clay in the hands of the artist Saturday, and Washington College did with them as they would. The score was 10 to 1. Washington went into the lead at the outset of the contest and scored almost at will. Western Maryland presented a somewhat ragged aggregation and Washington, at times scored almost at will. W. C. went into the lead at the very start of the game and increased the lead constantly as the game progressed, staging a runaway in the eighth inning. Bradford was on the mound for W. C. and held the visitors well in hand at all stages of the contest.

Frank Baker and Kirk Gordy are holding their own with the Yankees and the Newark teams, respectively. Baker has promise of making a good record this year.

Golf is now being played at Washington College.

The batting rally staged against St. John's by Washington College Tuesday is away out of the ordinary in college circles. Quite frequently big league teams go on a rampage and knock the cover off the ball. The rally made by Washington swept everything before it and put a team which was five runs behind well in the lead.

Washington College defeated the St. John's baseball team here Tuesday afternoon before a big crowd, the score being 8 to 7. The weather was ideal for the game. The victory over St. John's was the second over that team this year, the other victory being won at Annapolis last week.

The first inning witnessed W. C. unloosening a series of errors which were rather the part of well-staged comedy than that of a baseball game between two rival baseball teams. After St. John's had made three runs and secured a "toe-hold" on the contest, Washington turned from comedy to drama, and with their back to the wall, faced the St. John's jinx with a determination which forced it from the field finally.

But St. John's did not tamely submit to relinquishing their hold on the game which was increased in the third inning to five runs, and fought to the last gasp for victory, even after almost certain defeat stared them in the face.

In the fifth inning, with no one out, the break of the game came. W. C. was at bat. A grounder hurtled toward second base. The fielder threw to first, drawing the baseman from the bag. Then the fireworks began to go off. Hit followed hit in rapid succession, until Washington had four runs to her credit. Then the St. John's pitcher was relieved. This, however, did not check Coach Kibler's boys, who continued to beat and pound upon the delivery of the new pitcher until three more runs were added to the list, giving Washington a seven to five lead. Another run was added in the next session.

St. John's came back gamely in the eighth inning and found Wright for three solid hits in succession, which gave them two runs and put them close on the heels of W. C. Wright's curves proved too much for them, however, and they were unable to tie the score.

Wright, who was on the mound for W. C., was not hit safely to any extent except in the eighth inning, when three hits were made. His pitching was not as steady as usual, he giving several passes and hitting two men, something he seldom does. He has gained considerable weight and will, we have no doubt, continue to round into former form and better as the season advances. Jones was in fine form behind the bat and makes a most admirable successor to Davis.

After the fatal first inning Tuesday the entire team showed up well.

—The peanut crop of the United States in 1921 was 4,000,000 bags. The Southern States raised most of these nuts.

Kent County Pomona Grange

Kent County Pomona Grange met at Worton Saturday, April 29. A large number of enthusiastic patrons were present.

The morning session was devoted to business. County Agent Derrick reported that the banks of the county are taking an interest in boys' club work and show a willingness to help the boys along.

The Pomona Grange voted to give a banner to the club doing the best work during the year.

A similar prize to be given to the girls' club doing best work.

The Grange will co-operate with Mr. Derrick, our county agent, and other organizations of the county in an effort to make Farmers' Field Day a grand success.

At noon we were furnished a feast of good things by members of Worton Grange. At the beginning of the afternoon session we paused for a short time in our work to honor the memory of our friend and co-worker, Bro. Jas. T. Anthony, whose memory is dear to the heart of every granger in the state.

Resolutions of respect were read by Rev. S. S. Hepburn.

After which Mr. B. John Black, master of the State Grange, spoke touchingly o the life and chaarcter of Bro. Anthony and his influence for good throughout the state.

Prayer was then offered by Bro. Hepburn. Bro. Moore, of Talbot Co., also spoke of Bro. Anthony's courteous recognition of members and his high literary ability.

Business of importance was then transacted.

The literary program was a real treat.

The music by Worton orchestra was delightful.

Recitations by the little folks were fine. State Master Black and Mrs. Black each gave interesting talks. All enjoyed Mr. Moore's comparison of Henry Ford's auto cow to the real article.

A rising vote of thanks was extended Worton Grange.

BETTERTON

The fishing season has been more encouraging this week. The catch has been considerably larger and the prices higher.

The Odd Fellows and Rebekah Lodge of Betterton attended the afternoon service at Betterton M. E. Church on Sunday afternoon.

Mr. Walter Brice, who recently purchased the Rigbie Hotel, is having it painted and some other improvements made. The Chesapeake Hotel is also being painted.

Miss Marie Willis, who was operated on recently at Mercy Hospital for appendicitis, is improving rapidly and expects to leave the hospital soon.

Mrs. Calvin Beauchamp and daughter, of Baltimore, are spending some time with relatives in Betterton.

Mrs. Emma Hughes, of Washington, is spending some time with her sister, Mrs. A. P. Emerson, who has been quite sick.

Senator Albert McDade and Mr. Blaine McDade, of Pennsylvania, attended the funeral of their uncle, Capt. Lewis McDade, here recently. Capt. McDade was one of Betterton's oldest citizens and had been ill for several months.

Misses Sarah and Alice Taylor are spending their vacation with their parents, Mr. and Mrs. Peter H. Taylor.

TRACTOR

"Henry Ford Was Right When He Said:

'The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be —the most pleasant, the most healthful, the most profitable business on earth'."

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time — a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more —a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.
