PAINT UP
Paint Up

A little money, now, to save the surface, or a lot of money, later, for repairs and replacements—which?

Conservation of property is as sound thrift as putting money in the bank. Don't let your buildings run down.

The man who is going to paint "one of these days" is the man who is going to take out insurance "one of these days." He postpones protection in either case.

INSURE YOUR PROPERTY WITH "ACME QUALITY PAINT."

Our stock of paint is complete for either inside or outside work. Paints, Varnishes, Linseed Oil, Turpentine, etc.
