When you invest in a Player-Piano, look carefully to the tone quality, expression and durability, for you must live with it a lifetime.

Be sure it will give you lasting pleasure and satisfaction all through the years. You will run no risk of a future regret if you get a

LESTER PLAYER-PIANO

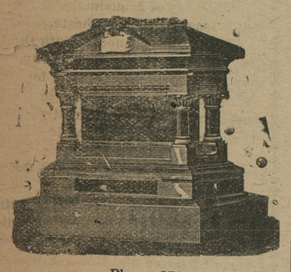

Back of its reliability is the splendid reputation of a third of a century. And yet, with all its admitted superiority of tone and action and finish, it is as easy to own as one of the inferior kinds. We will gladly show you how.

Some of the many services Western Electric Power and Light performs

An easy way to get a hard worker

FOR a reasonable first payment you can install this powerful Western Electric Outfit and start it working for you right away—saving you time, labor and money. And that means more than plenty of lights in your house and barn. This Outfit does some of your hardest chores too, and works at a fraction of the cost of man-power.

The long-lived battery and the extra-size engine with the pulley furnish power enough to run your water system, milking machine, separator, feed-grinder, washing machine, utility motor—which you can carry from job to job—and many other devices.

A Western Electric Power and Light Outfit is an all around time-saver and labor-saver that pays for itself.

ENTRANCE EXAMINATIONS
Engineering Scholarships

Entrance examinations, under the auspices of the College Entrance Examination Board, will be held June 19-24, 1922, in the Civil Engineering Building, Homwood, beginning at 9 a. m. each day.

Applications for Scholarships in the School of Engineering, established under provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, competitive examinations will be held September 22, 1922, beginning at 9 a. m.

Each Legislative District of Baltimore City and each County of the State, with the exception of Caroline, Cecil, Queen-Anne, Talbot and Worcester, will be entitled to one or more engineering scholarships for the year 1922-1923, in addition to those already assigned. In the five counties mentioned, all available scholarships have been awarded.

Under the provisions of the Act of Assembly, the County and City Scholarships in the School of Engineering ar awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted them.

The Scholarships entitle the holders to free tuition, free use of text books, and exemption from all regular fees. One of the scholarships in each County and in each Legislative District of the City carries also the sum of $200. The expense of attendance for those who do not receive scholarships is not greater than at other Maryland institutions.

Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, University of Maryland (Maryland Agricultural College), Mt. St. Mary's College and Rock Hill College.

Applicants should address The Registrar, The Johns Hopkins University, for blank application forms and for catalogues of information regarding examinations, award of scholarships, and courses of instruction. The next session begins Tuesday, Oct. 3.

GOING STRONGER EVERY DAY
"RED CIRCLE" COFFEE

And it is still 25c a pound, while all others have to advance their price—or lower the quality.
The Reason—our buyers continually on the spot where the best coffee grows—buying entire productions of hundreds of plantations—so that varying fluctuations of the coffee market do not affect our price.
For as we buy, so we sell. We require only a small profit, because our great volume brings the necessary results.
We want every housewife in town to know that in "Red Circle" lies the most satisfaction—and is the biggest coffee value for the money in the land.
