Prizes For Eastern Shore H.S. Students

Too little has been done to call attention to the glorious history and traditions of the Eastern Shore. We all know that our section of the state has always played a most important role, but not sufficient honor and respect have been paid to the memory of those Eastern Shore men and women who were creative factors in Maryland History.

The Eastern Shore Society wants to stimulate interest in all such matters and with that end in view is offering prizes to high school boys and girls of the Eastern Shore for historical contributions. The terms of the contest are as follows:

1. A prize of $20 is to be awarded in each county of the Eastern Shore for the best historical sketch written by a student of that county.
2. The article must be written in its entirety by a member of the class of 1923 of one of the high chools of that county.
3. It must deal with the Colonial period ending July 4, 1776.
4. It must either be a biographical sketch of one of the residents of that county or of someone very closely associated with it or it must deal with some event or events directly concerned with the history of the county.
5. It must be between 1000 to 1200 words in length.
6. It must be submitted to the committee on or before Nov. 15, 1922.
7. A special additional prize will be given for the best sketch submitted in the contest irrespective of from what county it comes.
8. Arrangements will be made for the awarding of the prizes and for the presentation of the articles. Plans are under consideration to make that occasion unique and worthy of the best traditions of the Eastern Shore Society.
9. These prizes will be offered annually.

The success of these contests will doubtless lead to more ambitious efforts on the part of the Eastern Shore Society. We have a number of plans in mind for attempting to present in a way we think will be interesting, noteworthy and picturesque features in the life of the Eastern Shore.

GEORGE L. RADCLIFFE,
S. K. DENNIS,
W. THOMAS KEMP,
Committee of Eastern Shore Society.

To Entertain Horticultural Society

Both Easton and Berlin are making extensive plans to entertain the members and friends of the Maryland State Horticultural Society, who will visit those two towns in connection with the summer meeting of that organization, July 13 and 14.

At Easton the visitors will be guests of the Talbot County Farmers' Federation, the Men's Community Club and the Rotary Club and these organizations will co-operate to make the occasion a pleasant one. An automobile tour of some of the principal orchards in Talbot County is planned, together with entertainment features at the recently acquired community park. The visitors will spend Thursday, July 13, at Easton, and will leave the following morning for Berlin, visiting some interesting orchards on the way.

At Berlin the visitors will be entertained at Harrisons' Orchards. Lunch will be served through the courtesy of the members of the Harrison firm and in the afternoon a brief meeting will be held, followed by a tour of some of the Harrison orchards. Members of the Peninsula Horticultural Society, who have been invited to join in the meeting at Berlin, will augment the size of the crowd and should make the meeting at Berlin a memorable one. Although it is not generally known, Worcester county is one of the leading fruit producing counties in Maryland, due chiefly to the extensive Harrison orchard developments.

Fordson
THE UNIVERSAL TRACTOR

Henry Ford

HENRY FORD was 35 years getting ready for the new price on the Fordson. He started as a farm boy, planning to get rid of the drudgery, long hours and low money return that has always faced the farmer.

He wanted to furnish you with a tractor that would not only do your work better and faster, but at lower costs—and the 170,000 Fordsons now in use have proved that he has accomplished these things.

What you get in the Fordson for $395 f. o. b. Detroit is the greatest farm power unit ever offered.

Let us show you how a Fordson will cut farm costs, increase your bank account and take the drudgery out of farm work. Write, phone or call.

ENTRANCE EXAMINATIONS
Engineering Scholarships

Entrance examinations, under the auspices of the College Entrance Examination Board, will be held June 19-24, 1922, in the Civil Engineering Building, Homwood, beginning at 9 a. m. each day.

Applications for Scholarships in the School of Engineering, established under provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, competitive examinations will be held September 22, 1922, beginning at 9 a. m.

Each Legislative District of Baltimore City and each County of the State, with the exception of Caroline, Cecil, Queen Anne, Talbot and Worcester, will be entitled to one or more engineering scholarships for the year 1922-1923, in addition to those already assigned. In the five counties mentioned, all available scholarships have been awarded.

Under the provisions of the Act of Assembly, the County and City Scholarships in the School of Engineering ar awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted them.

The Scholarships entitle the holders to free tuition, free use of text books, and exemption from all regular fees. One of the scholarships in each County and in each Legislative District of the City carries also the sum of $200. The expense of attendance for those who do not receive scholarships is not greater than at other Maryland institutions.

Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, University of Maryland (Maryland Agricultural College), Mt. St. Mary's College and Rock Hill College.

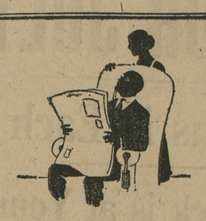

Applicants should address The Registrar, The Johns Hopkins University, for blank application forms and for catalogues of information regarding examinations, award of scholarships, and courses of instruction. The next session begins Tuesday, Oct. 3.
