

Engines ! Shellers ! Grinders !

Three very necessary things at this season of the year. Most farmers have found out long ago that it does not pay to feed whole grain to stock. Ground feed is worth about 25 per cent more than the whole grain.

We have a complete line of Engines, Shellers and Grinders and we will be pleased to have you come in and talk the matter over with us. A few hours work on a rainy day now and then gives a supply of nutritious stock food that adds many dollars to the farmer's yearly profits. Prices are right.

MR. C. A. GOODWIN

Anniversary Of His Coming To Chestertown To Take Charge Of The Ford Agency

A little over three years ago Mr. C. A. Goodwin came to Chestertown and founded the new Ford Agency on Cross street in the old Armstrong Hotel building, making extensive alterations and improvements to this old structure and, in fact, transforming it into an up-to-date automobile establishment and building up one of the largest organizations in this county. His force now consists of twelve employees, as follows: Office force, D. C. Benton and George Cranor; sales force, George Wooley, C. E. Hudson and Geo. Titter; Service Department, C. Philip Sewell, Fred Robinson, Oscar Hanson, Frank Briggs, Edward Patrick and Josiah Brown. Mr. Goodwin, with his usual energy, pep and up-to-date methods, began business, as he has so often stated, upon the "principles of fair and square dealing" to the public and endeavoring to give one hundred cents for every dollar and has made courtesy and service his watchwords. His large and ever-increasing business is the best evidence we can sight that he has served the public in a satisfactory manner. His repair shops, in which he has trained mechanics, together with a complete stock of genuine Ford parts, is complete in every respect—a shop in which quick and careful service can be had.

The Ford products carried by Mr. Goodwin consist of Ford cars, Ford trucks, Lincoln automobiles, Fordson tractors and tractor implements of every kind; also Frick "A" threshing machines. One of the striking features of Mr. Goodwin's business is that he gives every department his personal oversight and looks to the interest of his customers by instilling into his organization a feeling of giving 100 per cent service to every customer. Mr. Goodwin came to Chestertown a total stranger, but possessed of a determined energy that will win ninty-nine times out of one hundred. His energies have not been confined solely to his business, but also to the public interests of Chestertown. We find him backing all progressive movements, both in spirit and financially, for the good of this town and county.

He has been one of the most active members of the forwarding and continuation of the Business Men's Association and is at present its treasurer. Is one of the active members of the Kent County Athletic Association and helped materially in building the three public tennis courts back of the Court House, and is treasurer of this association. He has taken a keen interest in town improvements and community welfare and was elected town commissioner in April, 1922, in which capacity he is still serving. A number of the progressive business men of this town have said to us that they wished we had more such progressive men here as C. A. Goodwin—we heartily join in that sentiment.

The public should appreciate this reduced sale by Mr. Jefferson and give him a liberal patronage.
