ATTENDANCE OF KENT COUNTY SCHOLARS

On reviewing the attendance of white pupils in the elementary grades of the schools in Kent county during the month of December, 1922, the writer struck by the seeming indifference of many parents to the opportunities afforded their children to get an education. Out of an enrollment of fifteen hundred and ninety-seven pupils, only seven hundred and five, 44.1 per cent of the total registration, were present in their respective schools every day and two hundred and ninety-one, or 11.9 per cent were absent one day.

Considering the question from another angle, the aggregate or total number of days that all of the elementary white pupils belonged in school during December was twenty thousand five hundred and thirty-four, while they attended only eighteen thousand days, or 86.6 per cent. In other words 12.4 per cent of the money expended by the State and county for the education of these children was lost. This loss be even greater were we to consider the non-attendance of those older pupils who have not been encouraged by their parents to enroll in the schools this year.

It is hoped that those parents who have been so indifferent to the interests of their children will see that they are in school and that they regularly throughout the rest of the current year. Let our slogan be "Every child of school age in school every school day in the year."

Following are the names of those elementary white pupils who were in school during every session in December and also those who missed only one day in that month.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.
