SPORTS

For the first time in many decades Maryland has produced a sports team of a caliber that would cause it to rank with the best of its type in the country. The occasions are rare when one of the State colleges is able to turn out a major sports combination of the finished variety that would warrant a meeting, with fair chances for success the best that the rest of the country has to offer. Washington Collee in its 1923 champion basketball team, has attained those heights. The record of this year's State title-holders is most impressive, one of which the school and its supporters—indeed, the entire State—may well feel proud. Out of a total of 21 games played—11 of them on foreign floors—Coach's team won 19.

The two blots on the almost spotless escutcheon of Washington College were made by the Navy, in the first game of the season, at Annopolis and Pennsylvania Military College at Chester, on February 20. The Middies achieved their triumph over the Maroon and Black by a margin of less than 10 points. The Chester Cadets were more surprised than Maryland fans when they got a single point decision over the Old Line Staters, who at the time of the game had rolled up a string of 15 successive victories.

It is quetionable if Navy could now repeat its early season victory over Washington. Certainly P. N. C. would be fortunate if it could turn the trick once more in 10 attempts. In the Navy game the Eastern Shoremen were in poor condition, even for a season's initial effort. Navy was in far better shape to stand the sizzling pace and proved it by coming from behind in both halves and forging to the front after the visitors had in each period taken a lead in the early stages.

When the Pennsylvanians score their triumph the Washinton players had no excuse other than overconfidence. The latter probably tells the tale, for Washington has easily defeated St. John's, which previous to that had taken a fall out of P. M. C. on the latter's floor. In addition to these factors it was a foul called less than a minute before the end of the game that gave the Chester cagers the winning point.

What is, however, the most remarkable feature of the campaign of Kibler's pupils can be found in the achievements on the Southern trip, begun in Quantico, Va., on January 8 and completed in Baltimore five days later. Six games were played by the touring five in six days and six victories was the result. The Marines, Washington and Lee, 1922 South Atlantic champions; V. M. I., V. P. I., Cathoile University and Loyola, among the best teams of their states, were the victims in order.

The victory over Dickinson was another high spot in the record. The Carlisle floormen had conquered Penn on the latter's court. Penn annually is represented by one of the leading quints of the East. But Dickinson was limited to 12 points when it invaded Chestertown.

Two defeats each was the result of Mount St. Mary's, Loyola's and St. John's attempt to halt the Flying Pentagon. Blue Ridge the other State College team to face Washington, also met with disaster.

Washington probably would enter a contest with any college team in the country with fully as good as an even chance of emerging victorious.

What will perhaps be the greatest billiard match ever played will take place in the gold room of Statler's Pennsylvania Hotel, New York, on March 12, 13 and 14, the dates set for the challenge match between Willie Hoppe, of New York, the present champion at 18.2 balk-line billiards, and young Jake Schaefer, of Chicago.

Besides the honors that go with this match the world championship emblem.

Council To Meet At Still Pond

At an executive meeting of the Kent County Council for Home Demonstration Work, held Monday of this week, an invitation to hold the next all-day meeting at Still Pond on March 26 was extended by the ladies of Still Pond and was accepted by the Council. Previous to this time, the Council meetings have been held at Chestertown and it was decided a good plan to hold the next meeting in another section of the coutny.

The executive committee, after discussing, at length, the needs of the farm women, decided that inasmuch as many farm women will be compelled to manage farm homes without the aid of outside help, that the Council should do all that is possible to spread farm and home practices that will lighten her work.

It was decided that the all-day Council meeting be held in the Still Pond Grange Hall on Monday, March 26. The meeting will begin promptly at 10 a. m. An evening session will be held.

The Council, in co operation with Miss Susan V. Hill, the County Home Demonstration Agent, are planning a probram for this meeting and have secured Miss Bertha Knight, Mrs. Marian C. Bell and Mr. W. R. Ballard, Extension Specialists, as speakers. This will be one of the best meetings ever held in the county. Remember the date, Mar. 26.

—The family of Captain John Crouch, of Rock Hall has been peculiarly unfortunate of late. Several weeks ago Captain Crouch, using an ax with one hand accidentally struck the other hand, cutting a big gash from which he has suffered much pain; Irving Crouch, a son, had a gun to burst in his hand while gunning at Love Point, tearing away a fragment of his left forefinger and singeing his face with powder; John Crouch, another son, of Washington, was shooting ducks at Love Point, when the gun burst, badly tearing the flesh over the muscle of his left arm. He is still under the care of a physician.
