BRICE'S MILL

JOSEPH BRICE, Proprietor.

Bake things he likes with FLAVO FLOUR. It's healthful and tissue building. There is more nutrition and a sweeter taste in FLAVO FLOUR. It is made with a new process by the most modern mill in the world. Nature's food values and the delicious flavor of the wheat are not milled out as they are by other methods. FLAVO FLOUR is milled at home from home wheat. It is good. Buy it and patronize Home Industry.

DODGE BROTHERS MOTOR CAR

Strength And Safety In The Body Of Steel

Never was the word "safety" so frequently heard in motoring circles as it is today. Never was the need for safe traffic regulation, safe driving and motor car construction so obvious to the public.

Dodge Brothers foresaw the urgency of the safety factor eight years ago, when they began building the car which now bears their name. Instead of making touring car and roadster bodies of wood, as had been the almost universal custom, they built these bodies of steel. And, adding to value and appearance as well as sefety, they developed their now famous permanent enamel finish, which can be applied only to steel bodies because it is baked on at a temperature which would instantly reduce wood to ashes.

From this vital contribution to greater safety in motoring, came the even more important development of to-day —the closed body of steel, as exemplified by Dodge Brothers Business Sedan and Business Coupe.

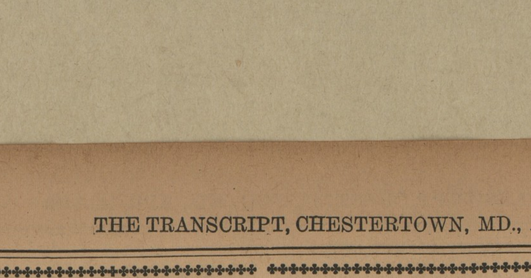

In the construction of these sturdy closed cars, safety has been brought to its highest possible development. For the first time in closed car history, wood has been eliminated from the main structure of the body. Every panel, every rib, every pillar is steel. Even the door sills and window mouldings are steel.

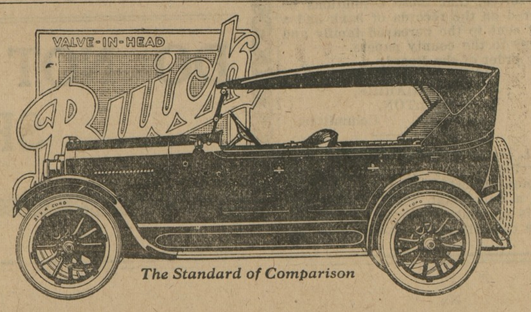

Moreover, instead of being merely rivited or screwed into place, these steel parts are electrically welded together, with the result that the entire body is one substantial unit.

The result is a Sedan and a Coupe as nearly like the all-steel Pullman coach as it is possible to build a motor car. And yet, so skilfully is the car designed that this vital element of safety has been added without any increase in weight, and without impairing that beauty and grace of line which has always characterized Dodge Brothers closed cars.
Business Sedan $1300 delivered. Coupe $1075 delivered.

The Standard of Comparison

Low Cost—Comfortable Motoring

This Buick four cylinder, five passenger touring car affords dependable, comfortable motoring for every occasion.

Improvements in the design of both the chassis and the famous Buick Valve-in-Head engine have contributed further to the well known Buick qualities of dependability and economy. Innovations in equipment have provided comforts in the open model that approximate those found in much more expensive closed cars.

For instance, with the Buick designed storm curtains, reinforced by the Buick weather strip, closed car coziness in bad weather has been closely approximated. A signal pocket for the driver, complete instrument board, transmission lock and many other conveniences are features every motorist appreciates.
