CHESTERTOWN TO HAVE WORSTED MILL

Local Corporation Formed Through Business Men's Association To Construct Mill

A corporation has been formed, with twenty-five stockholders, to erect a worsted mill for Clark & Son, who will start operation as soon as building is completed.

The corporation has purchased a lot from Mr. Walter Bramble on Mill street, along the railroad bordered by lots owned by Mr. M. A. Toulson and Mr. James Chapman. Clark & Son are now operating Unicorn Mills, near Millington, and expect to operate both mills, which is contrary to reports that they will abandon the Millington plant.

Clark & Son will employ about 40 white girls with the prospect of employing more as they enlarge their plant. Mr. Clark said he can handle all the wool grown on the Eastern Shore. The wool is taken from the raw state and spun into spool worsted. The farmers will have a market in Chestertown for all the wool they can grow and will receive cash for their product.

Sunday School Convention

There will be a church school service at Easton on Saturday, May 5, of all the church schools in the diocese. At this meeting it will be decided which Sunday school shall have the banners, given for the school that has the largest Lenten offering and for the largest offering per capita. Chestertown brought both of these banners home last year. All the visiting children are asked to bring their lunch with them as it will be an all-day meeting.

There was an Interdenominational convention of the Sunday Schools held yesterday at Wesley Church, Rock Hall. Quite a number went from Chestertown and vicinity. We are glad to hear of these meetings for they will go a long way toward breaking down the barriers which separate Christian bodies.

Business Men's Association Hold Open Meeting

The Business Men's Association held an open meeting in the Armory, Chestertown, Monday evening, April 23. The meeting was a general get-together meeting and discussion of the business and farming conditions of Kent and there were a number of short talks by members. Mr. Clark explained his milling plan for the new worsted mills and Mr. Peck and Mr. Shallcross talked on their respective ways for handling the asparagus this year. A buffett luncheon was then served, followed by short business meeting. The association with the cooperation of the Eastern Shore Transit Line, expect to take a three-day trip down the Shore, about the 15th of May. A number of new members were admitted at this meeting and it is expected to have a membership of 200 after the membership drive is over.

Kent County Bank Deposits

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early s they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.
