THE TRANSCRIPT

Entered at the Postoffice at Chestertown, Md., as second-class matter.

IN spite of the efforts to bring about an agreement on a candidate for the State Senate and thus avoid a primary, to date it appears that there is to be quite a hot fight for the Senatorial nomination. The candidates in the field are Mr. Ellsworth C. Bowers and Mr. William F. Russell. As to the other offices on the ticket, there has been no new developments.

DUE to a lack of finances, the Town Commissioners have been compelled to discontiune the hauling of ashes, paper and trash. It has cost the town sixteen hundred dollars a year to dispose of this material and garbage and the revenue for this purpose amounts to about $600 a year. The Commissioners are not authorized by law to levy an additioanl tax to make up this difference of a thousand dollars. The Commissioners will continue to haul garbage, but no arrangements can be made under the present state of affairs for the disposal of other waste material. It is, therefore, necessary that the people of this town in some manner provide for this purpose. Now that this service has been discontinued, we all realize what a convenience it has been and the necessity for its continuance. This might be accomplished by private contribution at least for the summer and the Transcript will start the list with a contribution of ten dollars. Who will be the next contributor?

THERE is a noticeable tendency throughout the county at the present time for farm labor to migrate to the city. From many sections in the state and in Virginia come the cry of a shortage of farm labor. Employment agents of some of the large industrial corporations have induced many peiple to leave the country. The picture of large wages painted for these people appears a very attractive one but when the high cost of living and the value of money in the city are compared with these same features here there is a noticeable difference. Before leaving the farm to accept high pay in the city consider just what you can get for that money in the city and what you are getting for a smaller amount here. As harvest is approaching there will be much work to be done here and wages will probably increase for the harvest season. The farm and the farmer constitute the backbone of the nation and it is more than probable that in time our people will prosper more by remaining with the farm, taking its success and its failure, its prosperous years and it lean years, but all the time enjoying health and the necessities of life. This cannot be said for the cities, where in times of industrial depression many are hungry and without work.

Pernament Enamel --Baked on Steel

The wearing qualities of Dodge Brothers Baked Enamel Finish have always been a source of wonder and delight to Dodge Brothers owners.

The secret of this durability, which accounts for the car's fresh, glossy appearance after years of wear, lies in the enameling process developed by Dodge Brothers when they originated the practice of enameling steel bodies, eight years ago.

After each coat of enamel the body passes into a system of electrically controlled ovens. There, under an intense heat, the enamel virtually becomes a part of the steel.

So minute is the regulation of these ovens, that baking automatically ceases the instant the proper degree of hardness is attained. Thus, the enamel is neither too soft nor too brittle, and has virtually the same expanding and contracting qualities as the steel body itself.

It is this scientific combination of hardness and elasticity which makes Dodge Brothers Baked Enamel practically impervious to climatic conditions and prolonged usage. It wears and ghstens as long as the car owner gives it reasonable care.

HEARN GASOLINE

Is Uniform and Dependable because it is tested before it is sold

A test to which Hearn Gasoline is always subjected before it is sold is the Evaporation, or Drying Test. Although simple, this test is important to every gasoline user.

A few drops of gasoline are put upon a piece of ordinary white paper and allowed to dry. When the evaporation is complete, the paper is held up to the light. Should there appear any trace of a greasy spot, it would indicate the presence of kerosene.

When you buy Hearn Gasoline, you are assured of a fuel that has fully met this important test.

In fact, you can at any time make this test yourself. If you should find kerosene in the gasoline you are using, you can confidently change to Hearn and know that you are buying ALL GASOLINE.

The Hearn Oil Co. does not depend upon this one test. Its gasoline is subjected to a series of tests, which are your protection and which make the gasoline you buy at one Hearn filling station the same that you buy at any other station. It is uniform and reliable—BECAUSE IT IS TESTED.

ANOTHER SPECIFICATION. EQUALLY IMPORTANT, TO WHICH ALL HEARN GASOLINE IS SUBJECTED, WILL BE EXPLAINED IN THE NEXT ADVERTISEMENT.

Hearnoleum Products

The Hearn Oil Company manufactures lubricating and fuel oils for all purposes.

Have you tried HEARN "Y" MOTOR OIL?

It is unexcelled as an all-the-year-around and all-around lubricant for your automobile.

Hearnoleum Products are sold throughout the entire state of Delaware and the Eastern Shore of Maryland. There is a Hearn filling station convenient to you. The man at that station knows and he will see that you get the right kind of oil for your car.
