COUNTY TAX RATE $1.48

The County Commissioners on Thursday fixed the tax rate for Kent County at $1.48—6 cents less than the rate last year. The state tax is 30 cents this year against 35 cents last year. The combined rate of the county and state tax this year is $1.78. This is a good showing when we consider the high cost of materials, labor, etc.

THE chief development in the political line this week is the formal announcement by Mr. J. H. C. Legg, of Centreville, of his candidacy for the nomination for Associate Judge at the Democratic primaries. Judge Keating, of Centreville, who was appointed by Governor Ritchie to fill the unexpired term of the late Judge P. B. Hopper, is also a candidate for the nomination. We understand that in Queen Anne's County there has been a definite campaign started between two factions, represented on one side by Mr. Dudley G. Roe and Mr. J. H. C. Legg, and on the other side by Mr. Wilson, President of the Centreville National Bank, and Judge Keating.

There have been no new political developments in Kent County. It is generally believed that there will be two straight tickets in the field. This situation is to be regretted, but according to the present outlook, this is unavoidable.

GRADUATION days both at Washington College and at the High School are at hand. This time, eventful in the lives of many of our boys and girls comes at a season of the year when nature is at its best. The flowers and trees are in their fullest bloom and join in the celebration of the ending of one period in life and the beginning of another.

We congratulate the graduates on having completed preparation for the great battle of life and wish for them success in whatever line of duty they may henceforth undertake. Many are perplexed with the problem as to what their life work will be, but at Commencement Time this perplexity is momentarily forgotten in the various festivities marking the end of the school career.

We will not join with many in the statement that the happiest time of their lives has passed, for happiness in life is no respector of time but comes when least expected. Although school days are more or less free from cares yet the duties and hardships of the battle of life are often productive of a more lasting happiness and satisfaction than the care free joys of school days.

As to a formula for success, there is none which will fit each individual case but experience has shown that those who follow those good principles, taught at school and at home, will sooner or later acquire success. This success may not come in a financial way but will result in much greater happiness than money or power obtained at a sacrifice of principle and honor.

Pernament Enamel
--Baked on Steel

The wearing qualities of Dodge Brothers Baked Ename Finish have always been a source of wonder and delight to Dodge Brothers owners.

The secret of this durability, which accounts for the car's fresh, glossy appearance after years of wear, lies in the enameling process developed by Dodge Brothers when they originated the practice of enameling steel bodies, eight years ago.

After each coat of enamel the body passes into a system of electrically controlled ovens. There, under an intense heat, the enamel virtually becomes a part of the steel.

So minute is the regulation of these ovens, that baking automatically ceases the instant the proper degree of hardness is attained. Thus, the enamel is neither too soft nor too brittle, and has virtually the same expanding and contracting qualities as the steel body itself.

It is this scientific combination of hardness and elasticity which makes Dodge Brothers Baked Enamel practically impervious to climatic conditions and prolonged usage. It wears and glistens as long as the car owner gives it reasonable care.
