BRICE'S MILL

JOSEPH BRICE, Proprietor.

Bake things he likes with FLAVO FLOUR. It's healthful and tissue building. There is more nutrition and a sweeter taste in FLAVO FLOUR. It is made with a new process by the most modern mill in the world. Nature's food values and the delicious flavor of the wheat are not milled out as they are by other methods. FLAVO FLOUR is milled at home from home wheat. It is good. Buy it and patronize Home Industry.

PORTLAND CEMENT—
a daily necessity

PEOPLE once thought of it for sidewalks only. Today no type of permanent building is erected in which Portland Cement is not an important part—adding to its permanence, its safety, its fire protection.

Your building material dealer knows types of construction, knows materials. Ask his advice on both—he knows the necessities for good building.

What is "STANDARD"?

—that by which others are compared

It is as true of "Standard" Motor Gasoline as it is of the Government yardstick and Troy pound. "It is as good as Standard," says the dealer who does not know where his gasoline comes from. And maybe it is—but you can safely stick to the original. A distillation test will reveal the uniform high quality which has established "Standard" as the all-round pacemaker in quick starting, smooth acceleration and big, economical mileage. "Standard" specifications mean that uniform satisfaction can be bought at thousands of Standard pumps.
